Ranee Of Malir Visits Friends Here In Bryson

If you were one of the many visitors on main street or around the Court house square this last Saturday around noon you were treated to a rare sight indeed. Those women you saw in native dress with golden sandals enroute to Bennetts Drug Store to visit Doc Kelly Bennett were the Ranee of Malir and her entourage. The younger lady in native sari dress was her niece Mrs. Erna Mirza, and her daughter Zermena. The tall young man was Dr. Jehangir Merza a Ph.D. professor of engineering of the University of N.C. at Raleigh. All of the Merza family are American Citizens now. Her Highness Meha Cyrus Minwalla is the wife of the late Cyrus Minwalla Raja of Malir India, and later of Pakistan. He was at the time of his death Ambassador to the United Nations. Was also the Governor of Lions International in Pakistan, and was a Right Worshipful Past Master of the Masonic Order, and was known far and wide for his philanthropic ways.

Her Highness met Dr. Kelly Bennett and Hon. T.A. Sandlin at breakfast at Col. and Mrs. Clark's residence of Shephards Creek Road, and all went to Doc's to secure some films for their cameras. While there they were photographed with Doc Bennett, met with the Sheriff Mr. V.N. Gasaway, and with Mr. Tom Cromwell President of the Lions Club here in Bryson City.

Leaving Doc Bennetts the party proceeded to the office of Dr. Bacon where another happy meeting occurred. Her Highness has two nephews that are medical Doctors in England and in Pakistan, the one in England being a member of the Royal Society of Surgeons. He intends to make a visit to Bryson City in the not too distant future. Leaving Dr. Bacons, the party drove around the Hospital, then to School House Hill for an inspection of our school facilities. Her Highness expressed regret that school was not in session as she would have loved to have visited one or more of our class rooms.

The party left Bryson City in mid afternoon as they wanted to visit Cherokee and take some photos of the real American Indians.

Sunday her Highness left for New York by plane from Raleigh, and arrived in London Monday. She will spend a couple days there and then proceed to Karachi the Capitol of Pakistan, which is now a city of over three million people.

During World War II, Col. Clark was in command of the American Air Force Base at Karachi, and later commanded the overseas replacement depot for all US Army Air Force Personnel located at Malir, where he met the Raja and his family and they became fast friends. The Raja had five daughters and one son was born during the war and Col. Clark was named his Godfather. The sons name? Well it is Chota Happy Minwalla. Chota means in Hindi either small or Junior and so he became Chota Happy and Col. Clark whose nick name is "happy" became Burra

HOMECOMING FLOWERS

The Homecoming football game is always the most important and colorful game of the year. The queen is crowned and usually given a lovely flower arrangement. This year why don't every senior girl wear flowers. A lovely corsage can be designed with the initial of the school in the middle.

We are trained and equipped to handle all the senior gies. We will help in any way to make every girl a queen on that special day during her senior year.

We want that special occasion to be just a little better.

"Any Autumn"

This is the time when the forests put on their scarlet deep
And the breeze lays a lovely carpet leaf by leaf at her feet

No artist's brush can give us color that God has given our trees.

Nothing this side of Heaven can compare with the beauty of these.

They shine in the glow of the sunset, so beautiful, tall and rare.

But only the stroke of the Master's brush

Can give us the color there.
