HORRIBLE ACCIDENT.

IN AGONY HE PRAYED FOR DEATH.

B. F. Long, Jr., Meets With a Distressing Accident. Run Over by the Train—His Arm, Thigh and Collar-bone Broken—Died Last Night from His Injuries.

Durham, N. C., Nov. 16.—B. F. Long, Jr., of Stateville, a student at the University of North Carolina, was run over by a train at University Station this morning. The young man is a son of B. F. Long, one of the best known lawyers in the State.

The young man came over from Chapel Hill to University Station, intending to go down to Raleigh, where his father was attending the Supreme court. While in the waiting room he saw or heard the train from Greensboro approaching and started out to board it. The Chapel Hill train, which was pushing a box car in front of it, struck him and knocked him down. As soon as the train could be stopped it was found that young Long was beneath the box car. One of his arms was wound between the brake rod and axle. His right thigh, left arm and collar-bone were broken, and he is probably hurt internally.

Dr. Haden, of Morehead City, who accompanied the young man, did all he could for him. While lying under the car Long begged the doctor to kill him.

It was found necessary to jack the car up before the injured man could be gotten out. The young man remained under the car about thirty minutes.

He was brought to Durham, and taken to the Watts Hospital, where he now lies. Dr. Haden, with the assistance of Drs. Manning, Carr and Cheatham, has done everything possible for him.

B. F. Long, father of the injured young man, and also Dr. Geo. W. Long, of Graham, an uncle, were telegraphed for. Both arrived this afternoon.

Reaction has not yet set in. He has up to this time been conscious. It is too early to determine whether the injuries will prove fatal or not.

Young Long was very popular with his fellow students and friends, all of whom regret to hear of the accident.

[Young Long died at the hospital in Durham Friday morning. The remains were taken to Statesville for interment.]

Attorneys have put in a claim for \$382,800 for Admiral Dewey and his men for the destruction of the Spanish fleet at Manila.

WILL NOT COME BACK.

General Wheeler Will Not Return to Congress, but Has Decided to Remain in the Philippines—Forwards a Letter to the President.

Manila, Nov. 20.—Gen. Wheeler has decided not to return to Congress. He is writing a letter to President McKinley with a request that it be forwarded to the House of Representatives. In the course of an interview with a correspondent of the Associated Press, he said:

"Congress, if it occupies the first day of the session in passing a resolution declaring in unmistakable terms that the sovereignty of the United States is to be maintained in the Philippines, thus dispelling Aguinaldo's delusion that the anti-imperialists can assist him, will be performing a sacred duty. Such a resolution would save the lives of many American soldiers and of thousands of deluded Filipinos; would avert famine, suffering and desolation from these islands, and would render unnecessary the expenditure of hundreds of millions of dollars."

The people of Cotta Bato, on the southwestern coast of the island of Mindanao, desire the establishment of American government there, and have addressed a petition to General Otis, asking him to send troops.

In relating how they had appealed to the Dato to protect them against the attempts of Aguinaldo's officials to collect excessive taxes, they say in the petition that the Dato, "having compassion for our sufferings and in the interests of peace" publicly beheaded half a dozen of these officials.

IT IS NOW MRS. DEWEY'S.

The Admiral Transfers the People's Gift to His Bride-Elect—The Details.

Washington, Nov. 20.—Admiral Dewey to-day formally transferred to his wife the title of ownership to the house at 1747 Rhode Island avenue and contents, constituting a gift to him made by the people of this country. Two papers figure in the transaction, and they are now on file in the office of the recorder of deeds. The first is a deed in trust by which George Dewey et ux, transfer to John W. Crawford, the consideration being \$1, the west 27 feet of lot 50 and part of lot 51, square 159 in Lathrop's subdivision; also the chattels at 1747 Rhode Island avenue in trust, to convey to Mildred McLean Dewey. The second paper is a deed by which John W. Crawford, as trustee, conveys to Mildred McLean Dewey the property, the consideration being \$10. The transfer was conducted through the District Title Insurance company.

The Democratic state executive committee will meet in Raleigh on December 11th.

AN EARLY CONVENTION.

Democrats Will Probably Hold Theirs in April or May.

