**Gibsonville's Progress.**

A PATRIOT representative spent an afternoon in the busy little town of Gibsonville last week and was agreeably surprised at the progress there during the spring and summer months, and which manifests itself on every hand. An air of industry and frugality pervades the place, the results of which are apparent to the most casual observer.

Formost in the industrial life of the town are the two big cotton mills. The Minneola mill, of which Mr. J. A. Davidson is the dominating spirit, is enjoying one of the busiest years in its history. It turns out a superior quality of fabrics made from the South's staple and gives employment to a large number of operatives. The Hiawatha mill, of which Mr. B. Davidson is the president and general manager, is in no less a measure enjoying a lucrative patronage. Equipped with the best English and American machinery, it produces yarns that are in demand everywhere and at all times. The plant is operated day and night, yet fails to keep up with orders. Quite recently an addition of 22x45 feet was made to the picker room of the Hiawatha, which adds somewhat to the facilities of the plant. A new two-story dwelling house has also been built by Mr. Davidson near the mill. It is occupied by Mr. M. B. Owen, who manages the store and keeps the books of the concern. A superior class of labor is to be found in both mills.

Mr. W. C. Michael, another of the progressive men of the town, has recently made extensive additions to his woodworking establishment. New buildings and machinery enable him to turn out sash, doors, blinds and in fact most any kind of building material on short notice. He finds plenty to do.

Levi McCauley, 'Squire Alex. Tinkle, Elijah Wagoner, Capt. A. P. Wynne, Jacob Boon, Miss Matilda Gerring and others whose names we did not learn have erected dwelling houses in various parts of town within the past few months. Capt. Wynne's house is on the east side, near the new Lutheran church erected last year.

Rufe Summers and Marion Smith each have new houses that deserve special mention. Mr. Summers has just completed a large store building, with living rooms above, on the north side of the depot square and adjoining the Lutheran parsonage, the home of our good friend, Rev. E. P. Parker. He is getting up material for a new dwelling to occupy a lot in the rear of the store. Mr. Smith is building a handsome big dwelling just south of the railroad and opposite the Lutheran parsonage.

Mr. J. A. Davidson has added some improvements to his residence and has a very attractive home. Mrs. Davidson and the children are at present visiting relatives in Staunton, Va.

A scarcity of water has interfered with work at the gold mine just south of Gibsonville and wells are being dug which may, it is hoped, enable the plant to be kept in operation all the time. The promoters of this enterprise seem to be meeting with some degree of success.

Mr. Huff's flour mill runs full time and gives general satisfaction to his customers.

Seven general stores, a drug store, a hotel, a livery barn and some minor enterprises might be mentioned in this connection, as such always have much to do with the development of the business interests of a town. Three nice churches and a good school are to be found there.

The Southern Railway transacts a large business at Gibsonville through its agent, Mr. C. H. Teague, a clever young man from Franklinville. The passenger traffic at this point is largely increased during the seasons of Whitsett Institute, located but two miles distant.

All in all, Gibsonville is one of the most progressive towns of its size in the South. The country round about is peopled with an intelligent farming class largely of German ancestry. The PATRIOT appreciates its large and growing patronage in that section.

—Walnut Cove Argus: "E. P. Moir, proprietor of Cove Hotel, will move to Greensboro October 1st, and Mr. Hallyburton, of Piedmont Springs, will take charge of the Cove Hotel."

—Two of Randolph county's citizens, Claude Stout and Will Goley, indulged in a little diversion Sunday that will cause them trouble and plenty of it. A feud has existed between the two men for some time and Sunday Stout went on the war-path. He went to Macedonia Baptist church, near Julian, where revival services were being held, and seeing Goley in the congregation he began to shoot at him. Goley returned the fire and there was great excitement for a short while. A number of shots were exchanged, but no one was hurt. The belligerents were arrested and taken to Asheboro for a preliminary hearing.

—Sunday, the 10th inst., was observed as Children's Day at Red Hill Methodist Protestant church. An interesting program had been prepared and the exercises were greatly enjoyed by those present. Rev. A. G. Kirkman's address on "Character Building" was one of the best ever heard by the people of that section. The Sunday school at this church, under the superintendency of Mr. Bowman, is in a flourishing condition.

—Lieutenant Douglas Settle, in charge of the recruiting station at this place, is now enlisting colored recruits for the Forty-eighth and Forty-ninth regiments of infantry, stationed at Fort Thomas, Ky., and Jefferson Barracks, Mo.
