REPUBLICANS NAME MOREHEAD. FAIR WILL BE THE BEST EVER.

Wealthy Manufacturer to Oppose A. L. Brooks for Congress.

The Fifth district Republican convention met in Greensboro last Wednesday afternoon and nominated by acclamation John Motley Morehead, of Spray, a cotton and woolen goods manufacturer, for Congress, and John T. Benbow, of Winston-Salem, a young lawyer, for district elector. No other names were presented to the convention. All the counties were represented, save Caswell and Granville, and the delegates were a well-groomed, prosperous looking body of men. The convention was dull and listless, little or no enthusiasm being manifested in the proceedings, this probably being due to the fact that there was no contest.

The convention was called to order soon after 2 o'clock by the district chairman, Mr. John T. Benbow, of Winston-Salem, who named Mr. W. D. Merritt, of Roxboro, as temporary chairman. Later Mr. Merritt was made permanent chairman. No temporary secretary was appointed and the convention failed to elect a permanent secretary, the duties of that office being performed by Mr. J. Zeb Waller, postmaster of Burlington and secretary of the district executive committee.

Chairman Merritt made a short speech predicting the election of a Republican congressman from this district, and was followed by Mr. C. A. Reynolds, postmaster of Winston-Salem, who lauded all the Republican candidates and praised everything in the national and state platforms. He said the nomination of Mr. J. Elwood Cox for governor appeals strongly to the business interests of the state and predicted that he will receive the votes of thousands of men who have formerly voted the straight Democratic ticket. Referring to the local self government plank in the Republican state platform, Mr. Reynolds declared his belief that any county should have the privilege of voting on the question of prohibition.

When the secretary called the roll for nominations, Alamance county, through Mr. B. S. Robertson, yielded to Rockingham, and Mr. Gilliam Grissom, of Spray, placed the name of Mr. John M. Morehead before the convention for the nomination for Congress. The nomination was seconded by Mr. E. S. W. Dameron, of Burlington, who came to the convention an avowed candidate for the nomination, and Mr. G. S. Bradshaw, of this city. The other counties fell in line, and when Surry was reached a motion was made and carried that the nomination be made by acclamation.

Mr. John T. Benbow was named for elector by Mr. E. A. Ebert, of Forsyth, and the nomination was seconded by all the other counties and made unanimous. Mr. Benbow accepted the nomination in a short speech.

Mr. Morehead, the nominee for Congress, did not attend the convention. Mr. Cox, the candidate for governor, was in the city, but did not attend the convention.

Everything to be on Bigger Scale Than Ever Before.

The officials of the Central Carolina Fair Association are making preparations for the big fair in October, which is expected to be a record breaker in every particular. There will be more and better exhibits than ever before; the attractions will be more numerous and of a higher order, and the accommodations will be more inviting.

The poultry building, which was burned a short time ago, will be replaced by a larger and better structure. The new building will be 50 by 100 feet and well arranged for the purpose it is to serve. An agricultural building the same size is to be erected on the west side of the fair grounds, on land recently acquired by the association. Both of these buildings will be completed in ample time for the fair.

Work on the extension to the main exhibit hall is progressing satisfactorily and will be finished in a short time.

The fair grounds are considerably larger this year than last, the association having bought six acres more land and moved the fence on the southwest side back so as to take in a good part of the purchase. The railroad track within the grounds will be moved back to the new fence and a large space will be left in which the midway can spread itself.

When the fence was moved back it took in a nice grove of young trees, and a good part of this will be used for a hitching lot and the space between the gate and exhibit hall, hitherto used for this purpose, will be kept clear of vehicles and horses. Secretary Daniel says there will be a large number of race horses here this year and that it will be necessary to build additional stalls to accommodate them. Already more than one hundred have been entered for the races. In addition to the races, there will be a number of free attractions, such as the Demorest wild west show and the New York equestrian combination performance. This latter show consists of twelve acts in which four female riders and eighteen horses take part.

WARRANTS ISSUED IN AUGUST.

Increase in Drunkenness, Larceny and Disorderly Conduct.

During the month of August 112 warrants were issued by the police department of Greensboro, this being an increase of 20 over the number issued in July. The report shows an increase in drunkenness, larceny and disorderly conduct. There is a decrease in nearly all other crimes.

There were twenty-three cases in which the defendants were charged with drunkenness in some form as against nine cases in July. There were eighteen cases of larceny against twelve during the previous month. Eighteen persons were charged with disorderly conduct during August against ten cases in July for the same offense. There were 18 cases in which the defendants were charged with assault, while in July 21 warrants were issued for offenses of this kind.

Whiskey Prescriptions in August.

The report made by the chief of police of the whiskey and beer prescriptions filled in Greensboro during August shows that 396 prescriptions were written by 60 physicians. The largest number of prescriptions written by a physician was 44 for whiskey and nine for beer, the total amount prescribed being 12 3/4 pints of whiskey and 7 3/4 dozen bottles of beer. From this the number dwindles on down to one prescription for beer, two bottles being the quantity prescribed. The largest number of prescriptions written by a physician in July was 35, 29 3/4 pints of whiskey being the quantity prescribed. The smallest amount was a prescription calling for one-eighth of a pint of whiskey.

Many Coming From Indiana.

