See Mr. Callishers advertisement in the local column, and settle your accounts.

The different county roads are reported as being in a miserable condition. It is no trouble to get stuck in the mud.

Mr. D. J. Fort, Agent of the Howe Sewing Machine, will canvass this county during the next week in the interest of this celebrated Machine.

The Gin House of Messrs. Cotton & More, near Falkland Pitt County was completely destroyed by fire a few days ago. The loss is estimated at \$1,800. It is thought to be the work of an incendiary.

There will be no Court held in Nash County at the next regular term on account of the small pox. Those who would have had to attend can have the pleasure of remaining at home.

A Bill has been introduced in congress to repeal that odious law that prevents our farmers from selling their leaf Tobacco. We trust that it may pass, though there is no telling as it affects the south mostly.

The time for planting is almost here and the farming interest should command our notice. Communications on this subject would be most thankfully received from the farmers of the different sections of the county. Safer is let us know "what you know about farming."

We were pleased to meet a day or two ago our esteemed friend Mr. R. M. Barham who has lately obtained license to practice law. He has established an office at Forestville Wake County, where we hope that he may meet with all the success that he may desire. He is here on a visit to his brother.

Some of those who had business with the Board of Commissioners on Monday last seemed somewhat dissatisfied with the manner in which their claims were treated. Never grumble at the powers that be.

We miss the following works from our library, we prize the books and will thank the borrowers to return them.

Milford Bard, Barn's Poetical Works, Memoirs of S. S. Prentiss, and St. Elmore.

Geo. S. Baker.

The Board of Commissioners for this County met on Monday the 3rd, and continued in session for two days. They had a good deal of business brought before them, but we are not prepared to say how they got through with it.

The bridge over Buffalo Creek on the road leading from Simms' bridge to Franklinton, has been washed away. It ought to be repaired as soon as possible, as it renders the road impassible and causes great inconvenience to the traveling public.

We were pleased to have a call from our young friend J. C. Kearney, of Franklinton. He was canvassing the merits of the different fertilizers that he has for sale. Our farmers would do well to give him a trial.

SPECIAL NOTICE.

All persons indebted to us, are respectfully asked to call and make immediate settlement as longer indulgence cannot be given.

We hope the interested ones reading this will give it their early attention as we are anxious to close our last years Business.

Callishers Brick Store.

We again call the attention of the Town Commissioners to the unsafe and dangerous condition of the bridge on Main street. Also the two bridges on Nash street near the old Livery Stable. No serious accident has yet occurred to any of our citizens from these bridges, so better have them repaired at once, before some one gets hurt, and probably put the town to some expense to have a broken leg mended.

Notwithstanding the enormous advance in flour, W. S. Mallory, Franklinton, is selling the best brands of Family Flour at \$10.75. Every barrel is warranted to give satisfaction or the money will be refunded. As the tendency is still upward and likely to continue, it would be well to lay in your supply at once.

Edgewood is to have a new election, its colored register having been deprived of his illegality obtained seat. The "Southerner" thinks that there will be a lively time during the campaign.

I have used Dr. SIMMONS' LIVER REGULATOR in my family for Dyspepsia and Sick Headache, and regard it as an invaluable remedy in these attacks. It has not failed to give relief in any instance.

REV. W. F. EASTERLING,
Florida Conference.

The small pox is rapidly dying out. We have heard of no new cases, and the old ones are rapidly recovering. Now is the time that we apprehend the most danger. People will become less afraid of it and will venture too soon in the infected region. And besides, there is danger that those who have been sick with the disease will not be so careful as they should be in destroying their garments and bedding, which will be sure to retain the disease for a long while. Our commissioners should see to it that these people should be paid for their clothes and that they should be destroyed. The safety of the county demands it.

EXTRA INDUCEMENTS TO SUBSCRIBE TO THE COURIER.

For each new subscriber to the Courier, we will send in addition the Farmers Advocate, for one year. The Advocate is a large sixteen page Monthly Magazine, filled to overflowing with the most valuable and entertaining matter for the farmer.

Farmers should not let this opportunity pass for getting a good paper, and one of the very best farmers journals in the country, all for the price of one paper. The cash must in every case accompany the subscription.

Send or bring us \$2.00.

Please read the above inducement to your neighbors.

Notice is hereby given to the people of Franklin and adjoining counties that the Louisiana Tanyard is now open for the reception of Raw Hides of the various kinds, for which the highest cash prices will be paid, or they will be tanned on skins at the usual rates (one half) under the special supervision of W. H. Hester Esq. who will spare no pains in his attempts to give general satisfaction. And in order that the business may be perpetuated and prove a success to the owners, and a great benefit to the people at large calls upon his friends everywhere to extend to him their patronage and influence.

Special contracts may be made for the gutting Tan Park in early Spring have an eye to it in closing your lands,
W. H. HESTER Esq.
