—Squire Keith was bound over to court Monday by Squire Eckel, charged with embezzlement. The amount of money involved is small. The case arose over the settlement of an estate of which Keith was administrator.

—Forty-nine pairs of ladies' \$1.25 oxford ties to be sold for 95 cents a pair at Thacker & Brockmann's. Also three dozen pairs men's sample shoes and odd sizes, worth \$3.50 and \$3.00, to be sold at \$1.98. Old fashioned double-seam stitch-downs \$1.25.

—The Southern's old freight shed and the buildings on the south side of Buchanan street next to South Elm are being rapidly demolished to make room for the new depot. The contractor, Mr. Getz, of Knoxville, was here last week to see the work started.

—Work on the foundation for the new kitchen at the State Normal and Industrial College began Monday. The new laundry building will soon be under way and both are to be completed as soon as possible, so as to be available for use the coming school year.

—Wood's new crop turnip seed is on sale at the L. Richardson Drug Co.'s store, at wholesale only. A full line of patents, drugs, paints, oils, stationery, etc., can always be found there. Buy at home, paying Baltimore or New York prices, and save big freight charges. See new ad.

—Burglars seem to have a weakness for Clary's racket store. Another attempt was made to enter the place last Wednesday night but the barred windows at the rear offered more resistance than could be overcome. A few goods near the window were fished out but the loss is not great.

—Mr. J. Clark Anthony, an old gentleman from Sumner township, was killed while walking along the Southern Railway tracks in this city Sunday evening. He was on his way to the county home and was in the act of crossing the short trestle over the C. F. & Y. V. railway when struck by the Winston train, dying in a few minutes.

—When you get ready to buy your new carpet or matting, or anything in the way of rugs or curtains, be sure to look through the extensive stock at Thacker & Brockmann's. And while you are there take time to learn some of their prices on dry goods and shoes. You will be surprised to find how low first class goods are sold by this firm.

—Dr. J. J. Bryan, who located here a few weeks ago, has brought his family on and occupies one of Mrs. John P. Scott's new houses on North Elm street, No. 325. Dr. Bryan has practiced medicine for seven years and comes among us well recommended. He is a graduate of the University of Maryland, Baltimore, and had a year's hospital experience there.

—Mrs. Margaret H. Halyburton, widow of the late John C. Halyburton, died Monday at the residence of Capt. R. C. Dick, in eastern Guilford, aged 93 years, 8 months and 25 days. Deceased was the mother of Capt. A. G. Halyburton, of Asheville, and grandmother of Mrs. R. C. Dick. She was a lifelong member of the M. E. church. Her funeral took place yesterday morning at 11 o'clock, conducted by her pastor Rev. J. B. Tabor. Interment at Bethel.

—Capt. John Whiteley, a well-known and well-to-do farmer living about eight miles south-east of this city, in the Tabernacle neighborhood, died Monday evening at 8 o'clock of heart trouble and was buried yesterday afternoon at Tabernacle, Rev. J. E. Hartzell conducting the funeral service. Capt. Whiteley was an excellent citizen and his death causes profound sorrow. We do not know his age, but presume he was pretty well along in the sixties. He leaves a wife, two daughters and five sons.

—A farmer named Thomas Hart, living near Lineberry station, on the Factory branch of the C. F. & Y. V. railway, was found dead in the woods near his home yesterday morning. He had been out the day previous hauling wood to the station and failed to return. After a search he was found beside his wagon dead. There was no mark of violence about his person and it is taken for granted that he died of heart failure. His team of mules stood beside the body all night. He leaves a wife and several children.

—The Sunday schools of Centenary, Grace and West Market street churches are at Franklinsville today enjoying their annual picnic. The shaded banks of Deep River are delightful places to visit at this season and the excursionists will undoubtedly have a pleasant time.

Notice.
Whereas, my daughter, Miss Florence Smith, a minor, has left my home without my consent and is unlawfully harbored by neighbors against my wishes, I hereby give notice that I will not be responsible for any obligations she may incur and also forbid anyone from feeding or harboring her.
R. J. SMITH.
Julian, N. C., July 19, 1898.