Mr. D. L. Elliott, president of a society of former North Carolinians residing in Indiana, has written Mr. G. S. Bradshaw, president of the board of managers, that the North Carolina colony in the Hoosier state will be well represented at the centennial. The society has appointed a committee to advertise Greensboro's centennial and home-coming week among the North Carolinians and descendants of North Carolinians in Indiana, and the indications are that a big delegation will come to Greensboro from Indiana. The railroads have offered very attractive rates, and the C. & O. road is arranging to run a big excursion from some point in Indiana to Greensboro.

Simultaneous Revival Meetings.

The revival meetings to be conducted simultaneously in a majority of the Greensboro churches will begin Sunday, September 20th, and continue as long as the interest may warrant. In addition to services each night in the various churches, a union noonday meeting will be held for men and a like meeting for women in the afternoon. The services for men will probably be conducted by some visiting minister and quite likely the business houses will be asked to close from 12 to 1 o'clock. The services in the various churches will, it is understood, be conducted by the pastors of the churches.

The directors of the Young Women's Christian Association have decided to secure a store room and serve luncheons during the centennial. The directors are also arranging to have a "tag day" during the first week in October. The boarding home for young women will be opened about November 1st.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the Local. Dr. Shoop's Restorative, the Constitutional. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, cases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

Read the Following Unsolicited Testimonial

Pomona, Guilford County, N. C.,
March, 27th, 1908.

Mr. Sides,
Dear Sir:
I am thinking you would like to hear how I am getting along after using the new remedy you and Mr. Yates so kindly had me to use. After nearly four months of suffering with rheumatism and kidney complaint, and everything done for me which only relieved for the time being, I am now using the Band, which seemed to help me at once. At the time my feet, knees and hips were so swollen that I could not walk a step. As soon as I put it on there was a heating sensation all over my system, and in one week I was surprised that the swelling was going out, and I could sleep. In two weeks I could walk around the room, the third week I could go where I pleased. I feel stiff in my knees somewhat, but that is going out fast. You may think this is quick work, but it is nevertheless true. My family and neighbors will testify the same. They all know I have suffered all winter, and I feel very grateful to you both, for what this remedy has done for me, and will recommend it to all suffering as I have.

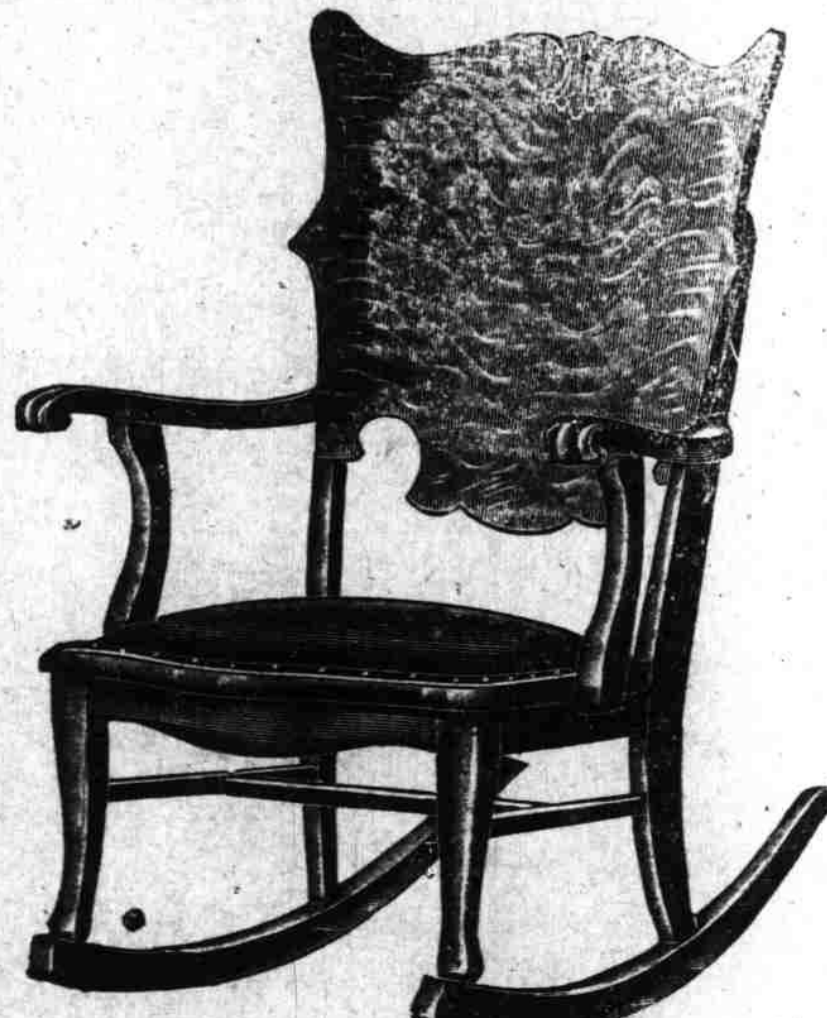

(Signed) Respectfully yours, A. D. V. LEIGH.

Why don't you profit by the experience of others? Your family doctor is all right, and will do all he can for you, but he cannot cure that rheumatism. I have cured hundreds of hopeless cases with my wonderful Band, dozens of them right here in Greensboro, and in Guilford county. Write today for full information and terms.
