She was built in England for Portugal, but was never paid for and delivered. Her former name was the Diogenes. The delay in fitting her for service has been a constant source of regret to her officers and crew.

—Pres. Coles, a colored street car driver, recklessly drove in front of No. 12 at the Southern depot last night and narrowly escaped being ground under the wheels. He was thrown out and the rear of his carriage demolished. —The Battle Ground celebration Monday was an unqualified success both in point of attendance and interest. The addresses of Judge Douglas, Mr. Z. V. Taylor, Mr. A. B. Kimball and others were gems of eloquence and word painting, coupled with valuable historic data. Judge Douglas, the principal orator of the day, is a speaker of national reputation and his address on this occasion was one of his happiest efforts. We regret that we cannot find room for it in this issue. Fortunately all the addresses are to be printed in pamphlet form and will be preserved in the archives of the Battle Ground company.

—Banks Boon had a narrow escape from death by drowning Thursday evening. In company with several friends he went bathing at the Proximity reservoir and was seized with cramps while near the center of that body of water, which they were swimming across. He went down six times, but managed to hold his breath until the last time. One of his friends who was swimming nearby noticed that he had disappeared and thought at first he was diving. Bob Wharton dived to the bottom of the reservoir, some ten or twelve feet, and brought Mr. Boon to the surface, where he was assisted to the shore and resuscitated without difficulty. Aside from the soreness in his limbs the next day he felt no ill effects from his experience. Only his presence of mind saved his life.

—Death has again invaded the home of Mr. and Mrs. Will G. Crutchfield, taking from them their bright little daughter, Mary Elizabeth, aged eleven months and three weeks. The sweet child died Friday evening about seven o'clock, after a brief illness, and was buried Saturday at six. The funeral service was conducted by Rev. Dr. Weaver. During his remarks he recited the following hymn, the sentiment of which is so beautiful that we print it in full:

Go to thy rest, fair child!
Go to thy dreamless bed,
Gentle, and meek, and mild,
With blessings on thy head;
Fresh roses in thy hand,
Buds on thy pillow laid,
Haste from this blighting land,
Where flowers so quickly fade.

Before thy heart could learn
In waywardness to stray;
Before thy feet could turn
The dark and downward way;
Ere sin could wound thy breast,
Or sorrow wake the tear;
Rise to thy home of rest,
In yon celestial sphere!

Because thy smile was fair,
Thy lip and eye so bright,
Because thy cradle-care
Was such a fond delight;
Shall love, with weak embrace,
Thy heavenward flight detain?
No, angel! seek thy place
Amid yon cherub train.

Mr. and Mrs. Crutchfield have the sympathy of a host of friends in this their second bereavement within the space of a few short months.

—The Raleigh correspondence of the Charlotte Observer contains this item: "A gentleman who spent the 4th at Greensboro says the Battle Ground was a good place to get political news. He tells me there is much bad blood among the Republicans in the Fifth district, and it does look easy for Democrats to carry everything there. Kitchin will have a walk-over, probably 3,000 majority, as none but Tom Settle seems to want the Republican nomination. Judge Adams has made many leading Republicans sore by pretending in some places to want to run for Congress and in others to deny this, and declare he wants to run for judge again. Adams is accused of allowing himself to be used by Tom Settle to defeat Col. Boyd's projects, such as the High Point postoffice, etc. Then again Bynum's friends say Adams is not totting fair, and that he had better look out or they will put a knife into him. And so goes the merry war in the revolutionary balliwick."

The Southern's New Depot.
Mr. D. Getaz, of the firm of D. Getaz & Co., builders and contractors, Knoxville, Tenn., was here Friday on his return from Washington, D. C., where he had just been awarded the contract for building a new depot here for the Southern Railway. Mr. Getaz was aboard the Raleigh train when he was located by the reporters and had time to give only an idea of the character of the new building but from what he inferred and said it will be the finest structure of its kind in the south. It will stand on the site of the old transfer freight shed, just west of the old depot, and will occupy a space of 30 by 160 feet. Stone, Washington hydraulic pressed brick and white terra cotta enameled brick will be the principal materials used in the superstructure, which will be two stories in height with a spacious attic which will be divided into offices. Mr. Getaz expects to begin work on the building next week and has until January 12, 1899, six months, to complete it.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Bedford's Tasteless Chill Tonic.
