Pleasant—The weather.
See Barrow & Pleasants advertisement in local column

Showy—The Stores with their new hats ribbons dress good &c. &c.

See notice of Administrators' sale. Many valuable things to be sold.

The Business Manager who has been absent in Petersburg has returned, bringing us advertisements.

Dr. R. E. King has left for Warrenton, to offer for a while his services to the good people of Warren.

Tarboro has been the scene of another homicide, one negro knocking another on the head with a stick of wood.

Frost—Old Jack has been showing his face several times this past week, and as usual came unannounced and unwelcome.

The Commissioners of Granville County have voted 100,000 dollars as an appropriation to the Granville Railroad which will soon be voted on.

Do you want something nice in the line of Jewelry? If so, call on J. T. Young & Bro., Petersburg. If you can't see well, just buy a pair of his specs.

Complaining—The Farmers say that they are unable to get as much guano as they need. You have got a plenty, the more cotton lower the price.

Raleigh was determined to keep the State Fair and so subscribed the ten thousand dollars necessary for that purpose. Raleigh is no doubt the place for it.

The proprietors of the Battleboro Advance have sold the press, type and fixtures of their office to Mr. C. C. Still, who will soon begin a paper at Rocky Mount.

Thousands attest its virtues, and from all quarters of the Globe come testimonials of wonderful cures performed by SIMMONS' LIVER REGULATORY.

We call attention to the card of R. R. Madison, Wholesale liquor dealer, Petersburg. This is a first class house and those desiring a pure article would do well to call on him.

See the advertisement of White, Corling & Co., Petersburg, Wholesale and Retail dealers in Dry Goods.—The merchants of this State will do well to call on them.

Franklin—Mr. R. N. Winston, was taken suddenly ill in church on last Sunday; we have no doubt that ere this he has entirely recovered.—Cause of illness over-exertion.

The Firm of Terrell & Harris, has this spring a fine assortment of goods and are offering good bargains to their customers. This firm though not old is doing a handsome business.

Falkener & Co., Wholesale dealers in Boots, Shoes, &c., Petersburg.—These gentlemen do a large business and merit their large patronage. Give them a call when you visit Petersburg.

See notice of the change of Mr. William Price of Frankinton having bought the entire stock of goods of Mr. Jacob Solomon, will in the future conduct the business and will be pleased to see his old customers.

Edgcombe has an agricultural society in successful operation, and one in which the farmers seem to be deeply interested. Our people will certainly make nothing by their indifference to the attempt made in this direction but will undoubtedly be the losers.

It is with the deepest regret that we have to chronicle the death of Mr. Henry Whitfield, a highly esteemed citizen of Frankinton. We extend our sympathy to the afflicted family in their deep distress.

Something strange—that after you do a fellows work, then he gets mad if you say money to him. Think, before you advertise; but, when you do in our paper, expect to give value received.

Be sure to read the advertisement of Mr. E. W. Fuller that appears in this issue. He has received his spring stock and his store is crowded with pretty and fashionable goods. Be sure to give him a call.

E. G. James & Co., of Petersburg, Wholesale Dry Goods House, would be pleased to see our North Carolina merchants, and feels sure that they can please and suit, out of their large stock of Summer goods.

Mr. George Brown of this place shot and killed on Tuesday morning last, a Fish Hawk of extraordinary size measuring from beak to the tip of his tail, twenty-four inches; across his wings from tip to tip seventy inches; claws five inches.

The merchants of this place have received their full stock of spring and summer goods. After a casual glance at the different stocks we would say that they have shown great taste in selecting their goods. They have always been noted for their liberality and politeness.

SINGING.—We attended on last Sunday the singing of the Methodist and Baptist Sunday schools in Frankinton, which was conducted by Mr. Sidney Eaves, who had been invited to attend for that purpose. Mr. Eaves has certainly one of the finest voices we ever heard, and fully understands vocal music.

Frankinton is alive with pretty goods and more yet to arrive. The Grocery Store of Mr. Mallory is teeming to overflowing with everything in his line. W. H. Mitchell is offering one of the largest and prettiest stocks ever brought to that market. Mr. Price has enlarged his store and filled it to its utmost capacity.

BARROW & PLEASANTS.—We regret that the advertisement of the above wide awake house was received too late for this week's issue. It shall appear in our next. We will state, however, that they are receiving one of the largest and most complete assortment of Dry Goods and Groceries ever brought to this market, which they are offering to the trade, at Northern prices, with freight added.

Mr. Sydney Bartholomew of this county, agent for the Woman's Friend or Steam Washer, has invented a machine that is said to possess far more excellence than the one he now represents. It is said to have eight or ten times the power of the Woman's Friend, throwing water over a two story house. The Washing Machine invented by Mr. Bartholomew acts by steam, and while it far exceeds the other, will be sold for the same price. He has just returned from Washington where he has been to file application for patent.

The following are the appointments for Rev. N. A. Parefoy and the canvassers of this section of Tar River Association:

Mount Zion 3rd and 4th of May.—Sandy Creek 17th and 18th of May. Antioch 31st May and 1st June.

On the first day of each of these appointments addresses will be delivered on the general subject of Education. On the second day there will be religious services followed by a special effort in behalf of the endowment of W. F. College.—Recorder.

He is prepared to make liberal cash advances to those who wish to hold their cotton, charging only 6 per cent int. on money advanced. Write for particulars.

DEODORIZER.—The cheapest is coppers, and it is as effective as any other. Dissolve and sprinkle the water on malarious places. Vessel filled with copper water will remove all unpleasant smells from a sick room.—Ex.

J. T. YOUNG & BRO.

"The Jewelers,"

Have just received direct from the manufacturers another large lot of Young's celebrated reflective peep-spectacles and eye-glasses. Everybody using spectacles should be very careful in the selection of glasses to suit their sight. One pair of glasses too strong for your eyes will do them more harm than a dozen pair can do them good. It is very difficult to improve your sight after it is once injured. So be careful, and use only the best glasses. Try
