NEIGHBORHOOD NEWS.

Matters of Interest Reported by Our Corps of Correspondents.

McLeansville Items.

Mr. Jack Busick's wife is quite sick with fever.  
Mr. Alex. Montgomery is sick at home with fever.  
Mr. Eli Wilson is suffering considerably from a boil.  
Miss Myrtle May came down from your city visiting relatives and friends Sunday.  
Mr. J. R. Davis and family have returned to your city, he feeling considerably recreated.  
The protracted illness of Miss Clara Tickle does not seem to improve. She is now quite sick, we are sorry to learn.  
Miss Ida Hines came up from Alamance county, where she has been visiting, and is now with her grandmother, Mrs. Lambeth, where she makes her home.  
The sack of flour lost and advertised in your paper has been heard of and the parties will deliver it.  
If you have lost or found anything, advertise in the Patriot.

Rev. Chas. Wharton, son of William Wharton, Esq., is visiting relatives and was at regular services at Bethel church last Sunday, conducted by the pastor, Rev. J. McL. Westbrook.  
Our people have been complaining of the hot weather we have had lately, but appear to be more reconciled since we had a rain last Saturday night, and the air is much more pleasant.

Messrs. Archie McLean and James Donnell left last week for a tour in North Carolina and Virginia. They are traveling in a buggy and will take in all the principal points in their route by the way of Mt. Airy, thence through a portion of the mountains of Virginia. We wish them a prosperous trip. But didn't they have a hot time in a buggy without a top.  
Prof. Charles D. Cobb had a very successful opening of his school. Forty scholars were enrolled, and several more since. He anticipates a larger attendance than last season. It is now a very busy time for farmers, and some are necessarily compelled to keep their children at home to help save the crop, but will have an opportunity as soon as convenient. Labor is quite scarce in this section. We are getting good white croppers. There are several good openings.

It is very surprising that some people are so careless, as so many are continually roving from one place to another, and so many cautions have been given in the columns of this and other papers in regard to stealing. Saturday while Mr. J. W. [Name] and family were out in the field pulling fodder, a "coon" broke into the house and stole a razor, a pocket knife, a finger ring and a gold ear bob, which they prized. Mr. Shaw was passing his way to the house, when he saw the "coon" leaving.

Another Scholarship at Guilford College.

The Woman's Medical College of Baltimore has just established at Guilford College an annual tuition scholarship, to be awarded to lady graduates. This, along with the \$400 Bryn Mawr scholarship, will do much good in the way of helping North Carolina girls in their education.

The opening of the college this year on the fifth enrolled the largest number ever reached on the first day. Many are entering from day to day, and the prospect is good for a large number and for excellent work. The college is fortunate in having among the instructors Prof. T. G. Pearson, who, while a pupil here, did much to develop the museum of natural history. He afterwards graduated at Chapel Hill, did a good deal of work under Prof. Holmes on the coast survey, and was engaged in scientific work at Beaufort during the summer. Mr. Pearson now has charge of the department of biology, and will also add to the collections in the museum, and put the entire collection in good order. Professors Hodgkin and Wilson spent the summer in the summer school at Cornell University, the one in studying English literature, and the other in the study of chemistry.

The reception on Saturday night, given by the Y. M. C. A. to the new students, was held in Memorial hall and was much enjoyed by a large number of students, alumni and friends.

The athletic association is showing much interest in foot ball, and the interest in every department of college work was never so enthusiastic.

On the Sabbath an able and inspiring sermon was preached by James E. Jones, who is now living at the college.

Lego Items.

The turnip crop in this section is almost a failure.

The farmers are now busy with their tobacco and fodder.

We are having fine showers and the weather is much cooler.

We are glad to say that the sick in this community are about all well again.

There is considerable land selling going on in this section, also some building.

B. F. White, Esq., attended a meeting near Winston-Salem Saturday and Sunday.

We are sorry to note that Mr. W. L. Killen and family have moved from this place to Archdale. His wife will teach in the school at that place.

The colored Methodists held a campmeeting at Raleigh's Cross Roads last week. It is said that they had a faith preacher with them who made some wonderful cures. He would not perform on any one that used snuff, tobacco or whiskey. It would probably be a good thing to prevail upon all people to stop using those three things.

Threatened by Famine.

London, September 12.—The Pall Mall Gazette's dispatch from Capetown says the price of food stuffs and other necessities of life is going up at an alarming rate on the Rand, and famine threatens Pretoria and Johannesburg. The feeling of disgust at the flight of the Outlanders' leaders is being more pronounced.
