## REPUBLICANS DECIDE NOT TO OPPOSE MR. WHITAKER

### Committee Pays High Tribute to Democratic Candidate.

Prof. T. E. Whitaker, Democratic candidate for the house of representatives to fill the unexpired term of D. L. Donnell, will be unopposed this fact having been made certain yesterday afternoon when the Republican executive committee decided not to place a candidate in the field.

R. T. Joyce wanted the committee to endorse Professor Whitaker's candidacy, but the clause of the resolution directly endorsing the Oak Ridge principal's candidacy was eliminated. However, the resolution embodies a high tribute to the Democratic nominee.

"Realizing the liberality and fairness on the part of T. E. Whitaker, who is now a candidate for the legislature in Guilford county," the Republican committee resolved, "and as a token of their appreciation and gratitude on the part of the Republicans of Guilford county for the untiring efforts on the part of the said Whitaker, who was at that time a member of the legislature from Guilford county in preventing the conviction on the impeachment of the late Judges Furches and Douglas, who had been unjustly and ruthlessly assailed by the Democratic machine of North Carolina, now therefore be it resolved that it is the opinion of this meeting that the Republican party of Guilford county does not need a candidate in opposition to the said Whitaker."

Resolutions were adopted by the Republican committee "condemning the incompetency of the last general assembly of North Carolina that by its acts and negligence made it necessary for calling a special session at this time, thereby placing a great and unnecessary burden upon the taxpayers of the state." In another resolution it was declared that "we condemn the county authorities for making it necessary for a special election in this county which will necessitate an additional burden upon the taxpayers of this county."

Professor Whitaker will fill the vacancy caused by the appointment of D. L. Donnell as a member of the board of county commissioners as successor to the late W. C. Tucker. The new representative will begin his service at the special session of the general assembly which will convene in Raleigh next month. The election in this county will be held on November 15.

## British Premier Cancels Passage

London, Nov. 2.—Premier Lloyd George has definitely cancelled his passage on the steamer Aquitania, on which he was to have proceeded to the United States November 5 to attend the Washington conference.

This fact became officially known here tonight for the first time.

It had been known, however, for some days that the critical stage the Iris negotiations had reached probably would prevent Mr. Lloyd George from sailing on Saturday.

Owing to the grave turn in Irish affairs it is not even possible to fix a provisional date for the premier's sailing, but he still intends to go to Washington at the earliest possible moment.

The cancellation by the premier of his passage is considered a favorable rather than an unfavorable sign of the progress of the Irish negotiations. The interpretation placed on it is that Mr. Lloyd George hopes that a few days' delay in his departure will enable him to see a settlement reached, or at least the basis of an agreement arrived at which can be worked out during his absence from the country. In this connection importance is attached to the fact that Sir James Craig, the Ulster premier, is coming to London Saturday.

## SEALING SEALS

### Campaign for Anti-Tuberculosis Funds Started Here.

The Christmas seal campaign, designated to increase the effectiveness of the fight against tuberculosis, was formally inaugurated in Greensboro Tuesday.

Letters are being sent to business men with a view to enlisting their hearty support of the seal campaign. The sales campaign proper will begin next Tuesday, at which time representatives of the District Nurse and Relief committee, which is in charge of the campaign, will sell seals to a number of business men. Then, on December 1, general sales will begin—the general public will then be given an opportunity to purchase the seals and thus aid the anti-tuberculosis campaign. The campaign will be prosecuted with vigor until Christmas.

All of the money obtained from the sale of the seals here will be used in anti-tuberculosis work in Greensboro, in Guilford county, in North Carolina and in the United States. Out of every dollar collected, 75 cents is retained for work here. Of the remaining 25 cents, 15 cents will go to the North Carolina Tuberculosis association, while the national association will receive 10 cents.

In Greensboro the money will be used for the support of the tuberculosis home of the District Nurse and Relief association. Mrs. W. C. A. Hammel is general director of the campaign, and Mrs. Max T. Payne, who directed last year's campaign, in which half a million seals were sold for more than \$5,000, will be prominently identified with the enterprise. Greensboro led the state last year and it is confidently expected that an even greater record will be attained here this year.

## HANFORD MACNIDER NAMED AMERICAN LEGION HEAD

### Want Bonus Provided At Once and Censure Colonel Harvey.

Convention Hall, Kansas City, Mo., Nov. 2.—The national convention of the American legion adjourned here tonight after electing Hanford MacNider, of Mason City, Iowa, national commander; selecting other officers and adopting resolutions covering a wide range of subjects. The convention had been in session without a recess since early this morning.

The Rev. Earl Blackman, of Chanute, Kansas, a minister of the Christian church, Disciples of Christ, was elected national chaplain.

The election of Mr. MacNider to succeed John G. Emery, of Grand Rapids, was made unanimous after more than half of the state delegations had seconded his nomination, and three other candidates, Roy Hoffman, of Oklahoma City, Earl M. Cline, of Nebraska City, Neb., and John F. Williams, of Joplin, Mo., had withdrawn in his favor.

The following vice-commanders were elected:

George L. Berry, of Rogersville, Tenn.; H. Nelson Jackson, of Burlington, Vt., and Charles Kendrick, of San Francisco, representing the army, and Raymond Brackett, of Marblehead, Mass., and J. A. McCormick, of Fort Lyon, Colo., of the navy.

The new commander was brought to the platform amid cheers and a big Iowa standard was raised over his head. He thanked the delegates and declared he realized his responsibility as chief of the legion.

A fight for the removal of the national legion headquarters from Indianapolis to Kansas City, which the Missouri delegation promised in pre-convention campaigning to bring on the floor, did not develop.

The election of officers concluded an all-day session marked by debate and wrangling over certain sections of the resolutions committee report. Particularly heated was the discussion of a resolution criticizing severely the speech delivered by Gen. Harvey, American ambassador to Great Britain, before the Pilgrims' club in London, upon his arrival in England to assume his duties as ambassador, and in which Mr. Harvey discussed the reasons why the United States entered the war. The original resolution was thrown out of the report on a roll call vote and later a substitute was adopted. The substitute was written in less sharp terms and expressed the belief that the ambassador's remarks did not represent the true feeling for which the American legion stands. It directed that a copy of the resolutions be sent to President Harding.

Two resolutions bearing upon federal compensation for soldiers were among the mass adopted. Both declared in favor of immediate compensation legislation. One submitted by the legion's legislative committee declared that after careful consideration of all of the arguments advanced in opposition to the measure, including the letter of the secretary of the treasury and the address of the President to Congress, "we will still firmly believe in the justice, fairness and immediate necessity of the adjusted compensation measure."

The resolution declares that the legion affirms its stand on adjusted compensation and asks that the Congress of the United States pass this measure without further equivocation or delay.

The other compensation resolution adopted was offered by the resolutions committee. It asserted that the American legion "reiterates its position in favor of the adjusted compensation for discharged soldiers and deposes the request of President Harding to delay passage by Congress of a measure for the same and the acquiescence of Congress in that request."

Rankin, of Raleigh, secretary of the state board of health, has been invited and it is thought that he will probably address the meeting.