Who is Peter Brown?
A telegram from Philadelphia appearing in this morning's Charlotte Observer says: "A man supposed to be Peter Brown, of Greensboro, N. C., was instantly killed, and Charles Craig, of Attleboro, Mass., was seriously injured to-night by being struck by a locomotive on the Pennsylvania Railroad in West Philadelphia, while beating their way from Baltimore to New York."

—Monday's Republican convention was a regular Waterloo-Manila-Santiago affair combined for Sir Thomas Settle and his henchmen. Not a solitary delegate to the congressional convention did he get. And this right here in his own county, too. Just think of it! Even old Sumner, the banner radical township of the county, exploded a mine under him. Judge Spencer B. Adams is wearing Tommy's congressional sash at his belt, while a few patches of hide and hair may be found under the finger nail of the Glenn faction.

—It affords us pleasure to note the fact that Uncle David Wharton has regained health and strength sufficient to enable him to get out to church again. He attended services at Buffalo Sunday for the first time in several months. On the day following he was ninety-four years and seven months old. He retains possession of all the faculties he has employed to such good uses through his long life and in appearance is yet erect and vigorous. He merits the distinguished consideration of the PATRIOT, having been a subscriber to this paper continually since 1823.

—Mrs. Nancy Hinshaw, an aged widow living a mile south of Pleasant Garden, died Saturday and was buried Sunday. She had suffered a year or more with dropsy, which caused her death. She owned a good plantation on which she had lived alone for several years, or since the death of her husband. By the term of a will executed last fall by Mrs. Hinshaw the plantation is to be sold by her executor, Mr. Thos. Coble, and the money invested, the interest of which goes to a widowed sister during her lifetime, after which the principal reverts to Mr. Coble's two little daughters, grand-neices of the deceased.

—Ed. Smith, one of Capt. Dick Smith's sons, was stricken with paralysis Thursday afternoon out near Summit Avenue, where his father is superintending the rock crushing being done by the city. The young man has been working with City Engineer Richardson for some time and it is presumed the heat brought on his affliction. His arms and legs were completely paralyzed, though he suffered no pain whatever. Neither his body nor mind were affected in the least. After two or three days he recovered the use of his arms and right leg but his left leg remains paralyzed. It is hoped that his complete recovery may soon follow.

Institute at Guilford.
A Farmers' Institute will be held at Guilford College Saturday, August 6th.

The Department of Agriculture will hold one Institute in each of as many counties as possible, and we suggest that the farmers of this county attend en masse, making Saturday, August 6th, a day of profit and pleasure—for we are assured every Institute that has been held has been a profit and pleasure to those who attended.

We expect to have a reporter attend this institute and will try to tell our readers who fail to attend, the outlines of proceedings, &c., but do not hesitate to say now that our report will fall to be of as much benefit to the people engaged in farming as if they attend.

The product of our lands is the mainspring of all our greatness. Let those engaged in the fundamental business, not farming, attend, for, besides the intellectual treat, no place in the county has greater attractions than Guilford College. The farm there, as well as the dairy farm, stable, &c., are all object lessons worthy of careful inspection.

FOURTH ANNUAL MEETING
Of the Greensboro Industrial and Immigration Association.

The fourth annual meeting of the Greensboro Industrial and Immigration Association was held in the assembly hall of the Knights of Pythias building last night. With few exceptions the entire membership of the association was present and it is safe to say that a more encouraging or enthusiastic meeting was ever held by the organized business interests of the city. The presence of the Brockmann Orchestra on this occasion was a new but enjoyable feature. A number of most pleasing selections were rendered during the evening by the organization in a manner that evoked the heartiest applause.

At nine o'clock the meeting was called to order by President J. S. Hunter. At his suggestion the minutes of the last annual meeting were read by Secretary W. E. Stone. Following their adoption Mr. Stone read his annual reports as secretary and treasurer. These had been compiled in an entertaining manner and were adopted without change. The affairs of the association were shown to be in a most satisfactory condition, a fact reflecting credit not only on the officers but the membership as well.

President Hunter's report was then read. It embraced the details of the city's material progress the past year, a most trying one in many respects, but favorable in every particular. Upon motion of Mr. R. W. Brooks the report was ordered printed in all the city papers. It will appear in these columns next week and will be read with interest.

A committee was next appointed to recommend nominations for officers for the ensuing year. Messrs. J. L. Brockmann, R. G. Vaughn and C. E. Holton were named on this committee.

