While workmen were engaged a few days ago in tearing away Col. James T. Morehead's residence, which is to be replaced by a handsome brick structure, two bottles of very old French brandy and champagne were discovered. The brandy was made in 1803 and the champagne was put away by Col. Morehead in 1859, on the occasion of the marriage of his sister.

—The United States government has filed in the District court at this place a suit against Eugene E. Gray and J. B. The loan was made before the school failed a few years ago and Messrs. Gray and Vaughn were the bondsmen.

—Last week's issue of the Person County Courier said: "We had a very pleasant visit from G. K. Briggs, of Greensboro, last Thursday. He was accompanied by Miss Jennie, daughter of J. D. Briggs, of Bushy Fork, who had spent a month in Greensboro with her uncle. Mr. Briggs, after spending a few days with relatives, and attending to some business matters, returned home."

That Throbbing Headache
Would quickly leave you, if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headache. They make pure blood and build up your health. Only 25 cents. Money back if not cured. Sold by C. E. Holton, Druggist.

—The name of Rev. John E. White. The position will be filled by the Baptist state convention, which meets in Raleigh on December 5th.

—The aldermen of Greensboro have adopted an ordinance, to become effective February 1st, providing that no hog pen shall be located within 200 feet of any residence, well or spring, or within 100 feet of any street. It is generally regarded as a very wise provision, but the enforcement of the law will doubtless meet with considerable opposition from those who care more for the porkers than for the sanitary welfare of the city.

—Rosenblatt & Ellington, the jewelers, whose new adv. appears in another column, are opening up an extensive line of new goods, comprising gold and gold filled watches and jewelry, sterling and silverplated ware of every description, cut glass, etc., and want our readers to inspect their stock. They are located at Rice's old stand, 103 West Market street. Mr. Rosenblatt is an expert in repairing and engraving, and guarantees satisfaction in all such work.

—Monday afternoon revenue officers made a raid on the illicit distillery of J. M. Staley, located near Julian. Mr. Staley was brought to Greensboro for a preliminary hearing before United States Commissioner Trogdon, but on account of the absence of witnesses the hearing was postponed until December 17th. The defendant gave bond for his appearance at that time. The seizure was made by Deputies T. C. McCoy, P. H. Thrash and N. P. Easley.

—A called meeting of Orange Presbytery was held in Westminster church, this city, yesterday for the purpose of dismissing Rev. H. S. Bradshaw to the Albemarle Presbytery and ordaining Rev. J. E. Brown, Jr., of Winston, for the work of the regular ministry. Mr. Brown is a graduate of Union Theological Seminary, of Richmond, Va., and will be pastor of the Mt. Airy Presbyterian church and the Second church of Winston. He preached his trial sermon in Westminster church last night.

—Senator-elect Glenn and Representatives-elect Roberson and Whitaker held a conference here Saturday with the members of the dispensary board, the manager and the attorney to decide when the dispensary should be closed, but were unable to reach any definite conclusion. Some contend that the institution should be allowed to continue until the end of the fiscal year—July 1st. Were that to be done the present board of aldermen would be absolved from the responsibility of issuing license.

—In former days "home-made" clothing was worn by men quite extensively, but of late years the practice has fallen into general disuse. Occasionally, however, there are exceptions, as in the case of one of the ministers attending the Methodist conference which has just closed in this city. While here Rev. Dr. W. H. Leith wore a suit of clothes made in Elkin, where he has been stationed. The wool from which the clothes were made was sheared from the sheep, carded, spun and made up into garments at that place.

—Through mistake Mr. Emsley Fields, a contractor and builder of this city, shot and wounded a young man by the name of Stevens Friday night. Mr. Fields was watching a house he is building, and from which he had been missing a quantity of material, in the hope of catching the thief. Young Stevens had been sent by his father for some bricks to be used in walling a well, and through mistake, it is supposed, he went to the house being guarded, with the result that he received the load of shot intended for the thief. He was not seriously wounded.

