EVENTS 80 YEARS AGO

It is the purpose of this paper to publish at frequent intervals comparatively brief references to events chronicled in The Greensborough (as it was then) Patriot of 80 years ago. In this enterprise valuable assistance is rendered by members of the staff of the Greensboro Public Library.

(Sept. 17, 1942)
PADS FOR PRINTERS.—There are in the United States 1,552 printing offices; 447 binderies; 148 daily papers; 227 periodicals. These offices employ 18,523 men and the amount of the capital invested is \$5,873,815.

It appears by the census of petitioners for revolutionary or military services, recently compiled by order of Congress, that the oldest man on the list is William Pridden, of Bladen county in this state, who is aged 112 years. He is probably the oldest man in the United States.

The President, with the concurrence of the senate, has appointed James Iredeil, of North Carolina, and John H. Eaton, of Tennessee, to be commissioners to arrange and settle claims arising under the Cherokee treaty.

CAMP MEETING.—A Methodist camp meeting has been held this week at Muir's Chapel, four miles west of this place, where, we rejoice to say, much apparent good has been effected.

A great many persons attended; the strictest order prevailed, and an unusual degree of solemnity prevailed, the entire congregation during the six days and evenings of divine service. We learn that over a hundred persons made public professions of religion; and besides, bread was cast upon the waters which it is hoped will appear many days hence.

DIED.—In this county, on Tuesday, the 13th inst., Hary Moskins, wife of John Hoskins,—the 59th year of her age.

In this place, Saturday morning, the 10th inst., Joseph Rankin, a young man remarkably correct in his deportment and sincerely esteemed by all who knew him.

COME AND SEE!—Farm for sale—Lying in the fork of Deep River, about 11 miles nearly west of Greensboro. This farm contains about 170 acres; 10 acres of nearly all first-rate meadow; fruit trees in abundance, of various kinds both late and early; the place is well watered, the situation pleasant and healthy, and improved with good buildings of every description. Any honest industrious man could be enabled to purchase this property with even moderate capital, as a good chance will be given in the payments. Come and look.—ABEL COFFIN.

Tuberculosis Hospital Proposed
Raleigh, Sept. 16.—A campaign for the erection of a tuberculosis hospital in Wake county will be made by the Raleigh chapter of the American Red Cross. The funds raised from the annual Red Cross roll call on Armistice day will be devoted to this purpose.

MURPHY AND THOMAS EXECUTED IN CHAIR

Negroes Executed in State Prison For Assault Charges Following Attacks On Kitchens

Raleigh, Sept. 15.—Angus Murphy and Joseph Thomas, negroes, convicted of charges growing out of the attack upon Mr. and Mrs. A. E. Ketchen, of Miami, Fla., near Southern Pines several weeks ago, were executed at the state prison this morning.

Murphy was the first to be executed, being placed in the electric chair at 10:30 and pronounced dead after three shocks of brief duration had been sent through his body. Thomas quickly followed Murphy to the death chamber, only two shocks being required to cause death.

Murphy today made a complete confession to his spiritual adviser of his part in the attack on the Ketchens. He declared that Thomas had nothing to do with the actual attack, but that the latter did receive part of the jewelry and other valuables taken from the couple.

Both negroes walked calmly from their cells to the death chamber, Thomas hesitating an instant at the cells of other men in "death row" to tell them goodbye.

Four women were among the few spectators permitted to witness both executions.

Mr. and Mrs. Ketchen were en route from Miami, Fla., to New Haven, Conn., in an automobile and were camped for the night just outside of Southern Pines when the attack was made upon them. The negroes first entered the tent where the Ketchens were sleeping and demanded Mr. Ketchen to give them money. Instead of obeying the command Ketchen reached for his pistol and one of the negroes opened fire on him, a bullet striking him in the chest. One of the shots barely missed the Ketchens baby which was sleeping beside the father.

Mrs. Ketchen seized the child and was on her way down the road to get help when she was attacked. The negroes were tried and convicted at Carthage August 15.

Conference Report On Tariff Adopted

Washington, Sept. 15.—The house, by a vote of 210 to 90, adopted today the conference report on the administration tariff bill. Ten minutes later the measure had been reported back to the senate, where it was made the unfinished business for tomorrow. Final legislative action before the end of next week was looked for by Republican leaders.

Three attempts were made in the house to get the bill back into conference for a third time, but two were blocked on points of order and the third was defeated by a direct vote, 193 to 108. The vote was on a motion by Representative Garner, Democrat, Texas, to instruct the house managers to insist on the original proposal of the house for a duty of 1.60 cents a pound on Cuban sugar in place of 1.76 cents a pound agreed upon in the conference.

Coast Line Took No Part
Rocky Mount, Sept. 15.—The Atlantic Coast Line Railroad company has taken no part in the separate agreement negotiations for settling the shopmen's strike and its policy is not changed by latest strike developments, according to a statement obtained by telegraph from the general offices of the road at Wilmington.
