We don't claim to sell a dollar's worth for fifty cents, nor do we claim to be able at all times and under all circumstances to sell goods lower than anybody else in the whole world. Far from it. We fully realize that we are not "the whole thing." Still, there are some mighty sound common sense reasons why we are in a position to "under-sell." We pay cash for every dollar's worth of goods we buy, which gives us the benefit of cash discounts and enables us to buy at the lowest possible prices. Our store expenses are the smallest of any house in the city doing the same amount of business. We have been studying the wants of the people living in and around Greensboro ever since 1894 and know where and how to buy goods adapted to this section. Our reputation for first-class, thoroughly reliable merchandise is so well-established that nothing need be added on this point, and solid people who trade at this store year in and year out will tell you we never fail to correct a mistake or "make good" any article bought here that does not turn out right. If you have never bought goods here, give us a trial. If you are an old friend and customer, come again and keep on coming.

Mr. Peter P. Yates, Greensboro, N. C.
My Dear Sir and Friend:—I beg to write and thank you for the good Band you placed on my leg on December 21st, five days ago, when you explained to me the good you could do me. I could scarcely give credit to it, yet I knew you so well I had faith in your remedy. I would say further the rheumatism has disappeared and also the neuralgia from which I have been a great sufferer. I trust you may be the means of reaching the many sufferers in this broad land and be able to bring to them the same good results that have come to me, which I only wish I had known of years ago, and I shall hold to this Band so long as I live and would not part with same for any consideration. Thanking you again, with high regards and very best wishes,
Your friend,
G. E. LEE.

Do not be discouraged. After everything else has failed, wear one of my Bands and be cured. I have hundreds of testimonials from people I have cured, many of them here in Greensboro. Write today for full particulars and terms.
