WINTER HAS COME.—On Sunday night, we were visited by a very severe thunder storm, the rain falling in torrents, during the entire night, and till Monday noon. The snow then began to fall in large flakes and continued until the ground was covered to the depth of several inches.

ALMOST AN ACCIDENT.—On Monday while two young men in Mr. Fuller's store, were carlessly handling a pistol, it was discharged, the ball passing near the head of one of the young men, and breaking one of the large glasses in the front of the store. Be careful 'boys' how you handle such dangerous weapons.

Godey's *Lady's Book* for December is on our table. The success with which this Magazine has met is sufficient proof of its excellence. In addition to the chromo sent with each number, there will be given to each new subscriber the elegant chromo, 'True to Nature.' We acknowledge the receipt of this chromo, and it is all that is claimed for it, beautiful, chaste and elegant. The fashion plates are gotten up in splendid style and the reading is good. THE AMERICAN FARMER FOR NOVEMBER is at hand, well filled as usual with its substantial array of seasonable matter for the farmer. The aim of this old journal seems to be less to cater to the popular taste for the attractive, than to furnish to the working and thinking agriculturist, in whatever branch, solid fare from the best sources. Most of its contents are original, either from the editors or correspondents of experience in their several departments, but such selections as are presented are made with judgement, with a view to their adaptability to the needs of our section. We can commend the 'Farmer' to our readers as a reliable paper. The publishers offer some valuable premiums for clubs, and will send the last three numbers of this year free to subscribers sending in their names before Dec. 31, Published by Saml. Sands & Son, Baltimore, Md. at $1,50 a year or at $1 in clubs of five or more. Specimen Nos, will be sent free.

We have in our possession a letter from Mr. Wm. G. Noble, of Savannah Georgia, dated Nov. 5th written to Capt. J. J. Davis, of this place, giving a description of the cotton exhibited by Mr. T. C. Warthen of Sandersville Ga. He says, that Mr. Warthen raised on one acre, 5 bales of lint cotton, averaging 448 each, that he had up to the Fair, picked from the one acre, 6,917 lbs. which yielded 2,240 lbs. which is three thousand one hundred and ninty seven, twenty-two hundreds and fortieths of seed, to make one pound of lint. He also states, that 7 or 800 lbs, more of seed cotton was still unpicked from the same acre, which would make near 300 lbs more of lint. The 5 bales were on exhibition at the fair, and sworn to by Mr. Warthen, as all having grown on the one acre.

Mr. Noble states, that, on the 20th of August last, he visited Mr. Warthen and went to see this acre of cotton, which produced such wonderful yield, it was planted, three feet apart, one stalk in a hill, and $35. worth of commercial fertilizer, beside a quantity of stable manure had been put upon it. The seed were of the David Dickson, *prolific*, the cotton was splendidly turned, locking every way, and was about, on an average 5½ feet high.

STATE NEWS.

The Raleigh 'News' says: The panic has reached Graham, Alamance county, the large whiskey distillery of Hutchison & Co. having suspended operations for the present.

The Wilson 'Plain Dealer' says that the store of T. C. Davis & Co., in that place, was broken into on Thursday night and robbed of $300 worth of goods.

The Raleigh News says: Hon, W. A. Graham, of Hillsboro, is preparing an article on the Mecklenburg Declaration of Independence, but we are not advised as to the position the Governor will take in the discussion.

Prominent politicians predict that the rule of the Republican party is at an end. The administration at Washington is much excited over the decadance of the party, as proved by the late elections.—ENFIELD TIMES.

The public Debt of North Carolina is about $68,000,000. Interest accumulating annually $2,000,000, Leaving out the Special Tax Bonds, the State Debt is about $24,000,000. Every one is anxiously looking to the present Legislature to see what they are going to do about it.