Chicago, Nov. 20.—The Democratic National Executive Committee, with Chairman J. K. Jones in the chair, spent most of to-day at the Sherman House discussing matters pertaining to organization, ways and means and the administrative affairs of the organization. The committee will meet tomorrow, and it is expected will get through with the business on hand before night. Nothing was said about a meeting of the National committee, but it is the opinion of most of the executive committeemen that the full committee will be called to meet in Washington February 22nd, and that the next Democratic convention will be held in the latter part of May or the first part of June. Senator Jones would say nothing about calling the meeting.

The committeemen were extremely uncommunicative as to what was done at the meeting. Secretary Charles A. Walsh said the committee had transacted no business of importance, and had only considered administrative affairs.

After the meeting had adjourned, however, some of the committeemen continued the discussion of the probable situation next year. They disclosed the fact that considerable part of the committee's time had been devoted to discussing the probable effect of high prices on the campaign of 1900. It is the purpose of some of the committeemen to organize a bureau of information and education, whose duty it shall be to gather accurate information relating to trusts, cost of manufacturing, selling price to jobbers and middlemen, selling prices to consumers, wages paid and cost of raw material.

They believe they will be able to show that the present high prices are the result of trusts and combinations, and that working men have been given but a small proportion of the increase in selling values. The idea has assumed such tangible form that it is predicted W. H. (Coin) Harvey will be placed at the head of the bureau. None of the committeemen would admit this matter had been discussed. It is proposed to employ a large staff of men to gather information which can be used in anti-trust campaign.

There did not seem to be any disposition to shelve free silver as an issue. All the committeemen said free coinage war in the platform to stay, but none of them said it would be the dominant issue.

Congressman William Sulzer, of New York, appeared before the committee. He said trusts would be the issue in the east. Jas. F. Minturn, of New Jersey, told the committee practically the same thing.

Senator Pettigrew, of South Dakota, and Charles A. Towne, of Duluth, both of them silver Republicans, told the

committee that free silver was still a live issue in their States.

The members of the executive committee in attendance to-day were: Senator J. K. Jones, of Arkansas, chairman; Charles Walsh, secretary; J. G. Johnston, Kansas; H. D. Clayton, Alabama; Thomas Gahan, Illinois; J. G. Shanklin, Indiana; D. G. Campau, Michigan; W. H. Thompson, Nebraska; T. D. O'Brien, Minnesota, and Norman E. Mack, of Buffalo, who held the proxy of George Fred Williams, of Massachusetts. Vice-Chairman W. J. Stone, of Missouri, was the conspicuous absentee. He sent a telegram which said he was sick and would not be able to come to Chicago.

THEY DEFIED THE LAW.

Six Christian Scientists Are to Be Fined and Imprisoned Fifteen Days for Resisting Vaccination—The Case Appealed.

Americus, Ga., Nov. 17.—The cases of the Christian Scientists who refused to be vaccinated were settled to-day so far as the mayor's court can settle them by the sentencing of E. J. McMuth to imprisonment at the city hall thirty days and a fine of \$15. Five ladies of the congregation were sentenced to 15 days' confinement at some place to be designated by the chief of police and to pay a fine of \$3 each. The same sentences of fine and imprisonment will be assessed against such other members of the congregation as may refuse to obey the vaccination ordinance.

Mr. McMuth is a leading merchant of Americus and the ladies involved belong to the best families in the city.

Counsel has been employed to represent the Christian Scientists and their cases will be carried to the Superior Court and will ultimately be carried to the Supreme court of the State if necessary. The cases have caused a great deal of talk throughout this immediate section and there has been no small amount of feeling aroused by the vigorous enforcement of the law.

The Christian Scientists.

Americus, Ga., Nov. 18.—The city council by a majority of two upheld the mayor in the case of the Christian Scientists sentenced for refusing to be vaccinated and the cases have been carried to the Superior court. In the meantime the defendants are nominally under surveillance, though not required to give bond.

Lincoln Journal: A distressing affair occurred near Johnstown Friday. A 5-year-old son of Hamp Queen, during the absence of its parents, got hold of a jug of whiskey and drank a considerable quantity of it. It fell into a stupor from which it was impossible to arouse it, and died the next day.

