

# FARM IMPLEMENTS!

AND

## WHERE TO BUY THEM.

### The Osborne Columbia Mower.

#### CONSIDER THESE FEATURES:

- The new square main frame, cast in one solid piece.
- The great width between the main wheels, straddling the entire swath.
- A crank shaft box, independent of the main frame.
- Flexible cutter bar, which adjusts itself to uneven ground.

### The Osborne Columbia Harvester and Binder . . .

- Low Elevation.
- Main frame and platform frame one piece of steel—no lap joints or rivets.
- Force feed roller to prevent leakage.
- Relief spring taking jar from machine.
- Self aligning boxes.
- The strongest and lightest machine on the market.

### The Osborne Self-Dump Hay Rake.

- Bicycle wheels, strong and durable.
- Patent whiffletree which adjusts the collar to horse's shoulder.
- Floating teeth, which prevents hay from rolling and packing.
- Adjustable for fast or slow horse.
- Reversible dump rods and axle, which double the wear of the rake.

### THE CHATTANOOGA CHILLED PLOW

Is the lightest draft Plow that is made, and will turn land that other chilled Plows fail in. One trial will convince you.

### Osborne Farm Implements:

GREENSBORO, N. C., March 31, 1899.  
Greensboro Hardware Co., Greensboro, N. C.  
Dear Sirs—In reply to your letter concerning the Osborne Binder, I have used three different binders. I think the Osborne the best. I cut 103 acres last year, used a light team and they did the work without jading. I cut 15 acres so rank that I could not peddle the bundle carrier. My machine is in as good condition as it was the day I drove it in the field. Yours,  
N. A. BALLINGER.

GREENSBORO, N. C., March 15, 1899.  
Greensboro Hardware Co., Greensboro, N. C.  
Dear Sirs—The Osborne Reaper and Binder bought of you last season did all that you claimed it would do, and more too, in oats. Yours truly,  
J. E. McKnight.

HILLSDALE, N. C., April 3, 1899.  
Greensboro Hardware Co.  
Gents—The Osborne Binder bought of you last season is all that you claim for it, and in my opinion is the lightest draft, simplest and most durable machine built. And also that I started the machine myself and with great success. Respectfully,  
W. L. Miles.

GREENSBORO, N. C., March 15, 1899.  
Greensboro Hardware Co.  
Dear Sirs—I have in my possession three pieces of D. M. Osborne's Farming Implements—a Mower, Hay Rake and a Disc Harrow. They all give full satisfaction. J. A. M.
