—Jane Black, one of the most notorious colored women with whom the officers of Greensboro have to contend, is again in the toils of the law. She was arrested and jailed a few days ago on a charge of fornication and adultery. There are also several cases against her for selling whiskey, and when the court gets through with her the city will probably be rid of an undesirable citizen.

—Children's Day exercises were observed at the new Methodist church, six miles southwest of Greensboro, in the Groome neighborhood, Sunday, the 21st. The program consisted of songs, recitations, etc., and was exceedingly well rendered. The children showed that they had been well trained. Rev. A. G. —One of the most important features of Harper's Weekly for the coming month is the series of articles on India by Julian Ralph. Mr. Ralph's name is a guarantee that his description of Lord and Lady Curzon in their new and splendid state will be of great interest. The article appears under the title "An American Sovereign," and are fully illustrated by Mr. Weldon. The Weekly also begins a new serial entitled "The Conspirators," by Robert W. Chambers. It is of the same character and fully as clever as the "Prisoner of Zenda."

Dr. Cartland will conduct the business at the same stand and the customers of the establishment will continue to receive fair treatment. We wish for the new proprietor much success.

—Last Thursday a negro by the name of John Black sold a cow to John J. Phoenix, collected the money and spent it in replenishing his wardrobe. Shortly after the transaction Dennis Graves, a resident of Monroe township, came to town looking for a cow which had been stolen from him the night before. He identified the cow sold to Mr. Phoenix as his property and the animal was turned over to him. The officers were notified and in a short while Constable Dave Scott had the thief in charge. He was tried by a magistrate and bound over to court. While awaiting the jurisdiction of the court he is sojourning in that ancient structure known as the Guilford county jail.

**Beware of Ointments for Catarrh That Contain Mercury.**

as mercury will certainly destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by Druggists, price 75c. per bottle. Hall's Family Pills are the best.

**Despondency Leads to Suicide.**  
One of life's tragedies was enacted Monday night, when W. J. Carr, despondent and weary of life's burdens, committed suicide at his home on Smith street. He had been out of work for some time and had been drinking heavily. Monday evening he appeared to be depressed more than usual and made some remarks to his wife about ending his existence. About 8 o'clock he went to his room, and placing the muzzle of a 32-calibre rifle to his forehead, fired the shot that sent his soul into eternity. Physicians were hastily summoned, but could afford no relief, the wounded man dying about 9 o'clock. The remains were interred in Greene Hill cemetery yesterday afternoon at 5 o'clock.

The deceased was formerly employed on a section force of the Southern Railway, but lost his situation on account of drinking. He was later employed on the city street force. When from under the influence of liquor he was a hard-working man, always attentive to business. He was about forty years old and leaves a wife and five children to fight alone the battles of life.
