GUILFORD STILL IN THE LEAD

COUNTY SUPERINTENDENT OF HEALTH TO BE EMPLOYED.

Commissioners Take Another Forward Step and Make Appropriation to Secure Services of Competent Physician to Safeguard Health and Sanitary Conditions—Duties of the Office Outlined—Superior Court Jurors Drawn.

Guilford county comes to the front again and establishes anew her primacy among the sisterhood of counties in North Carolina. The recent session of the legislature passed a bill empowering the county commissioners with authority to employ a competent physician to act as county superintendent of health and sanitation, and at their monthly meeting Monday the commissioners made an appropriation of \$2,500 to pay the salary and expenses of this official. Guilford is the first county in North Carolina, if not in the entire South, to take this advanced step, and thereby scores again in the race of progress.

The act creating the office of county superintendent of health establishes a new county board of health to be composed of the chairman of the board of commissioners, the county superintendent of education, the mayor of Greensboro and two physicians to be chosen by the board. The board of health will be elected. A number of physicians both in and out of Greensboro have applied for the position.

The superintendent is to devote his entire time to the work of safeguarding the health and sanitary conditions of the county, with special reference to the public schools. His duties are prescribed as follows by the act creating the office: "The duties of the county superintendent of health shall be to make the medico-legal post-mortem examinations for the coroners' inquests, to make examination of lunatics for commitment, to render professional service to the sick inmates of the convict camp, jail and county home upon request of the superintendent or the keeper of these institutions and to determine the nature of any particular disease, upon the request of the quarantine or deputy quarantine officer; to make monthly inspections of the aforesaid institutions.

We are ready for you. As soon as you are through, drop in and get that new buggy or carriage. Three carloads just arrived at prices right. M. G. Newell Company.

You will be pleased if you let us supply your furniture wants—pleased with the goods and pleased with the prices. We buy right and sell right. Medearis-Jones Furniture Company.

ENGINEER IN BAD ACCIDENT.

R. B. Ferrell Caught Under His Engine South of the City.

Mr. R. B. Ferrell, of this city, a Southern Railway locomotive engineer, is in St. Leo's hospital recovering from injuries he received in an accident near Vandalla Saturday afternoon. Engineer Ferrell, Fireman C. N. Conrad and Conductor Stephen Crews were taking an engine to Climax, on the C. F. & Y. V. road, to bring the Sanford-Mt. Airy train to the city, the engine on this train having failed. When near Vandalla the engine suddenly turned turtle, the engineer being caught beneath the cab. Conductor Crews was on the tender at the time and jumped, escaping with slight bruises. Fireman Conrad was also caught beneath the engine, but only one hand was injured, and this was not serious. The engine was running backwards and was going at a fair rate of speed. The wheels of the tender left the track and caused the engine to overturn.

Mr. Ferrell's arms were pinioned against his breast and another portion of the locomotive rested on his legs. He was rescued by tunnelling beneath his body and allowing him to drop from under the awful weight resting upon him. Luckily he did not rest against the boiler and was not seriously burned, although escaping steam scalded his legs painfully. A relief train went down from Greensboro as speedily as possible, and willing hands worked with might and main to rescue the suffering man. Several times the imprisoned engineer directed the work, telling the men how they could work to the best advantage. As soon as he was released the injured man was placed on board the train and brought to the city, and conveyed to the hospital, where he was attended by the local surgeons of the Southern, Dr. E. H. Michaux and Dr. A. R. Wilson. It was found that both arms were broken at the wrist and his lower limbs were badly bruised and lacerated.

Other Business Transacted.

A petition was received for the opening of a public road in Rock Creek township leading from a point on the macadam road near E. E. Boon's mill box to the public road leading from Gibsonville to McLeansville, intersecting the same near Waggoner's siding. The petition was ordered advertised and will come up for action at the June meeting of the board.

Paul W. Schenck, president of the Guilford Pattle Ground Association, appeared before the board and presented an application for a sand clay road to run through the Battle Ground property, starting from the Guilford College side. The commissioners took the matter under advisement.

C. L. Sockwell was appointed tax assessor for Washington township in place of Cornelius Zimmerman, who declined to serve. John Donnell was appointed assessor for Gilmer township inside in place of M. C. Workman, who resigned the position.

The board made an appropriation of \$50 to the Greensboro Chamber of Commerce to be used in advertising the resources of the county.

Superior court jurors were drawn as follows: For the civil term to convene June 5—James A. Shepherd, Q. C. Boon, Robert Reitzel, J. R. T. Caffey, W. H. Gray, C. C. Neece, I. R. Troxler, M. G. RESULT OF CITY ELECTION.

Greensboro Now Under Commission Form of Government.

The first election under the new charter providing a commission form of government for Greensboro was held Tuesday and resulted in the election of the following: Thomas J. Murphy, mayor and commissioner of finances; E. A. Erown, commissioner of public safety; J. Giles Foushee, Jr., commissioner of public works. These three men are to have charge of the municipal affairs of Greensboro for the next two years, devoting their entire time to the duties of the offices to which they have been elected. The mayor is to receive a salary of \$2,600 a year and the other two commissioners salaries of \$2,400 each.

The election passed off quietly and orderly. While the candidates and their friends were active, there was no display of ill feeling around the polls, although some bitterness had been injected into the campaign subsequent to the primary. The total vote polled was 1,456, which was only eight less than the primary vote on April 24. The total registration was 1,719.

