W. S. Mallory, Franklinton, is prepared to make liberal cash advances on cotton to be held.

This is a good opportunity for farmers who do not wish to sell their cotton at present prices and who want to raise money.

Hon. S. W. Watts J. S. C. at Chambers decided in favor of Wm. M. Brown the Governors appointee for State printer, against Josiah Turner Jr. Mr. Turner has appealed to the Superior Court. The decision of the Judge surprised no one.

The New York Sun, in speaking of the next Presidential election, says—At the last four Presidential election, the Republican party had it all their own way. The presidents point to it's decisions at the next trial—we say Amen to that.

CORRECT N. In the notice in last weeks paper of the farming operations of Mr. Henry F. area for the last year, there were two errors. He had 176 barrels of corn on 31 acres of land all of which was upland except three acres. The 44 bales of cotton weighed over 400 lbs. each instead of 400 lbs. as stated. We again ask, who can beat us?

RUNAWAY.—On Saturday a horse attached to a wagon made sundry circles on Nash street, finally running into the porch of the Law office of Messrs. Cooke & Spencer, when becoming entangled in the harness fell, and was captured by his sable owner.

Mr. Ke money last and honors by \$12, 50 per day, or \$75 per week, by once applying for a territorial right, (which are given free to agents), to sell the best, strongest, most useful, and rapid selling Sewing Machine and Patent Burton Hole Worker, ever used or recommended by families, or buy one for your own use; it is only \$5, sent free everywhere by express. Address for particulars, R. J. MULLIGAN, Supl., Buckland Sewing Machine, over Greenway and Cortlandt streets, New York.

FRANKLIN UP TO TIME IN FARMING.—We published last week the very excellent yield of corn and cotton made by Mr. Pierce, in the Franklin township. This week Mr. Jas. N. Uzzle reports that with one mule and three hands, (no extra day labor employed.) Made 23 bales of cotton of average weight. If Mr. Pierce, or Mr. Uzzle can be beaten in the county, we would like to learn the name of the farmer. Let us hear.

FIRE.—We learn that on Sunday evening last, the dwelling of Capt. Chen. H. Thomas, about 1 1/2 miles North from this place, came nigh being destroyed by fire. We have not learned the extent of the damages. Too much praise cannot be given to the colored men who happened to be passing the road at the time, and hearing the alarm, ran to the house, and by hard work finally succeeded in putting it out. The fire was caused by a defective chimney.

In our visit to Raleigh last week, and looking around to see the sights in that growing city, we stepped into the coach shop of Mr. N. S. Sharp, and seeing a sign on the door, 'ding the bell if you wish to see the Boss.' We rang, and was admitted. The gentlemanly proprietor, took us into his show room, where we saw almost every kind of wheeled vehicle, Phaetons, Buggies, Carriages and Rockaways; all of the latest styles. Mr. H. assured us that he used nothing but the very best material, and employed the best workmen, and warranted all his work. We do not see the use of passing by the shop of Mr. H. and going North with our money to buy anything in his line, and a look into his show room, will cause most any one to think as we do. Don't send your money so far from home when you can invest it at equally as great advantage at or near home.

[SPECIAL TELEGRAM TO THE COURIER.]

STARTLING NEWS FROM ALL QUARTERS OF THE GLOBE. GREAT EXCITEMENT AMONG ALL CLASSES—THE PRESIDENT CALLED UPON TO ASK HIS AID IN QUINTING THE DISTURBANCE—40,000,000 PEOPLE IN A STATE OF REVOLT—APPREHENSIONS FELT FOR THE SAFETY OF THE CAPITOL BUILDING, AT WASHINGTON—CONGRESS DECLARING THEIR INABILITY TO MEET THE EXIGENCIES OF THE CASE—SPECIAL LEGISLATION REQUIRED ON THE SUBJECT—SENATOR MERRIMON'S SPEECH IN THE SENATE ON THE FINANCIAL QUESTION—PROPOSED CONTRACTION OF THE CURRENT—ANNOUNCEMENT EXTRAORDINARY FROM CALISHER'S BRICK STORE.

CALISHER'S Brick Store Respectfully announces to the public that in order to make room for their spring stock they will offer for the next thirty days their entire stock of winter goods at cost. The assortment is good, and we want to dispose of our winter goods rather than carry them over until next season, we will offer to purchasers EXTRAORDINARY BARGAINS. Remember that for the next 30 days you can buy anything in our store at NEXT COST PRICE.

Money is the root of all evil. When we were a little fellow, we often heard this saying, and can recollect with what pathos and earnestness the preacher of our wisdom endeavored to inculcate this in our training. At one time we thought it an exceedingly good thing, and accordingly held in contempt the much abused article. Now that we have grown wiser we see the folly of our ways, and if we could see the Solomon who taught our young ideas how to shoot, we should immediately pronounce him a fit subject for the Lunatic Asylum, and forth with send him there at our cost. Now our object in writing this is to call your attention to the fact, that we have a large stock of goods on hand. Money is easier to handle than goods, and as a fair exchange is no robbery, we propose that you give us your money and we will give you our goods at cost in exchange for it. Isn't this exceedingly liberal on our part? We offer this inducement only for the next 30 days. After that we won't like money as well as we do at present. CALISHER'S BRICK STORE.

Death of the Siamese Twins. The physician who made an examination of the bodies of the twins, after their death, reports that the gordian knot or band which joined them together was an extension of the sternum (breastbone) about four inches in length and two in breadth. The band was convex above, and concave underneath, and it was supposed, that there were two umbilical cords branching from this, one extending into each body. With our usual promptness to please our patrons we immediately despatched our special artist with instructions (regardless of expense) to procure a lifelike picture of the twins. This he has done, and it is true to nature, and will prove a desirable acquisition to the gallery of all true lovers of art. They can be had free of charge by calling at our store. At the same time bear in mind that we are offering our entire stock at cost for the next 30 days. CALISHER'S BRICK STORE.

Potato lovers will learn with regret that the last year's crop is at least 77,000,000 bushels short. This will have a marked effect on the price of cotton, and this in turn will effect the price of goods; therefore hasten to avail yourself of the opportunity to buy goods at cost, after 30 days we shall sell all goods at regular prices. CALISHER'S BRICK STORE.

In our last, we requested the Board of County Commissioners, to reconsider their order, to have the present old bridge across tar river at this place repaired, and upon examinations of the mounds this morning, we find the order has been rescinded, and the Board are considering the propriety of widening and extending the present bridge, we are satisfied that the necessity for the above changes is urgent, and we earnestly hope that it will be made, for the bridge as it is now, does not answer the purpose for which it was intended. Let us have a WIDER and a LONGER BRIDGE, and we think it would be economy to protect it with a good and substantial covering.

There is so much of beauty and artistic excellence in the February number of the 'Aldice,' no lover of fine art can well afford to allow it to remain a closed book. The promise held out for the New Year, in the January number, of a volume of surpassing worth and taste, is sustained in this issue. A dozen beautiful pictures embellish its pages more than half of which are original American views. Mr. W. M. Cary has a spirited 'Hunting on the plains;' the bounds are in full pursuit of a herd of deer, which are coursing like the wind over the foothills at the base of the Rocky Mountains. Subscription price, \$5, including chroma 'THE EAST AND THE WEST.' James Sutton & Co., publishers 58 Maiden Lane, New York City.