Mr. R. D. Douglas appeared before the association in behalf of the fire department asking that the association join in extending an invitation to the state organization of firemen to hold the convention and tournament here next year. A motion directing compliance with the department's request was adopted and Mr. Douglas was authorized to represent the association at the approaching convention at Goldsboro.

Mr. C. H. Ireland submitted a resolution acknowledging on behalf of the association the consideration shown Greensboro by the Southern Railway in erecting here the finest depot building along the lines of that great system and also in the exceptional freight depot facilities provided. Adopted.

Pending the deliberations of the committee on nominations several gentlemen present, members of the association, were called upon by the chair for brief addresses.

Dr. D. W. C. Benbow spoke on "The Progress and Development of Greensboro."

Dr. W. P. Beall in presenting the "Health Statistics of Greensboro" submitted a number of interesting facts that ought to be presented fully by our newspapers. He would confer a great favor on the association and our people generally by embodying his remarks in an article for publication. Among other things he pointed out the fact that the death rate of our white population the past fiscal year was only 5 1/2 per thousand; the rate on both white and colored was a fraction over 12. The average rate for the United States is about 16. The death rate in cities varies ordinarily from 16 to 38.

Dr. McIver's talk on "Our Educational Facilities and Advantages" was timely and interesting. Education as a factor in the material progress of a town, county, state or nation was never more logically established in argument. The basis of the Doctor's fame as a public speaker, especially in the cause of education, was readily discerned by his hearers last night.

Mr. A. W. McAlister presented some insurance statistics, based chiefly on the business of our local companies, one of which was established during the past year, that made a very favorable showing for new enterprises.

Mr. L. Richardson spoke of the jobbing interests of our city and the advantages they enjoy.

Mr. J. R. Mendenhall spoke briefly of the lumber interests here, which have increased fifty fold in the past seventeen years.

Mr. J. Van Lindley and Jno. A. Young made gratifying statements concerning the growth of the nursery business. Mr. Lindley remarked that the city was crowding so close to him that he had recently been compelled to buy a couple of farms just west of his so as to find room to spread out.

Rev. Dr. Smith took advantage of

"the unusual opportunity of a minister to speak in a business meeting" and made a few appropriate remarks on the spiritual interests of the city. Among other things he said last year was in all respects the best in the history of the churches and the outlook for them is still brighter.

The committee on nominations for officers for the coming year recommended the following, which were unanimously chosen:

President, J. S. Hunter.
1st Vice President, W. E. Stone.
2d Vice President, E. P. Wharton.
Secretary and Treasurer, W. M. Barber.

Executive Committee, R. W. Brooks, W. E. Beville, J. W. Lindau, J. M. Hendrix, Nell Ellington, J. W. Fry, J. Ner-man Wills.

President Hunter gracefully acknowledged the honor of re-election and urged the association to continue the loyal support heretofore accorded its officials.

Before adjournment Mr. Ireland submitted the following resolution, which was adopted:

Having heard of the contemplated move on the part of our county commissioners in providing better facilities for the confinement of our criminal class, be it resolved, That the association assure our enterprising commissioners of our hearty sympathy in the matter of erecting the splendid \$40,000 jail which they are about to inaugurate, and we hereby pledge our earnest endeavor to commit to their care the rebellious and unruly element wherever found.

Lemonade and cigars were served during the evening by Mr. Henry Hunter.

MR. W. D. TROTTER'S DEATH.
Mr. W. D. Trotter, an estimable old citizen of this city, died at his home on South Ashe street at three o'clock last Thursday morning after a lingering illness brought on by the infirmities of age. He had not been able to get around much for several months, still his family and friends were hopeful to the last that he might be spared to them. He was widely known here and throughout the county by reason of his active business pursuits through life. Away back in the fifties he served two terms as superior court clerk. He then followed merchandising for several years and still later was appointed public administrator for Guilford county, which position he retained to the time of his death. He was a representative of the old school of gentlemen. His dignity and honor asserted themselves in every act of his life. As a citizen he maintained the respect and confidence of everyone. A wife, son and daughter survive him. Funeral services were held at his late residence on Thursday afternoon at four o'clock, conducted by Rev. Dr. Weaver. Interment was made at Greene Hill.

There is more Catarrh in this section of the country than all other diseases put together and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.
