

Greatest Malaria Remedy Known.

Goes Right Into Your Blood and Drives Out Every Particle of Poison From Head to Foot.

S. S. S. Quickly Puts Vim and Energy Into You.

It is truly remarkable how much better you feel in just one day after using S. S. S. for malaria. This wonderful remedy is a natural antidote. It puts strength into your spine, enlivens all your nerves, makes good red blood rush through your arteries, makes your pulse throb with new energy, you breathe freely, think right, enjoy meals, laugh heartily and your step has a briskness and vigor that makes you feel fine all over.

Go into any drug store today and get a \$1.00 bottle of S. S. S. Don't move around with that malarial blood disease. The most depressing, most disheartening plague that infects us. You can feel just as bright, just as vigorous, just as hearty as when a youngster if you will use S. S. S., for it goes right into your blood and begins work in five minutes. You will always bless the day you began using S. S. S., for it is absolutely pure and is the greatest blood cleanser ever known.

If you are rheumatic, have eczema, or are troubled with an eruptive blood disease, write for special medical advice to The Swift Specific Co., 137 Swift Bldg., Atlanta, Ga. Do not fail to get a \$1.00 bottle of S. S. S. today at the drug store and drive malaria out of your system.

Farms For Sale

BRIEF ITEMS OF GENERAL NEWS

A Week's Events of More or Less Interest to the Public.

The navy department has been notified of the death at Atlantic City of Chief Engineer Isaac H. McNary, one of the few surviving officers of the navy who entered the service at the outbreak of the civil war. He was born in New York 75 years ago and retired in 1894, while chief engineer of the Mare Island navy yard.

The engagement of Miss Nell Grant, of San Francisco, a granddaughter of General U. S. Grant, to Lieutenant Commander William Piggor Cronan, of the United States navy, has been announced by Miss Grant's mother. Lieutenant Commander Cronan commands the destroyer Joutett, now in Hampton Roads. Miss Grant is the daughter of Jesse P. Grant.

Final appraisal of the estate of John Jacob Astor, who went to his death on the Titanic, fixes the value at \$87,216,691. This is approximately \$10,000,000 more than the tentative appraisals and the assessed valuation indicated the estate to be worth. The portion of the estate allotted to William Vincent Astor, son of Col. Astor, is valued at \$65,603,547. Mrs. Ava Willing Astor, divorced wife of Astor, gets \$787,397. Madeline Force Astor, last wife of Astor, gets \$1,095,792.

An anti-alien land ownership bill, designed primarily to prevent Japanese from acquiring title to real property within the state of California, but so worded as to prohibit any alien from owning land more than one year except upon a declaration of his intention to become a citizen, has passed the lower house of the California legislature by a vote of 60 to 15. The legislation is causing some embarrassment at Washington, as the Japanese government is protesting against the enactment of the law.

The case of Frederick Brown, alias J. C. Grant, a negro who is wanted in South Carolina for murder, is now pending in the courts of Pennsylvania. The statement attributed to Governor Please, of South Carolina, that he would not call out the state troops to protect a negro, is "figuring in the case. Governor Tener, of Pennsylvania, granted requisition papers to take the negro to South Carolina. Attorney G. Edward Dickerson, of Philadelphia, said to represent the National Association for the Advancement of Colored People, and the constitutional League, objected on the ground of the South Carolina governor's alleged attitude and faulty points in the indictment. The negro is held in the county jail at Philadelphia on a writ of habeas corpus.

Hydrophobia and Food.
 The Statesville Landmark told in a recent issue of a cow belonging to Mr. M. S. Hedrick, of Loray community developing a case of hydrophobia. Use of the milk was discontinued as soon as it was discovered that the cow was sick, which was two days before she was killed. Mr. Hedrick was uneasy, however, about the use of the milk prior to that time, and Wednesday he telegraphed Dr. C. A. Shore, who is in charge of the Pasteur treatment in Raleigh, for information. Dr. Shore answered as follows:

"So far as known hydrophobia cannot be conveyed from food."
 This was a relief to Mr. Hedrick and the information will be of benefit to others who may find themselves in a similar situation.

Recommended For a Good Reason
 Because they cured him of kidney and bladder trouble, C. H. Grant, 230 Waverly street, Peoria, Ill., tells the result of his taking Foley Kidney Pills. "Backache and congested kidneys made me suffer intense pain. Was always tired and floating specks loitered me. Took Foley Kidney Pills and saw big improvement after third day. I kept on until entirely freed of all trouble and suffering. They cured me." They are tonic in action, quick in results. Conyers & Sykes. adv.

