TOBACCO NOTES.

Items of Interest to the Grower, the Dealer, and the Manufacturer. MARKET REPORT.

The receipts on our market for the past week have been rather light, due mainly to the fact that the farmers have sold out all of their last year's crop except a few remnants which they are now putting on the market

Prices on all grades have been well maintained, with a very active market, and our buyers seem to be anxious for

The condition of the growing crop remains about the same, which is very fair indeed, and we hope to see a good crop harvested this year.

We have heard of a good many people who put in primings last week, but ducts : : : : : : we have not heard how they are succeeding with their cures. We hope, bowever, that their success is abundant and that they will soon bring some

Our buyers have been doing nothing so long that they will pay a good price something to do, and are prepared to quantities and at better prices than ever before.

Mr. S. G. Williams, who has been on the Greensboro tobacco market for sey-

According to the revised figures of the Western Tobacco Journal, the tobacco crop in Kentucky in 1900 was 188 916,512 pounds. That does not exceed much the crop of North Carolina, which runs considerably over 100,000-

The new season for marketing leaf tebacco in the South has begun, and it is a matter of regret that the crop to be handled will not be one to delight the eye to look upon. The weather Dea this year has been all wrong. In this part of the country we have had too much rain, while in the West drought has played havoc.

Mr. R. K. Stanley, of this county, who went to Timmonsville, S. C., last week to take a position as head bookkeeper in the Banner warehouse there, driving through the country in a buggy, writes the PATRIOT: "The crop -"Prof." H. P. MacKnight, who prospects through this section are very created such a stir in High Point re- discouraging. Many farmers have cently, and who suddenly disappeared | made an unconditional surrender to