WHO CAN BEAT THIS.—Mr. S. M. Stone, Esq., of Pacific, Franklin county, a one-legged man and a life subscriber to the 'Sentinel,' raised this year 'by weight and measure,' to the plow, 55 barrels of corn, 7 oat stacks, 25 bushels of wheat and 12 bales of cotton.' In a letter to the 'Sentinel' he adds: 'I think if my other leg was on, I could go 100 barrels of corn, 100 bushels of wheat, 10 oat stacks and 20 bales of cotton to the plow. Mr. Stone farms with improved implements of husbandry and in making the above crop he employed one colored man, one boy 12 years old and one woman to the plow. Hurrah for Franklin and the one-legged farmer.—SENTINEL.

PARDONS, ETC.—On enquiry at the Executive Department, we find that the Governor has, during the past year, granted 48 pardons, 4 commutations and one respite. Of the number pardoned 18 were white and 30 colored. Of the commutations 1 was white and 3 colored. Of those pardoned 28 were convicted of larceny, 4 of assault and battery, 3 of manslaughter, 3 of burglary, 2 of assault with intent to commit rape, 2 of going masked, 1 of affray, 1 of bigamy, 1 forcible trespass, 1 of concealing birth of child, 1 of arson, 1 of embezzlement. Of those whose sentence was commuted 3 were convicted of murder and 2 of burglary. The respite was granted to the old colored woman, 80 years old convicted of murder in Washington county and whose case is still pending.—R. NEWS.

DESTRUCTION OF BLEDSOE'S COTTON GIN.—Last evening about 9:30 o'clock an alarm of fire was given in the city. The cause was soon ascertained to be the burning of the cotton gin of M. A. Bledsoe, Esq, situated about a mile south-east of the city, a short distance west of the North Carolina Railroad. There are several contradictory reports in regards to the origination of the fire. Some say the fire commenced on the outside while others assert that it originated inside of the lint room, but nearly all agree that it was the work of an incendiary. Some 7 bales of packed cotton, two or three of lint and a quantity of seed were destroyed, amounting in value to about twenty bales. One of the presses was new, and Mr. Bledsoe's total loss is roughly estimated at from $3,000 to $3,500. We could not learn positively whether the property was insured, but are inclined to believe that it was.

It it should turn out that this heavy loss is the work of incendiarism, we sincerely hope that the perpetrators will speedily be brought to condign punishment.—R. NEWS.

GENERAL NEWS.

LITTLE ROCK, ARK., NOV. 13—NOON. The Legislature stands, Senate, Republicans 15, Democrats 11; House, Republicans 27, Democrats 55,

RICHMOND, Nov. 14. W. N. McVeigh was before the U. S. Commissioner to-day on the charge of assaulting Judge John C Underwood, thereby interfering with and obstructing a United States officer in the discharge of his duties. The case occupied several hours, and at the conclusion the accused was bailed in $1,000 to answer an indictment in the U. S. Circuit Court next April. McVeigh's counsel admitted an assault, but maintained that it was not done with any intention to obstruct an official, and that he assaulted the individual and not the Judge.

THE SUN.

WEEKLY, SEMI-WEEKLY, AND DAILY.

The Weekly Sun is too widely known to require any extended recommendation; but the reason which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more, are briefly as follows:

It is a first-rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when of moment, and always presented in a clear, intelligible, and interesting manner.

It is a first-rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first-rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages.

It is a first-rate agricultural paper.—The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no collar. It fights for principle, and for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country, and threaten to undermine republican institutions altogether. It has no fear of knaves, and asks no favors from their supporters.

It reports the fashions for the ladies and the markets for the men, especially the cattle-markets, to which it pays particular attention.

Finally, it is the cheapest paper published. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have The Weekly 'Sun' at this rate. Any one who sends a single dollar will get the paper for a year.

We have no travelling agents.

The Weekly 'Sun'.—Eight pages, fifty-six columns. Only $1,00 a year. No discounts from this rate.

The Semi-Weekly 'Sun.'—Same size as the Daily 'Sun.' $2,00 a year. A discount of 20 per cent, to clubs of 10 or over.

The Daily 'Sun.'—A large four-page newspaper of twenty-eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription price 50 cents a month, or $6,00 a year. To clubs of 10 or over, a discount of 20 per cent.