Gambling Worse Than All.
 In a recent speech in Philadelphia on the benefits of religion and the necessity of training the young, Secretary of State Bryan told his hearers how a dislike for swearing, gambling and drinking had been impressed upon him by his parents in his early days. This dislike, he said, has continued ever since.

"Gambling," declared Mr. Bryan, "is even more demoralizing than drink and harder to defeat. The gold cure may take the taste for liquor out of a man, but only God can take the curse of gambling out of a man's heart."

Rheumatism as a result of kidney trouble, stiff and aching joints, backache, lumbago and sore kidneys, all yield quickly to the healing and curative qualities of Foley Kidney Pills. They regulate urinary irregularities, and restore normal action. John Veltbert, Foster, Cal., says: "I suffered many years with kidney trouble and could never get relief until I tried Foley Kidney Pills which effected a complete cure." Contain no habit-forming drugs. Conyers & Sykes. adv.

"Some" Whiskey.
 According to a news correspondent of the Greensboro Daily News, since the search and seizure law and the Webb bill went into effect, the local office of the Southern Express Company, at New Bern, has greatly resembled a big liquor warehouse. Formerly much of the whiskey coming to this city was shipped by freight and a visit to the warehouses a few weeks ago would have convinced the most skeptical that there was "some" whiskey consumed hereabouts. Now the railway companies are not handling any large shipments of liquor and consequently the bulk of the business has gone over to the express company. Week before last it was estimated that there were 2,000 gallons of whiskey sent to New Bern from Norfolk and Richmond, and last week bid fair to eclipse this record. The express company issued 92 money orders in one day to whiskey houses and the postoffice issued 97 money orders.

Is This Discrimination?
 A decision of importance to tobacco manufacturers has been made by the inter-state commerce commission, which has granted the application of a number of railroads to establish a rate of \$1.75 per hundred pounds for the transportation of plug tobacco and smoking tobacco in bales or cases or without cigarette papers for advertising purposes, in car load lots and a minimum weight of 40,000 pounds from North Carolina and Virginia points to the Pacific coast territory, without observing the short haul clause of the inter-state commerce law.

In other words, to enable the North Carolina tobacco interests to compete on the Pacific coast with producing points less distant than theirs, they are allowed to establish a rate of \$1.75 without proportionately reducing the rates on intermediate points.

Crowded.
 Big crowds have been rushing in to get sample shoes at Lesser's star store. No wonder. You get the same shoe or slipper in tan, black or white 25 per cent. less than the other fellow sells. Of course there is no carpet on the floor, but what do you care. You are looking to save a dollar, then go to Lesser's star store if you are a cash buyer. adv.

"Get It At Odell's"

