Pretty cool—March winds.
Prosperity gains friends, and adversity tries them.

We respectfully ask all contributors to write only on one side of their manuscript. This is a rule that must be observed for the sake of the printers.

A Tennessee editor says—"This way of tying a mackerel to one's coat-tail and imagining himself a whale" won't do.

The effect of SIMMONS' REGULATOR on the stomach, liver and kidneys is prompt and effectual.

The largest paper published in Franklin county—the COURIER—subscribe for it—get your neighbors to do the same. Remember it represents the whole county.

A bachelor merchant's advice in selecting a wife—"get hold of a piece of calico that will wash."

A man in this vicinity has come to the conclusion that the "world does turn on its axis all the time," for said he he have never been able to stand on the darned thing.

The Concert, to be given by the young ladies and gentlemen next Tuesday night will be sure to interest all who may, a tend. Remember that by attending you will aid in a good cause.

Next week is Court, and we extend a cordial welcome to our brethren of the Press to visit our town and make their paper known to our people. To Woodson of the "News" we would say that there will be some famous horse swapping.

Crickets mostly four-legged.
Sine Board's ginerly up.
Bitches ginerly up.

Our Business Manager continues to get subscribers; and the advertisements come in daily. If this continues much longer the COURIER must grow in size. A big blow "ain't" it?

The Henderson Tribune published by J. Abner Harrell has been received and placed on our exchange list. It presents quite a neat appearance, and contains reading matter most creditable to its Editor. We wish our neighbor all success.

We have heard that the recent rains have swept away a bridge over Sandy Creek, and that in consequence of it the public is greatly incommoded. Let the Commissioners or whoever's duty it is, see that it is repaired.

They say that women require more sleep than men. Why don't they take it then, and not always lay awake to administer caudle lectures to their spouses at night, and wake up first in the morning, for the purpose of giving admonitions?

Five People's Literary Companion published by E. C. Allen & Co., Portland, Maine, is a paper neatly gotten up, clear of typographical errors, and contains romances of the highest order. It is a delightful companion for the ladies.

Quay—Why is it that our neighbor pays so much freight and such little tax?
ANSWER—Because he sells large quantities of Guano on which he pays FREIGHT, and but few goods on which he pays TAX. Either this, or "gas."

All flour that does not prove as represented can be returned at his expense.

The Official books in the Register's office of this place show that Barrow & Pleasants have paid more than twice as much tax on their purchases since the 1st January 1872, as their neighbor, who "positively" refuses to sell at "Northern prices with freight added." Did he shut his eyes and "go it blind" when he gave in his tax, or is he "gassing" now?

Planting time will soon be here, and then for all cotton and corn. As long as this is the case we may expect to see worn out land, needy farmers and a check upon the prosperity of the country. If our people would only learn to make a support at home, how much better off, and how much more independent they would be! If such were the case, such things as mortgages and loans would be unknown.

Paying up and paying down—When a long standing subscriber, of whose money you have not yet figured a cent threatens to pay you up, the inference is forced upon you that he intended to discontinue—and though your empty pockets are crying for cash, you cannot help considering the threat of paying up as the knell of a departed subscriber. But a paying down presupposes no discontinuance of favor—but encourages you, and sends you on your way rejoicing.

FRANKLINTON, N. C.

FRANKLINTON

Against
LOUISBURG!
Fair Play and Equal Rights to all!

We, as interested parties, propose to present a few facts to the good people of Franklinton, which we have no doubt, will be interesting.

To begin with, we would state that we have on hand a large stock of goods, which we are very anxious to sell preparatory to our getting new Spring goods. We are willing to sell at reduced prices, but must positively veto the Northern Price system freight added, for the simple reason that it would not pay us, to do so. If we are right, we think that it is commonly the practice, for merchants to sell goods at a profit. (Perhaps the so called Leading Houses do not,) but our experience is that the expenses of carrying on a business, (outside of the freight that are in themselves a respectable business) cannot be met with, unless we make a profit on our goods; and to say that we wish for the benefit of the public, would hardly be believed by the most credulous. Therefore we say that it is impossible for us to sell our goods at Northern prices, freight added. But we do say that we can and will sell at prices that will satisfy the closest buyer. Call and see the Bargains we offer.

Ignorance is Bliss.

We confess our ignorance in a good many things; especially do we confess that we can not see how Leading houses can sell goods at Northern prices, freight added; For with the advantages of CASH IN HAND, we buy a good many goods that enables us to offer Bargains to our customers; but, with all this, we still insist, that we cannot find it a paying business to sell at Northern prices.

We are always thankful for information, and would be under many obligations if the Leading Houses would acquaint us with the modes and means of selling goods at Northern prices.—We have no doubt the information, would be highly appreciated by our BROTHER MERCHANTS, as well as ourselves. For the next 30 days we shall offer our stock at reduced prices.
Calishers Brick Store.

Facts and Figures Speak.

We do not claim to have the LARGEST Stock in town. But from the TAXES PAID in the LAST twelve months, our receipts show that we have paid as MUCH AGAIN TAX on our PURCHASES as any house in Louisburg, (Leading Houses not excepted.) For the next 30 days buy your goods at
Calishers Brick Store.

Small Stocks Against LARGE SALES!

We have had a large experience in business, and we always hunt for the best. So we would ask for LEASE on this store. Remember that for the next 30 days we are selling our stock at reduced prices.
Calishers Brick Store.

A single house in Louisburg selling 50,000 lbs of meat in two weeks, &c. well for the trade of our rapidly improving town, and would care to feel the depressing ratio of the fact.
Were not our exultant feelings checked by that WORD NEARBY, which according to our definition, is somewhat ambiguous, if we have our friends have carefully calculated the amount they will sell during the season, the above 50,000 lbs. And again the word is so ambiguous, we would not be so bold as to say that we shall pay more in the next 12 months, to arrive. However, be that as it may, be it in mind we have reduced our prices for all kinds of goods for the next 30 days.
CALISHERS' BRICK STORE.

Our Stock is still complete and persons desiring to see our goods in situ, are invited to give us a call.
Calishers Brick Store.

A Big Smoke and a Small Fire.

We do not advertise in the hope of getting more business, for we are no more than a small shop; but we are always on hand, and supply large for the want of our customers, and we are willing to let the public see that we are a cash buyer. So when you want Bargains, call at
Calishers' Brick Store.
