Deafness Cannot be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars; free.

—The stockholders of the Greensboro Loan and Trust Company, which was chartered by the last legislature, met last Wednesday afternoon and effected an organization. A large majority of the shares was represented in person and by proxy. The charter was accepted by a unanimous vote, as was the report of the committee on by-laws. Fourteen directors were elected as follows: J. A. Odell, R. M. Rees, G. S. Sergeant, R. E. King, John Gill (Baltimore), W. F. Williams (Red Springs), W. D. McAdoo, B. Frank Mebane, Rev. W. L. Grissom, R. Percy Gray, J. W. Fry, J. S. Cox, W. H. Watkins (Ramsour), and O. R. Cox, of Cedar Falls. After the meeting of the stockholders the directors met and elected the following officers: J. W. Fry, president; J. S. Cox, vice-president, and W. E. Allen, secretary, treasurer and cashier. The directors will hold another meeting in a few days and decide upon a location for the new enterprise. It is expected that the concern will be open for business at an early date. In addition to doing a general loan and trust business, a regular banking business will be transacted. The capital stock is \$100,000, which will make it at once a strong financial institution. The directors and other officers are all good business men and will make a success of the enterprise.
