"Is there not a lesson for the average business man in the example of the largest business enterprise in the land? The latter tie up very closely to long-headed bankers and usually follow the advice given on matters affecting finance and credit.

"For example the Standard Oil people consult the National City Bank. Bethlehem Steel seeks financial advice from the Guaranty Trust Company.

"Have you made it your business to form intimate relations with high-grade bankers?"

WOULD CLOSE DOORS TO EUROPEAN LABOR.

Washington, Jan. 15.—Protection for the American laborer from foreign "imports" on an equality with the protection accorded American products by tariff laws was asked of the senate immigration committee to-day by Frank Morrison, secretary of the American Federation of Labor. Mr. Morrison added that the position of the federation was that of straight-out protection, without any reservations for a period of two years from alien labor.

"We object," said Mr. Morrison, "to throwing the doors wide open, flooding the American labor market with cheap European labor and denying the American worker the same protection you give his products under the tariff laws."

The federation secretary told the committee that reports just received from labor officials in 141 cities showed the total number of unemployed in these places to be 1,819,272 and said he would not "dare estimate what the total of all the cities would show."

Figures were submitted by Mr. Morrison showing the unemployed in Greater New York to be 300,000; Detroit 150,000; Philadelphia 235,000; Baltimore 20,000; Chicago, 200,000; Cleveland, 118,000; St. Louis 40,000; Boston 50,000; Milwaukee 40,000; San Francisco, 15,000; Seattle 9,000 and Pittsburgh 20,000.

"It is a high crime," Mr. Morrison continued, "for any man in the face of these figures to advocate the bringing of millions of men from Europe and add them to the number of unemployed already here. The flood is ready to come. Official figures of the labor department show that 101,000 came in October and 103,000 in November. Eliminating those who returned to Europe, these figures would mean a net immigration of 784,000 a year."

Mr. Morrison declared the American workman was entitled to "sustaining employment" and that he could not get this as long as the doors were open to the Europeans. He contended that the American labor supply in Florida, where cigar manufacturers have asked to be permitted to bring in Cuban labor, was equivalent to the needs of the cigar factories.

Statements to the contrary, he said, "were libelous and absolutely false."

Secretary Morrison was preceded on the stand by a delegation of business men representing construction industries and manufacturers throughout the country. John Wiggins, of Pennsylvania, leader of the delegation, opposed the Johnson bill and declared arguments that a "flood of Europeans was imminent" were absolutely fallacious. He asked for modification of elimination of literacy tests and contract restriction laws.

MUSCLE SHOALS BILL FINALLY PASSES SENATE.

Washington, Jan. 14.—By a vote of 34 to 29 the senate late to-day passed the nitrate bill for permanent federal operation of the nitrate plants built by the government during the war at Muscle Shoals, Alabama.

The measure, which had been fought vigorously for about two weeks, and been made the subject of charges and countercharges of lobbying and wastefulness, finally was put through with the aid of a few Republican votes and now goes to the house where its future is uncertain. Radical changes were made by the senate in the measure as reported originally from the agriculture committee.

In to-day's vote on final passage, 30 Democrats were joined by four Republicans, Senators Capper, of Kansas, Grunna, of North Dakota, Lo Follette, of Wisconsin, and McNary, of Oregon. Twenty-seven Republicans and two Democrats, Senators Gore, of Oklahoma, and King, of Utah, voted in opposition.

OVER 200,000 ARMENIAN REFUGEES ARE DYING.

New York, Jan. 14.—More than 200,000 Armenian refugees between Kars and Alexandropol are dying because of lack of food and fuel, and anarchy stalks among them, stated latest advices from Armenia, by way of Paris, received here to-day by the near east relief. Cessation of all transportation, coupled with a severe winter, adds to the appalling situation, it was asserted by M. Abrehian, president of the Armenian delegation to the peace conference, in forwarding from France Armenian messages dated January 7. Famine threatens unless steps are immediately taken to continue American shipments of provisions, he said.
