The Atlantic and Yadkin.

It has been announced by the purchasers of the railroad and franchises of the Cape Fear and Yadkin Valley Railway Company that its name would be changed to that of the Atlantic and Yadkin Railway Company, a corporation to be organized under the laws of North Carolina. We get it from good authority, however, that the name of Atlantic and Yadkin will be only temporary so as to establish the legality of the bonds, and that as soon as the purchasers get possession of the bought road, it will be consolidated with the Wilmington and Weldon railroad. For convenience sake the road will probably be designated as the Fayetteville tranch of the Wilmington and Weldon railroad .-Wilmington Messenger.

X-Rays for Insanity.

CHICAGO, Ill, Jan 28 .- The Roentgen ray is to be used in insanity cases and some Chicago surgeons believe firmly that within a few years the madhouses will be robbed of half of their population through this agency.

Dr. J. B. Murphy will make the experiment on a wealthy young Chicagoan who has for the last six years been a hopeless maniac in Kankakee asylum.

Pictures made with the X-ray of the heads of lunatics have shown that in many cases the patients suffer from tumors pressing upon the brain. In one instance the patient had been pronounced incurable, but Dr. Murphy and other DI physicians believe that could the tumor be removed a restoration of reason would follow.

The Money Came too Late.

New York, Jan. 30 .- A sick and destitute man 55 years old was taken from an East Side tenement house two weeks ago to the Department for Outside Peor. He gave the name of Lawrence Schraeder and he was dying from sheer want of nuritive food. Today a Glazed Sewer Pipe. Clay Flue Pipe. letter addressed to Schraeder was brought to the superintendent of the institution. It contained a check for \$5,000, and had been sent from England as Schraeder's long-delayed share in his father's estate. Schraeder, however, had died and the money arrived just in time to prevent his burial in the potter's field.

JOHN B. FARISS and HOWARD GARDNER,

"I say, neighbor Smith, see that check? I have just sold my tobacce crop, made from nine acres, from ORINOCO GUANO, manufactured by the F. S. Royster Guano Company, Norfolk, Va., for \$1,500, clear check. I have used this Guano for four years and have never failed to get a good crop.

SMITH-"I have heard a great deal about that ORINOCO GUANO and have made up my mind to use it myself next year. I can't stand five-cent cetton; I will plant tobacce."

TOWNESVILLE, NORTH CAROLINA.

HENDERSON SUPPLY Co., Henderson, N. C. DEAR SIRS: I bought of you last season "Orinoco Tobacco Fertilizer," and from another house brand of High Grade Tobacco Fertilizer. My Tobacco from both grew up satisfactorily, and when cured I was of the opinion that there was but little difference in the Tobacco grown by the two brands; but the moment my tobacco was graded and weighed. I at once saw a great difference in favor of that grown by "Orinoco." It was much smoother, tougher and heavier—weighed at least 20 or 25 per cent. more, and sold for about an average of \$1.50 to \$2.50 per hundred more. Anyone could see that the "Orinoco" Tobacco was much the best. I regard it at the head of Tobacco Fertilizers and shall use it. Yours truly,
