A hundred years and more have passed since the revolution of 1776. Many changes have taken place during that time, but hardly any of so much importance as the changes in Farm Implements. 1899 sees another revolution--while a peaceful one--yet none the less important, and that is the revolution in Drill making. The makers of the "BUCKEYE" Steel Frame Drill are Pioneers in the businesshave been at it for years--and we venture to say that on no other Drill will be found the Conveniences, the Up-to-Date Improvements and "handy" Arrangements which are a part and parcel of the "BUCKEYE."

ANOTHER REVOLUTION!

JUST NOTE THESE!

Strongest and Lightest Frame. Highest Wheels, making light draft. Fertilizer and Wheat Feeders always in sight. "Double Run" Force Wheat and Oats Feeder. Glass Fertilizer Feeders--will not rust, gum or corrode. Of course the Buckeye has many more features distinctly its own, but we will let some of the best and most successful farmers in the county tell you about them. See what they say about it.

- CORPERSE CONTRACTORS =

"Sows as Well Up Hill as Down." GREENSBORO, N. C., July 27, 1899. or down. I drilled on hillsides where a wagon would have turned over, and the drill did perfect work. My repair bill for over 100 acres drilling over all kinds of ground was only 25 cents. Every man I drilled for last season has spoken for the drill do do his work this season. If I was going to buy again I would buy the Buckeye Disc Drill.

"Is More Than Well Pleased."

PLEASANT GARDEN, N. C., Aug. 15, 1899. Wakefield Hardware Co.,

Buckeye. It sows wheat, oats, peas, and all sorts of grain as well as I could wish. I would buy the Buckeye Disc Drill again if I had to get another Yours truly, S. W. Vickory, drill.

Wakefield Hardware Co., Greenshoro, N. C.

1776.

Dear Sirs-Answering your inquiry as to how I like my Buckeye Disc. Drill bought last fall from you, will say that it does all and more than you claim for it. I drilled corn stalks (stalk land) where they were just brushed down, and drilled in pea vines and crab grass where a harrow had never been put on them-just turned. I drilled an acre an hour with it, with a pair of small mules. It covers the wheat so the chickens can't find it. The Glass Fertilizer Feeder is perfect in its work. It drills all kinds of fertilizer without gumming or clogging up, and drills the same quantity up hill

Yours truly, J. R. OZMENT.

"A Perfect Gem."

SUMMERFIELD, N. C., Feb. 6, 1899. Wakefield Hardware Co., Greensboro, N. C. Gentlemen-Replying to yours asking how I like the Buckeye Drill, I have this to say-IT IS A PER-FECT GEM and just as represented by you. JESSE F. HOSKINS. Yours truly,

Greensboro, N. C. Gentlemen-You say you want to know how I am pleased with the Buckeye Disc Drill bought from you last season. I will say that I am more than pleased with it. It has given me perfect satisfaction in every respect and I could not ask for a better drill. It is a very light draft drill, easy to manage and does its work in the most satisfactory manner. I am highly pleased with the Glass Fertilizer Feeders on my drill and in my opinion there is no fertilizer feeder of any other make that will begin to compare with the glass feeders on the

"The Best He Ever Used."

SUMMERFIELD, N. C., Feb. 25, 1889. Wakefield Hardware Co.,

Greensboro, N. C. Gentlemen-The Buckeye Disc Drill that I bought of you is the BEST I ever used, and if I had to buy again I would certainly purchase a Buckere, Very truly, GEO. W. LONG.

If you have any idea of buying a Drill, it will be to your interest to examine the Buckeye, sold in the Disc and Hoe. Write us for catalogue, or better than that, call and see us. Yours for business,

WAKEFIELD HARDWARE COMPANY.

SUPT. MEBANE'S LETTER.

The Source of Funds Should Not Shut the Mouths of Teachers.

Superintendent Mebane has issued a circular letter to teachers and school officials in which he takes a strong stand for the teaching of the evils of the whiskey and tobacco habits, and intimates that some teachers are remise in these particulars because the funds for city schools are derived in dowments of colleges are enriched with money made in tobacco and cigarettes. The letter in full follows :

"To the County Superintendents and Teachers of the Public Schools :

Dear Friends :-- I wish to call your attention to Section 74 of the School Law: "The nature of alchoholic drinks and parcotics and special in-

struction as to their effect upon the human system * * * shall be included in the branches of study taught in the common or free school in the State of North Carolina ; and shall be studied and taught as thoroughly and in the same manner as other like required branches in said schools, etc." "This subject has not received the

CONDITIONS FINE. The Tremendous Corn Crop--

High Prices for Cotton and Cattle.

Baltimore, Oct. 5 .- The one thing which has been lacking to make wellrounded and general prosperity for the South-prosperity for the farmers as well as for the manufacturers-has come, says The Manufacturers' Record, in its weekly review of Southern industrial conditions. The advance in cotton, if the price ruling to day holds, Notice by as it probably will, means that Southeru farmers will receive at least \$75,-000,000, possibly \$100,000,000, more

for this year's crop than for that of last year. This means a great deal to the South ; in fact, to the whole country. The addition of \$75,000,000 to \$100,-000,000 to the value of the South's cotton, the production by the country at large of about 2,500,000,000 bushels of corn, or about 300,000,000 bushels more than the largest crop ever before raised, the high prices which cattle raisers are getting, and the enormous demand for all kinds of [agricultural products by reason of the general employment of the people at good wages, are factors In the business situation, which must have a very telling effect. The fluctu-ations of call money for stock specular ations of call money for stock specula- granted.

NOTICE OF SALE!

I will sell at public auction, at the house door in Greensboro, on Monday, So 6th, 1899, my land situated seven miles east Greensboro and containing 14% acres. Then is a good one and a half story frame building. good log kitchen and a tobacco barn on the place. Also a very good orchard. The place is well watered. There are about 21, acres at young pine timber and a small meadow. B will make a good truck farm. Terms of sile-One-half cash and balance in six monthests per cent. interest.
