"OLD NORTH STATE" SUPPORTS WAR WELFARE WORK TO LIMIT

North Carolina, as a state, has a record in the World War which will always be the occasion of great and just pride to her future generations. Every call made of the Old North State, for men, money, food, manufactured products, was promptly and generously met. The war record of the boys in the service, and none have better, has been matched by the women and men who at all times stood solidly back of their fighting sons. Her boys were in the thick of the battle and those at home saw to it that the farms, factories, banks, business generally and efforts individually, were all lined up to win the war. Every appeal for funds was met and over Liberty Bonds, War Savings Stamps, the Red Cross, Y. M. C. A. and other welfare agencies all received generous support from the people of North Carolina.

win it are still in France ready for any eventuality. We owe them a debt; the money has been pledged and in paying it real true-blue patriotism will be shown.

Need For Funds.
Secretary Josephus Daniels, in approving the budgets of the War Work societies, made an urgent request to the people of the nation to pay in full their pledges. Following is a combined statement of Secretary Newton D. Baker and Secretary Josephus Daniels.

Regarding the budgets which will finance the activities of the seven organizations presented in the campaign from October 1st, last, to December 31, 1919, the secretaries declared reports from overseas confirmed the necessity of "maintaining and, in some of its aspects, augmenting this work."
"In our judgment," the statement continued, "the full sum subscribed in the campaign will be required, if these societies are to do what the American people desire to have them do in serving the soldiers and sailors and the other classes included in the original appeal."

"Moreover, there could, in our judgment, be no wiser use of such funds. The demobilization plans, so far as they have been determined, make it plain the work of the different organizations will be needed for a long time still, and, owing to conditions which necessarily characterize the period of demobilization, this practical welfare work will be even more needed than ever."

Wipe the Slate Clean.
Fifteen out of a hundred counties of the state of North Carolina have already reported every cent collected and in some cases an over-collection is reported.

The county chairmen and treasurers of the counties not paid up have worked as hard and faithfully as those in the counties which have paid the entire subscription; in some cases, perhaps, more so, but if the people of their county have not kept pride and personal pride enough to pay their own subscriptions, the county campaign organizations cannot wipe the slate clean for their counties.

Large colleges with full staffs of educators, and the boys in the army and navy are being sent home from France to the other, disposing of their own affairs, and helping the boys get up their own shows; athletic events are being staged that compare with former Olympic meets; everything possible is being done at this time to make the hours go faster for the boys who today are upholding the power of right to the Germans. The war is won and a good many of the boys who helped

CHINA WILL NOT SIGN THE PEACE TREATY.

Paris, June 27.—The Chinese delegation announced tonight that China would not sign the peace treaty with Germany because China would not be allowed to make reservations concerning the province of Shantung and also was refused the privilege of making a declaration at the time of the signing of the treaty.

Washington, June 27.—Announcement by the Chinese peace delegation in Paris to-day that China would not sign the peace treaty is in line with the instructions sent the delegation several weeks ago by the Chinese government. These instructions were to refuse to sign the treaty unless some reservation was permitted as to Japan's sovereignty over the Shantung peninsula, acquired by Germany from China under the treaty of 1897.

These instructions, it was learned to-day, have never been changed and accordingly the announcement of the Chinese delegation was not surprising to officials here. Until very recently, however, it was considered here as possible that China would sign the treaty in view of private assurance said to have been given her representatives that Japan's tenure of Shantung would not be long. Failure of China to sign the treaty officials explained probably will exclude her from the league of nations including certain rights of redress under that covenant as well as working to her detriment in the resumption of trade.

Will Send Liquor to Europe.

Louisville, Ky., June 27.—With the expectation that Congress will strike out of the war-time prohibition enforcement bill the clause which prevents exportation of whiskey, liquor dealers in Kentucky have under consideration a plan to ship their surplus stocks to Europe after June 30. To this end, it is learned here, a corporation would be formed to handle the exportation.

By this source, according to W. N. Cox, president of the Louisville Warehouse Company, all of the estimated 40,000,000 gallons of liquor expected to be left on hand in Kentucky after war-time prohibition becomes effective will have been disposed of before constitutional prohibition is established.