Spread Like Wildfire.
When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have had in 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. Sold by C. E. Holton, Druggist."

TOBACCO NOTES.

Items of Interest to the Grower, the Dealer, and the Manufacturer.

Among the well pleased farmers here yesterday was Mr. W. D. Whitesell, of Eilon College, who sold a load for \$90.

Cable Brothers, Guilford county growers, were patrons of the Greensboro market the first two days of this week.

Mr. Harry Dick, a Guilford farmer, was a well pleased patron of this market a few days ago. He sold 495 pounds for \$61.09.

Yesterday a quantity of tobacco that had been shipped from South Carolina was sold on this market. It all brought satisfactory prices.

Mr. Walter Fleming will go to Stoneville within a few days to take a position with Mr. W. J. Blackburn, who is buying tobacco on that market.

Messrs. I. R. and J. L. Cobb, both of Guilford, who were here last week, were so well pleased that they came back yesterday. Both made good sales.

W. H. Case, Esq., and Messrs. R. H. Angel, E. H. Price and A. B. Dillon were among the Guilford farmers who patronized the Greensboro market yesterday.

Among the tobacco growers from eastern Guilford who made good sales here yesterday were Walker & Story, E. M. Huffines, S. W. Cobb and C. and J. S. Clapp.

Washington correspondents express a conviction that no reduction will be given the tobacco interests from the present rate of tax at the coming session of congress.

Among the Rockingham farmers we noticed on the warehouse floors yesterday were Mr. W. H. Brown and the Messrs. Carter, all of whom are always welcomed on the Greensboro market.

Two Stokes county farmers who sold tobacco here a few days ago were Messrs. B. R. Ferguson and W. P. Hicks. The first named sold three grades of wrappers for 13½, 26 and 41.

Another grower who has been attracted to the Greensboro market is Mr. J. M. Shaw, of Alamance county. He sold his first load here today, and it is unnecessary to add that he will come again.

As an evidence of the satisfactory prices that prevail on the Greensboro market, it may be stated that not a single pound has been "taken in" during the present week. But this is a common occurrence on this market.

Sales on the Greensboro market are picking up steadily. This is solely due to the fact that the prices here are equal to what can be obtained on any market, and higher than prevail on many. The breaks here yesterday and today were heavy, and everybody, so far as is known, was pleased. Soon after the sales were over yesterday wagons began rolling in with tobacco for today's sales.

The quarterly statements of the American and Continental Tobacco Companies were made public on last week. The net earnings of the American, after deducting all charges and expenses for management, etc., have been as follows: For one quarter ending Sept. 30, 1900, \$1,591,205.57; for quarter ending Sept. 30, 1899, \$1,331,942.79; increase, \$239,262.78; for nine months ending Sept. 30, 1900, \$4,666,484.16; for nine months ending Sept. 30, 1899, \$3,392,961.35; increase, \$1,273,522.81. The net earnings of the Continental Tobacco Co., after deducting all charges and expenses for management, etc., have been: For quarter ending Sept. 30, 1900, \$788,655.92; for six months ending Sept. 30, 1900, \$2,277,645.39; total net earnings for nine months, \$3,066,301.31.

The following is taken from the Weed, of Louisville, Ky.: Fickle fortune seems strange indeed when we come to look at certain individuals in the tobacco trade of today and compare them with other days. It is a case of up and down, and it seems always the most worthy do not stay up. In writing of Mr. W. T. Blackwell, founder of the Blackwell's Durham Tobacco Company, the Durham Herald, of his home city, has this to say: "Old Man Buck Blackwell was last week elected treasurer of this town, an office that pays something like \$25 per month, and we suppose he was glad to get it. If the old man had one-tenth of what is owing him by men who are living easy around this town, he would forever be put beyond want." As his factory and name have been the making of Durham, it seems the town owes him more than this, at least the American Tobacco crowd does, anyway.