MR. HOBART DEAD.

He Passed Away at 8.30 Tuesday Morning.

New York, November 21.—Vice-President Hobart died at his home in Patterson, N. J., at 8.30 o'clock this morning.

Vice-President Hobart has been seriously ill for three months and was thought to be dying a month ago, but subsequently rallied, and only yesterday was able to sit up. Members of Mr. Hobart's household were all present when the end came. He passed away quietly.

His improved condition yesterday caused the announcement of his death much surprise.

Shortly before midnight Hobart awoke, spoke a few words—what they were was not disclosed—but immediately became unconscious. Continued in a comatose state balance of night. Physician ascribes his death to heart failure.

Washington, D. C., Nov. 21.—Death of Hobart causes the vice-presidency to become vacant for the rest of President McKinley's term. As law provides no successor, president pro tem of the Senate will be elected by that body until reassembling of Congress and will hold office until March 1901.

Frye, of Maine, who now holds office will preside until successor is chosen. He will undoubtedly succeed himself.

Washington, Nov. 21.—The President's proclamation orders the executive office of the United States closed on the day of the funeral of Vice-President Hobart. All heads of army and navy must display flags at half mast. Representatives of the United States abroad must pay appropriate tribute for thirty days.

MURDERER SHOT.

He Kills One of the Two Sent to Take Him.

Lenoir, N. C., Nov. 21.—On Saturday ex-Sheriff Pritchard and Jacob Blalock, of Mitchell county, attempted to arrest Hunneycut, the murderer of Greer Phillips. Hunneycut shot and killed Blalock, and Pritchard a moment later killed Hunneycut.

Pritchard, who killed Hunneycut, is a brother of Senator Pritchard. This is the second man killed this year by a posse of which he was a member. On the other occasion Mr. Pritchard himself was badly wounded.

Rev. W. H. Dexter, a Presbyterian minister of New York, disappeared from home a few weeks ago and all efforts to locate him seemed unavailable. He left home while mentally unbalanced and came to North Carolina, stopping at Asheville. Last week he regained possession of his mental faculties and returned home.

THE WOMEN TAKE A HAND.

Armed With Rolling Pins, Pokers and Clubs.

Wilkesbarre, Nov. 21.—The wives and mothers of striking miners at the Nanticooke and Glen Lyn districts, at a meeting yesterday determined to induce the non-union miners, who had taken the places of the strikers, to quit work. The women waited at the mouth of the shaft last night to see the non-union men, and induced some of them to promise that they would stay away this morning. The pump runners of the Nanticooke mines opposed the crowds of women and several fights occurred. Constable Corriean fired at a number of the women and wounded a boy. A woman knocked a special policeman senseless with a rolling pin, and injured him severely. The women surrounded the mouths of all three collieries this morning.

The pump runners fought to go through; some succeeded, aided by a policeman against the scratching of the women, armed with rolling pins, pokers and clubs. They say they will not let a man caught in the shaft go to work. Trouble is expected.

A BRILLIANT CAPTURE.

Two Hundred Men and Ten Thousand Rounds of Ammunition.

Manila, November 20.—Capt. Last Hauzer has made one of the most brilliant coupes of war during the contest in the Philippines, the capture of O'Donnell, a well fortified town in the mountains west of Capes.

Capt. Hauzer made a quick night march from a village near by, surprised the insurgent garrison and with little difficulty the natives surrendered their arms.

The force captured numbers two hundred, with ten thousand rounds of ammunition. Several tons of provisions were also captured.

One Filipino was killed. No casualties to the Americans.

SCHLEY'S SAILING ORDERS.

He Will be at Liberty to Go to South Africa if He Chooses.

Washington, November 20.—Directions for the preparation of Admiral Schley's sailing orders were issued to the Bureau of Navigation by the Secretary of the Navy to-day.

Admiral Schley will be ordered to proceed to the limits of his command, inspect the ships under his command. Nothing will be said in the orders about proceeding to South Africa, but as that part of the word is included in the South Atlantic detail, Schley may proceed there if he sees fit.
