## HIGHWAY COMMISSION'S REPORT.

Nearly 23 Miles of Roads Built During Past Year, Bringing Total to 60 Miles.

The annual report of the Guilford county highway commission shows that nearly 23 miles of roads were graded and macadamized during the past 12 months at a cost of about \$3,200 a mile. This makes 60 miles of completed macadam roads the highway commission has built, with 20 miles of new roads already designated and on which work has been begun.

Of the \$800,000 bond issue voted by the county five years ago for permanent road work, some \$55,000 of the bonds remain unsold, which, when disposed of, will bring, with accrued interest, in the neighborhood of \$69,000. The commission also has \$20,000 in cash and expects to derive \$10,000 from fees collected by county officers which, under the Gordon bill, goes to the road fund.

The highway commission maintains three camps and separate forces of hands numbering about one hundred men. Value of the equipment of these outfits is estimated to be not less than \$25,000. As indicative of what this equipment consists it may be stated that, besides machinery and tools, the road forces are now working sixty-six mules.

Last month a little over three miles of road was built, and during the rest of the summer the work will probably go forward at a good rate. In the winter a mile a month is considered a good average for the road-builders. When the roads that are now projected have been finished others will be taken up, and the work will go on until all the funds at the disposal of the highway commission have been expended.

Those who constitute the highway commission are: John L. King, chairman; D. H. Coble, J. A. Hoskins, F. M. Pickett, D. E. Wagoner and E. J. Stafford, secretary. The Greensboro Loan and Trust Company is treasurer of the commission, and J. Giles Foushee is superintendent of the road working forces.

IN SOUTH CAROLINA.

Greensboro Baseball Team Spending Week in Palmetto State.

The Greensboro baseball team left Sunday to spend the week in South Carolina, playing Anderson and Spartanburg. Anderson took the opening game Monday by a score of 7 to 3 and defeated Greensboro again yesterday, the score standing 3 to 2.

From Anderson the Greensboro team will go to Spartanburg for three games and will return home for three games with Charlotte here next Monday, Tuesday and Wednesday.

Greensboro lost two of the three games played here with Winston the latter part of last week.

Following is the standing of the clubs in the Carolina league:

	Won	Lost	Pct
Greenville	36	24	.600
Spartanburg	35	28	.556
Greensboro	30	31	.492
Winston	32	33	.492
Anderson	26	33	.441
Charlotte	26	36	.419

Good Theatrical Season.

Announcement is made that the coming theatrical season is to be the best in the history of Greensboro. Many excellent operas and other attractions have been booked and contracts will be made with the troupes in the near future. It is said that more real first-class attractions are coming South this year than ever before, and the very best talent will appear before the theatre going public in this city.

Greensboro is known in stagerland as a city that liberally patronizes worthy attractions and the management does not expect much difficulty in getting the troupes to come this way.

The Grand opera house, which is owned by the city, will be operated next year by Mr. H. H. Tate.

To Take Pasteur Treatment.

Mr. J. W. Cunningham, of Sanford, was in the city last night for a few hours on his way to Richmond, Va. Mr. Cunningham had with him his little boy, Fred, about ten years of age, whom he is taking to Richmond to be treated at the Pasteur institute. The boy was bitten Sunday by a cat which was suspected of having hydrophobia. This suspicion was verified after the cat had been killed and its head sent to Richmond for examination.

## RAILROAD MEN HERE.

Officials of Southern and Queen and Crescent Visit Greensboro.

A party of prominent railroad officials spent yesterday afternoon in Greensboro, visiting various points of interest in and around the city. The party, which is making a tour of inspection over the lines of the Southern and the Queen and Crescent, is composed of the following gentlemen: T. C. Powell, vice president of the Southern and the Queen & Crescent; Geo. P. Biles of Cincinnati, freight traffic manager of the Queen & Crescent; W. C. Rinearson of Cincinnati, general passenger agent of the Queen & Crescent; J. B. Clancy of Cincinnati, commercial agent of the Queen & Crescent; Edward Scriber of Birmingham, general freight agent of the Alabama Great Southern; Paul Wright of Atlanta, traveling freight agent, Alabama Great Southern; R. L. McKellar of Louisville, assistant freight traffic manager of the Southern Railway; R. H. Morris of Cincinnati, commercial agent of the Southern Railway.

While in Greensboro the gentlemen were entertained by Mr. R. H. DeButts, the Southern's ticket agent in this city, and Mr. G. G. Thompson, traveling freight agent. Accompanied by Messrs. Caesar and Julius W. Cone, the visitors were shown through the mammoth White Oak and Proximity cotton mills. They were agreeably surprised to find these large plants running on full time when so many mills elsewhere are standing idle.

The gentlemen left last night for Spartanburg and Asheville. From the latter place they are to go to Cincinnati to attend a conference of railroad men.

Special Meeting of County Commissioners.

