Brave Explorers

Like Stanley and Livingstone, found it harder to overcome Malaria, Fever and Ague, and Typhoid disease germs than savage cannibals; but thousands have found that Electric Bitters is a wonderful cure for all malarial diseases. If you have chills with fever, aches in back of neck and head, and tired, worn-out feeling, a trial will convince you of their merit. W. A. Null, of Webb, Ill., writes: "My children suffered for more than a year with chills and fever; then two bottles of Electric Bitters cured them." Only 50 cents. Try them. Guaranteed. Sold by C. E. Holton, Druggist.

The Cost of Living in Greensboro.

There is nothing of more interest to the majority of people than what they eat and the cost of the same. It is particularly so at this season and many good housewives are now carefully estimating the cost of a Thanksgiving dinner. In order to give our readers an idea of what it costs to live in Greensboro, a PATRIOT representative has taken the trouble to ascertain the retail prices of groceries and produce on this market, with the following result:

—Mr. W. L. Miles, of Hillsdale, submits visible evidence of the fact that Capt. P. Wall, of Scalesville, isn't the only man in northern Guilford that can raise turnips. He brought in one yesterday that weighed 7 1/2 pounds, or half a pound more than Mr. Wall's production. Right here we might say that we won't object if this turnip contest lasts indefinitely, as we are developing somewhat of a fondness for this sort of a diet. So long as prize turnips and persimmons last we propose to live high.

—Will Wagoner, a young man employed by Ernest Teague, who lives on the Weatherly farm about two miles south of town, met with a serious accident while driving homeward last Thursday. His horse ran away and hurled the young man out of his vehicle at the Buffalo bridge, breaking his left leg above the knee. The bridge referred to is unsuited to the demands of traffic along that road and should be replaced by a modern structure.

—Orphan's Friend, Oxford: "The L. Richardson Drug Company, of Greensboro, N. C., sent us last week a valuable contribution of drugs and medicines for our hospital. We thank them heartily. We assure our brethren and friends, one and all, that their gifts are appreciated. Such responses as this one received from this progressive Greensboro firm are encouraging."

—Danbury Reporter: "Miss Benbow, of Oak Ridge, came up last Saturday and was examined by Prof. Harris. She expects to teach in the public schools of this county."

SMALLPOX IN THE STREET.

Three Well Developed Cases Found in a Crowd.

Salisbury, N. C., Nov. 21.—Yesterday in Main street—the town full of people, here attending court—three negro men were located by the health authorities with fully developed cases of smallpox. They were immediately hustled to the pest house. All of them were strangers and each refused to give his name or his home.

The county authorities have had a severe tussle all summer with smallpox, and they had succeeded in checking it here, but when we find men broken out with the disease mingling freely in a crowd of people, we may expect to have another siege of it.

It is strange that these negroes will not tell where they are from. If smallpox is their commerce and is being distributed all over the State by tramp negroes, it is time that the health authorities of the State were taking heroic action in the matter.—Raleigh Post.

THE DEWEY HOUSE AGAIN.

Another Transfer Due to the Flood of Indignant Protests.

Washington, Nov. 21.—John E. McLean announced to-day that papers transferring the Dewey home from Mrs. Dewey to the admiral's son, George Goodwin Dewey, had been drawn up and would be placed on record immediately. It is the general opinion that this is the result of universal criticism of the admiral's action in giving it to his wife.

This afternoon's papers here are filled with protests against the transfer of the house to Mrs. Dewey.

BARGAIN DAY

Is What We Want to Talk to You About This Week.

We have introduced what is known in larger cities north as "Bargain Day." On that day everything is sold at a bargain. In other words, it is simply a feast of bargains. We have had two Bargain Day Sales this fall, and our store was simply packed each day from morning till late at night; but our customers were nearly all from town. This was caused from the fact that our country friends, or at least but few of them, knew of these Bargain Days, on account of short notice. So this time we have decided to give our country friends plenty of time to learn of

Our Next Bargain Day

WHICH WILL BE **Friday, Dec. 1st.**

And to accommodate our country friends we will continue the Sale through the following Saturday. Now remember, that everything in our store will be sold at a bargain; and also remember, that PRICES WE MAKE ON BARGAIN DAY WILL NOT BE GOOD ON ANY OTHER DAY. We would advise you not to wait until Saturday if you can attend on Friday. We say this for fear too many might wait for Saturday, and we would have more customers than we could wait on. Such has been the case with us on Bargain Day.

Hoping to see all the readers of the PATRIOT and many of their friends on December 1st and 2d, we remain,
Yours truly,

J. M. Hendrix Co.,

FROM OUR STANDPOINT

Cost is no Consideration,

Value is no Consideration,

Profit is no Consideration.

The objective point of our business at this time is to realize cash from our goods and accounts. We have prices on our stock which ought to move it in the limited time at our disposal. This is our side of the question

FROM YOUR STANDPOINT

Price is some consideration, value is greater consideration. These two elements, combined as they now are in our store, are arguments clear, cogent and convincing. Greater values for less money than you can approach elsewhere. If we have what you want, we can be of substantial benefit to you. Call and see us.