THE GENUINE SOUTH BEND CHILLED PLOWS

Are the Standard Throughout the World

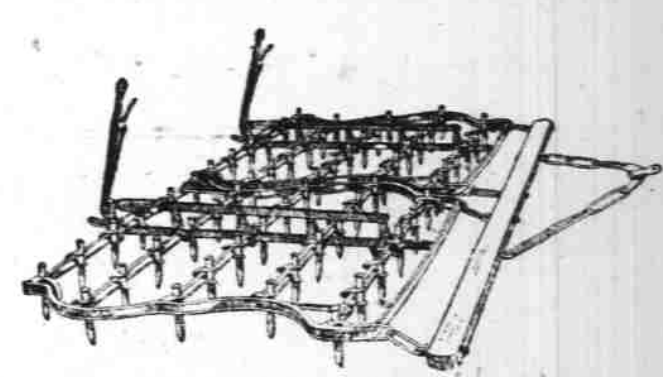

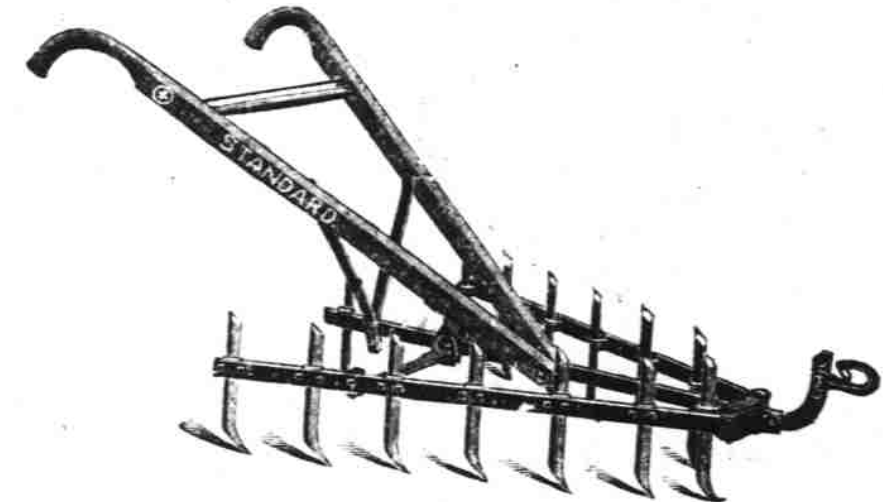

No. 3-X Chilled Plow

The No. 3-X Chilled Plow is a light two-horse plow, and admirably fills the requirements where light teams are used. It is a very popular Plow in every section, and should be your favorite too, as we guarantee it to turn satisfactorily any soil in North Carolina.

Gopher No. 50 Subsoil

The Gopher Subsoil should follow your turning plow, loosening up the subsoil and thereby giving your crops a better opportunity to exist when the hot, dry days of summer appear. We believe the No. 50 Gopher Subsoil Plow to be the simplest, strongest, and most substantial subsoil plow on the market.

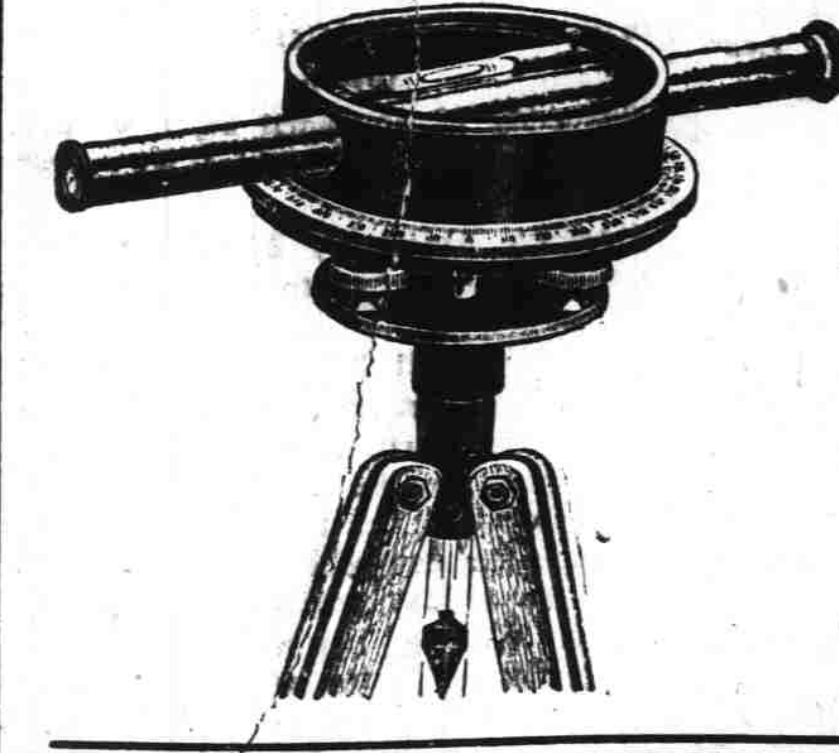

COLUMBIAN STEEL HARROW

Proper Preparation of Soil Means Increased Crops

And for this purpose we offer the Columbian two section 50 and 60-tooth steel harrow with runners, which may be used singly or double. It is made with lever adjustment so that the teeth may be changed to any slope desired. We are also offering the light 14 tooth, one-horse standard Cultivator.

USE A MASTER'S PLANT SETTER

And save time and do away with that back-breaking labor of stooping when transplanting your tobacco plants. With a Master's Planter you can set, water and fertilize more plants than three men can set by hand. Any man, with little practice, can set from 10,000 to 12,000 plants a day.

BOSTROM'S FARM LEVEL

with telescope, tripod, plumb bob, graduated rod and target, just the thing for all classes of farm work, such as tile draining, ditching, irrigating, running fences, road building, grading, leveling buildings and foundations, laying out orchards, getting angles, etc. Complete outfits, \$15.00, \$25.00 and \$30.00.

ODELL HARDWARE CO.