The county commissioners held a special session Monday to receive returns from the list-takers of the county and to hear complaints of excessive tax assessments. The tax books from only two townships were returned, and not a single person appeared before the board to make a complaint of excessive assessments. The list-takers who did not take advantage of the special meeting to turn over their books will have an opportunity of doing so at the regular August meeting of the board of commissioners.

The commissioners opened the bids for the repairing and repainting of the court house. There were five bidders, the contract being awarded to Contractor E. R. Brewer. It calls for two coats of paint on the outside of the building, and where the plastering has fallen the damage is to be repaired. The color will be the same as was carried out when the court house was painted before. Mr. Brewer will begin work at once. The inside will not be repainted now.

94 Years Old Today.

Mr. John F. Lyon, Greensboro's oldest citizen, is today celebrating his ninety-fourth birthday. This highly esteemed gentleman is the beloved father of Messrs. T. A. and W. S. Lyon and makes his home at the residence of the latter. He bears well the weight of the years and retains an active interest in the affairs of life, being remarkably vigorous for one of his advanced age.

Jno. L. DWIGGINS.

Republican State Chairman Adams says he is highly gratified that a committee of Charlotte citizens will accompany the delegation that will go to Hot Springs, Va., and invite Mr. Taft to visit in Charlotte and make a speech during the meeting of the Republican state convention. Judge Adams says he has every reason to believe the invitation will be accepted. The convention will meet at noon on Wednesday, August 26th, and it is probable that Mr. Taft's address will be delivered on the following day.

## FARMING ON BIG SCALE.

What Mr. Benbow Saw on Trip to the Southwest.

Mr. Charles D. Benbow, who returned several days ago from a trip through Oklahoma, Arizona and Kansas, talks most interestingly of the big farming he saw on his trip. In the great wheat fields he saw many great machines, drawn by six horses, simply cutting off the heads of the wheat and delivering the wheat already threshed into two bushel bags already for market, and all in one operation with one driver and one extra man helper to lift the bags off the reaper's platform.

In all parts of Arizona, he found great fields of grass and alfalfa, moisture being furnished in this rainless country by means of irrigation, this being made possible by the co-operative private efforts of the land owners joined with the aid of the state and United States government. He spent a night with one farmer, who with four horses and two hired men operated seven hundred acres, on 200 of which he got a yield of 8,000 bushels of corn alone. The alfalfa is harvested and prepared for market entirely by machinery, a greater part of the hay being ground and shipped in sacks instead of being cut or baled in the rough.

At one place Mr. Benbow met a farmer, a native of North Carolina who had gone to Oklahoma, who was grazing 52,000 sheep on cultivated grasses.

Receivers Named for Cotton Mill.

After hearing argument of counsel in the United States Circuit court yesterday, Judge Boyd adjudged the Pomona Cotton Manufacturing Company a bankrupt and named as permanent receivers Messrs. F. H. Fries, of Winston-Salem; J. C. Watkins, of Greensboro, and A. E. Moore, of Gastonia. Messrs. Fries and Watkins were named as temporary receivers on the 7th inst. Messrs. Fries and Moore were appointed receivers by Judge Fred Moore, in Mecklenburg Superior court, at Charlotte, on March 16th. The bankruptcy proceedings were instituted by C. L. Williams, receiver of the City National Bank; J. E. Latham & Co., cotton brokers of this city, and other creditors.

Pending a sale of the property, it is said the mill may be put in operation. It has been idle for the past six months.

Mr. Ireland Predicts Taft's Election.

Considerable comment has been occasioned by the publication in the Industrial News of an interview with Mr. Charles H. Ireland predicting the election of Taft over Bryan. Mr. Ireland, who is one of the most prominent business men in the city and a former chairman of the Democratic executive committee of Greensboro, is quoted by the News as saying that Bryan is a "hundred years ahead of his day and generation, and I have no more idea that he will be elected than that I will not go home for my supper tonight."

The Democrats who have picked out the Greensboro postoffice as a nice berth to occupy during the Bryan administration, as well as many other faithful party workers, do not agree with Mr. Ireland's views.

Mad Dog Scare at Guilford College.

A mad dog gave the people of the Guilford College section a bad scare Sunday and bit a number of other dogs before it was killed. The dog, which belonged to Mr. Joe Worth's family, disappeared from home Saturday and returned Sunday. The first evidence that anything was wrong was seen when the dog attacked a cat. In a short time the rabid animal attacked and bit a large and vicious bull dog in the neighborhood. The dog followed the public road in the direction of Greensboro as far as Mr. C. A. Boren's place, where it was shot and killed by Mr. Boren.

This is the second mad dog scare at Guilford College during the present season.

Rev. Dr. G. H. Detwiler and Mr. Charles H. Ireland spent yesterday in Winston-Salem attending a meeting of the trustees of the orphanage to be established near that city by the Western North Carolina Conference of the M. E. Church, South. Rev. Dr. T. F. Marr, presiding elder of the Winston district, was elected superintendent of the orphanage.
