For a time he was editor of the Pa-TRIOT, and our older readers remember with what ability and success he conducted the paper. He was a ripe scholar, a vigorous thinker, and a strong and original writer.

He was an earnest christian and a devout member of the Presbyterian church. Never bigoted or selfish, he believed in and practiced practical christianity in its broadest sense. Those in the poorer and humbler walks of life wers the special objects of his care and kindness, and many acts of charity and benevolence were traceable to him. Mr. Caldwell was one of those rare characters who delighted not in having his praises sung to the county as per census-12,169-an inworld, and it was because of this trait crease of 915 over last year, 600 of of modesty that many people never which increase was in the city of knew of his widespread benevelence.

In 1864 he was elected county attorney and served until his retirement from the law. He was a delegate to the constitutional convention of 1865, and in the same year was nominated for constitutional remedies. Deafness is caused by Congresss, but was counted out by Gen. Canby, at Charleston, S. C. In 1872 he was a delegate to the convention that nominated Greeley and Brown for the presidency and vice-presidency, respectively, of the United States, and in 1879 was sent to the State Senate, where he remained one term, and in the same year was appointed a member of the committee chosen to compromise the State debt. At the outbreak of the Civil war,

Mr. Caldwell was engaged in a lucraand like many another Southerner who proved loyal to his people when the test came, yet foresaw too far into future to think that good could come of the disruption of the Union. When his State seceded David Caldwell went with the majority, and in 1861 enlisted in the Confederate army, he being at that time captain of Senior reserves, but owing to the refusal of the Governor to issue his commission, he served as a private. He was refused a captain's commission because of his previous opposition to secession, and because the Governor of the State had overwhelming majority. As a financier, Mr. Caldwell was able and safe. He had arge landed interests, was a stockholder in various railroad enterprises of the State, and was extensively interested in different cotton factories. In 1889 he organized the Bank of which office he held until a few weeks ago, resigning on account of his health. Thomas Caldwell, the father of our subject, was the first clerk of the Superior Court of Guilford county, having been first appointed to that office Mr. Caldwell was much in public by Judge Duncan Cameron, at Maryears he discharged the duties of that important office.