Judge N. L. Eure was re-elected judge of the Municipal court without opposition, receiving 1,109 votes. The vote of the other candidates were as follows:

Mayor—T. J. Murphy, 779; S. H. Boyd, 650. Murphy's majority, 129. Commissioner of public safety—E. A. Brown, 876; J. R. Cutchin, 535. Brown's majority, 341. Commissioner of public works—J. G. Foushee, Jr., 1,064; W. T. Sergeant, 360. Foushee's majority, 704. The board of aldermen held a final meeting yesterday and formally turned over the government of the city to the three commissioners. The commissioners will meet today and probably elect a few of the minor city officials, though doubtless several days will elapse before all the positions are filled. Greensboro's experiment with the commission form of government will be watched with interest by the entire state.

Orange County Man Dies Here.

Mr. James A. Cheek, of Hillsboro, a well known and influential citizen of Hillsboro, died at the home of his son, Mr. J. Clyde Cheek, in this city Tuesday afternoon, following a severe illness of two weeks. The immediate cause of his death was pleurisy. He came to Greensboro for treatment at St. Leo's hospital, but became too ill to be removed from his son's home. The body was carried to Hillsboro yesterday morning for the funeral and interment, the services being held at the Presbyterian church of that place at 4 o'clock in the afternoon. Mr. Cheek was 69 years old and is survived by his widow, two sons and a daughter. He was a Confederate veteran and had long been conspicuous in the affairs of Orange county. He served three terms in the legislature and filled other positions of trust.

Whiskey Sale Enjoined.

In the matter of D. C. Foster and N. Glenn Williams against George H. Brown, collector of internal revenue in the western district of North Carolina, in which the plaintiffs asked the court to restrain the collector from selling a large amount of whiskey seized by revenue officers at Williams, Yadkin county, the bond previously given having been called invalid, Judge Boyd has ordered that the collector be enjoined from proceeding to further advertise or sell the spirits. Judge Boyd found that no contingency affecting the validity of the bonds had arisen and that they are still in force, and the United States Fidelity and Guaranty Company, of Baltimore, being the surety. District Attorney Holton has been given 30 days in which to file exceptions.

Mr. and Mrs. C. T. Weatherly Bereaved.

Miss Clara Belle Weatherly, the bright 16-year-old daughter of Mr. and Mrs. Charles T. Weatherly, of the Pleasant Garden community, died last Thursday morning at 10:30 o'clock at St. Leo's hospital, to which place she had been brought for an operation. Death came soon after she reached the hospital and before final arrangements could be made for the operation. She was ill a week and a day and suffered greatly, her ailment being a recurrence of an affliction she suffered when less than three years old. The funeral and interment took place at Pleasant Garden Methodist church Friday afternoon at 3 o'clock, the services being conducted by Rev. J. A. Sharp.

Sheep and Dogs Killed at Guilford.

A short time ago dogs killed and fatally injured a flock of 16 sheep belonging to Mr. Roy Edgerton, of Guilford station. All the devilmot was done in one night and the blame was laid upon two dogs of the neighborhood that had previously borne good reputations. The two canines were killed, and since then several other dogs in the vicinity have met sudden death, evidently by the poison route.

As Old as the Ages.

It is a truth as old as the ages that "water once past will never run again," and the moral is made plain in the illustrated advertisement of the Home Savings Bank on "the next page of this paper." The bank is the place for your money—and the Home Savings Bank is as safe as the safest bank in the country. In addition, the Home Savings Bank pays 4 per cent interest, compounded quarterly. An easy way to save and make money.

The Benefits of a Savings Account

The benefits accruing from a savings account are manifold. The interest received is the smallest benefit produced. To lay aside a "snug little sum for a rainy day" is a commendable undertaking, and certainly worth all the effort any savings account ever required, when the "rainy day" comes. But satisfying as these benefits are, they have not the merit that comes of the training acquired in successfully conducting a savings account. To have learned the principles of economy is to have your independence and happiness assured. Such are some of the great values of a savings account. This bank encourages such accounts by paying 4 per cent interest on them, compounded four times a year.

Checking accounts in any amount cordially invited.

Please call at the bank when you are in town.

THE CITY MADE MONEY.

Profits of Water and Light Commission For the Past Year.

The last regular meeting of the board of aldermen prior to turning over the affairs of the city under the commission form of government was held Friday afternoon, when several matters of a routine nature were attended to. The only matter of public interest coming before the board was the filing of the final report of the water and light commission.

The report showed that during the year the receipts for water rents had been \$35,017.62. The operating expense was \$19,116.24. The commission had a cash balance of \$19,674.26 on April 1, 1910, while on April 1, 1911, there was a cash balance of \$31,990.86. In addition to this, \$2,635.35 was spent in permanent improvements.

The commission recommended that the work of erecting a new building and installing a steam plant be done this summer, it being estimated that this would cost approximately \$22,000. It was also recommended that the city sink a number of wells at Reedy Fork and use the water secured from these wells instead of from the river. The water coming from the wells would be filtered by natural methods and would be absolutely pure and clear as crystal.

Communion Services at Buffalo.

The regular spring communion service will be held at Buffalo Presbyterian church next Sabbath morning, May 7. Preparatory services and the first quarterly meeting of session will be held Saturday at 11 A. M.

Your Money

What are you doing with it? It is not safe if you are carrying it around in your pocket or keeping it in your home. If you will deposit it in our bank, it will be absolutely safe, and you can pay your bills by check, which is more business-like than handling the cash. If your money is deposited in our Savings Department, we will pay you 4 per cent interest, compounded quarterly.
