The State Agricultural Journal is a paper, and contains matter that every farmer should read. All success...

Mr. E. R. Stamps of Edgecombe, who gallantly bore the colors of the Democracy in that county last August has been brought forward again for that duty.

Some negroes undertook to have a fox hunt in "backra style," near Enfield. In the chase one negro killed another, mistaking him for the fox. — Ex.

The "Alline" for March has been received. It is a perfect "gem of art," and never fails to please the lovers of the "beautiful."

Somebody says a wife should be like a roasted lamb—tender and nicely dressed. A seamy adds, "And without any sauce."

Our Business Manager has returned, and brings with him substantial tokens of his work during his absence, after the manner of advertisements and subscribers.

Dr. R. E. King will be at his office in this place March the 3rd 1873, and remain until April the 15th.

The Waverley Magazine, published by Moses A. Dow, Boston, Mass. is one of the finest papers published in this country. It is a weekly, and contains sixteen pages. The stories in it are complete in each number. Every lady should have one.

We had a local on yesterday in the shape of a runaway Ox. He went down the hill with the cart, hung to him at the rate of two forty to the tune of what you know.

A Case it will be given by the young Ladies and Gentlemen of this place on Tuesday night of Court week, the proceeds of which will be devoted to the Methodist Church.

On the first page will be found an article from our Contributor "Sergeant," entitled "Franklin's Dead Soldiers," that we think will be interesting to all.

Dr. P. Babcock, Dentist, of Raleigh, is well known in this place, has arrived and taken rooms at Mrs. Hawk's, and offers his professional services to the community.

The books of the R. & G. R. Co., of Franklinton show that W. S. Mallory Franklinton paid more freight in 1872 than any one firm in Franklin County. This year shows that for the two months of 1873, he heads the list as the largest freight payer in that County.

We saw on our streets a few days ago, a sight that we hope never to see again—a father and two sons drunk staggering along together, each so drunk that he was unable to assist the other. They are learning to tread the path that their father has trod and fully showed that they were "chips off the old block." The last we saw of them they were on their way to jail.

A colored individual tried to go crazy last night and alarmed the town to such an extent that many of the citizens went hurrying through the streets in search of fire. On reaching the scene of the disturbance they found that it was only "Bos's" bewailing the inconstancy of his "lolly." Slain the destroyer of innocence walks abroad, and avenging thunder-bolt strikes him to the earth.

A few days ago Dr. Crenshaw, visited those persons in Harris' Township, who were under his care and treatment during their attack of small pox. The Doctor reports all of them well, and that their dwellings have been thoroughly cleaned, and disinfectants used. He thinks that all danger is over.

On Thursday night Mr. Bragg, who was confined in jail on a charge of murder, in a way "somewhat peculiar" effected his escape. In a manner most mysterious he freed himself of his chains, made his way through a thick osken wall, and then through the brick wall of the jail. Perseverance ended in success. "Free as a bird he roams."

Dr. Crenshaw has promised us a communication for our next paper, with some general remarks on his late visit and residence in Harris' Township, which he thinks will prove interesting to our Franklin county readers.

The first woman voter in Wyoming is said to have been a lady of 70, who voted on her way home from the grocery, going to the poll with a pitcher of molasses in one hand and the ballot in the other. She by accident poured the contents of the molasses into the ballot box, and forgot to put in the ball. The usual mass.

BARROW & PLEASANTS

Louisburg, Feb'y 18th, 1873. Messrs. BAKER & MITCHELL:

GENTLEMEN:—It is with pleasure that we avail ourselves of the columns of your excellent Journal, the "COURIER,"—a paper, in which, the whole people of the County should be proud, — to return our most earnest and sincere thanks for the liberal patronage bestowed. Two years ago we commenced business here in a small quiet way, determined by industry and integrity to succeed, and the result has been, our business has gradually increased, until our freight alone would be a very respectable business. With these facts before us we do not have to "whistle to keep the ghost away."—In conclusion we would remind the citizens of Franklin and Nash Counties, that we keep constantly on hand, at our new Store, a complete stock of Staple and Fancy Dry Goods, and at our old Stand, far the largest stock of Groceries and Provisions in Louisburg, and are prepared to furnish them with every thing in our line at the very lowest CASH prices. Many thanks for past favors. BARROW & PLEASANTS.

25,000 POUNDS BULK SIDES FOR SALE AT BARROW & PLEASANTS.

It is a fact beyond controversy that Barrow & Pleasants are selling goods at Northern prices, with freight added, as the many wagons constantly before their doors loading will attest. We do this by buying from first hands in large quantities, with the CASH, and other advantages best known to ourselves. A large number of the largest farmers in the County who have written on for prices, are satisfied that they can do as well here as they can in the Northern markets and are supplying themselves from us. We keep first class goods and warrant every thing we sell as represented. Small dealers, who "positively" refuse to sell in this way, would do well to do likewise. BARROW & PLEASANTS.

25,000 POUNDS BULK SHOULDERS For Sale at BARROW & PLEASANTS.

We learn that our friend's supply of meat, (who "positively" refuses to sell at "Northern prices with freight added") is like Judge Pearson's law — "exhausted". He would sell at "very small profits" if he had the goods — BUT THAT'S WHAT'S THE MATTER. We would say to our friends that we have sold within the last two weeks nearly fifty thousand pounds of meat, with a large stock on hand, and more to arrive, which we offer at "northern prices with freight added." BARROW & PLEASANTS.

200 BARRELS' FLOUR--All Grades FOR SALE AT BARROW & PLEASANTS.

It is a fact worthy the attention of all interested that one of our largest and best farmers ordered his meat from the north and he asserts positively that he could have bought it from Barrow & Pleasants at about one cent a pound cheaper than he got it. BARROW & PLEASANTS.
