

FRANKLIN COURIER.

GEO. S. BAKER, PROPRIETOR.

LOUISBURG .....SEPT. 15, 1876.

LOCAL BRIEFS.

The Democratic Executive Committee in this county are doing their work well and the radicals will feel them in November next.

The Democratic party must not fail to elect every single one of their candidates in November. We do honestly believe that every man can and will be elected.

THE FIRST COTTON.—Two bales of new cotton the first in the market, was bought by Messrs. Horton & Malone on Friday last at 11 cents. It was raised by Dr. J. E. Malone and was ginned at Mr. B. P. Clifton's gin.

Old Father Evens, of the Milton Chronicle, thus relieves his mind; Gov. Brogden, the "child of the skies," broke down the platform at the speaking in Kinston and came down flat on his back. No wonder; radical "platforms" are built of rotten timber.

The Daily Constitution, says, "that the Democratic party are running the campaign by lying. If this be the case then the last plank in their platform is gone—but oh my! the very idea of the Constitution making such a charge. We can but think it was joking.

Elect B. T. Ballard, D. H. Gill, Dr. R. T. Webb, Norman Long and A. S. Perry, and you will see a very different state of things in the County. You will see county bonds advance in the market. You will see retrenchment and reform in every department which they have the management of. With Tink Martin for Register of Deeds and Clerk to the Board, everything will go on smoothly and satisfactorily to the whole people.

We call attention to the advertisement of Messrs. White & Shaw, for New Goods, which they are selling at extremely low prices for cash:

- Sugar 12 1/2 to 15cts.
Coffee 20 to 25cts.
Bulk Sides 11cts.
Refined Lard 15cts.
Flour 4 5/8 to \$8.00 per Bbl.
Bleached and unbleached cloth at 6 1/2 cts. and upwards.

"We must lie like hell in this campaign or else we will be beaten." These are the words of Revenue collector I. J. Young, the radical candidate for Congress in this the 4th District, against Hon. J. J. Davis. We don't think there was any necessity for such advice from this plant tool of the radical party, as this principal seems to underlie and support the very structure upon which his party is reared. Tell them something hard to do Ikey!

REQUEST.

We most earnestly ask our friends to assist us in circulating the COURIER during the campaign. It is only fifty cents for three months. Friends work just a little, don't rely on and expect us to do all, only a word from you may do great good toward circulating the paper in the county. There are a large number of men in the county who do not read the paper, help us to put it in every family. Please don't read this request and as soon forget it.

By reference to the action of the Senatorial Convention which met in Nashville on Monday the 4th inst., will be seen that Nicholas W. Boddie of Nash and Henry G. Williams of Wilson were selected as our standard bearers in this Senatorial District. Better selections could not have been made. They are both true and tried Democrats and we know that our cause will be safe in their hands. Then men of Wilson, Nash and Franklin we must elect them. This is the time we cannot afford to lose, we can win and we must win. Hurran for Boddie and Williams.

A CARD OF THANKS.—The Louisburg Cornet Band return their sincere thanks to their friends, and the public generally for their kind attendance at the late Concert. To the inmates of the College they are greatly indebted for the use of the Chapel and many other accommodations rendered.

To the Misses Crenshaw, Mrs. J. S. Barrow and Miss Carrie W. Brodie, whose co-operations added so much to the pleasure and success of the occasion, they are especially indebted, and they have the sincere heart felt thanks of every member of the band.

The Piano used at the Concert, given by the Cornet Band under the direction of Prof. Neave was one of Knabe's grand. It was furnished by Miss C. A. Crenshaw of the Louisburg Female Seminary.

Remove sympathy from the human breast and there is a vacuum created only to be exceeded in size by that produced by the removal of a "Light Running Domestic" from the midst of a family where it has been for years. Get a "Domestic"

POLE RAISING.—The Tilden and Vance Club of Pacific, will have a "flag raising," on Saturday. A number of speakers will be present, and a good time will be had. They have also invited the Louisburg Cornet Band to be present. We guess they will be on hand in their splendid four horse band wagon.

PERSONAL.—Mr. R. M. Furman senior editor of the Asheville "Citizen" was in town on Friday last, on a visit to his parents. He only remained one day and night. He brings good news from the mountains, he says that Gov. Vance will come over the mountains with a large increase over Merrimon's vote.

Miss Mattie Lewis, of Granville, is on a visit to our town, she is the guest of Mrs. Shaw.

Our incorruptible candidate in this Senatorial District, N. W. Boddie of Nash, arrived in town on Monday night, and remained Tuesday. He was looking well, and is in excellent spirits confident that he will be elected by a large majority over little Johnnie Sharp. He reports Nash as all right for Tilden, Vance, Davis Boddie and Williams. Nash has never been a laggard in the fight for constitutional law and civil liberty.

The radicals in this county are getting desperate, they cannot keep their temper, when the rascality and stealing of their party is brought right before them by the Democrats, and not only are they told of it, but it is proved beyond the shadow of question. Oh! how they do writhe and wrinkle their brows over it, and scratch their heads. Hurts don't it?

Louisburg, Sept. 12th 1876.

Editor Franklin Courier:

DEAR SIR.—I received a letter dated Sept. 5th from D. L. Lancaster, informing me that the Republican Convention, which assembled at Nashville, Nash County, nominated me as one of their candidates for the Senate. You will please announce that the action of said Convention was not authorized by me, nor will I accept the nomination.

Very Respectfully

JOSHUA PERRY.

Rocky Mount Mail and Wilson Advance please copy.

We call special attention to the advertisement of the Farmville Insurance and Banking Company. This company has been doing business in this state for a number of years. We fell safe in saying to those who wish to insure their property, that they can insure in no safer or more liberal company than the Farmville. It has complied with the strict laws in reference to insurance companies in this state. It has deposited with the state Treasurer \$10,000.00 for the protection of policy holders in this state. An examination into the standing and reliability of the company is invited.

We cheerfully give publication to the card of Mr. Joshua Perry declining the nomination by the radical convention which met in Nashville on the 4th Inst. as one of their candidate for the Senate from this district. We felt sure when we heard that he had been nominated, that he would say to them as he did to the radical convention which nominated him for one of the commissioners for this county, that they used his name without his knowledge or authority and that he could not and would not accept the nomination at the hands of their party.

No Excuse for Being Sick.

No person can use BOSCHER'S GERMAN SYRUP without getting immediate relief and cure. We have the first case of coughs, colds or consumption or any disease of the Throat and Lungs yet to hear from that has not been cured. We have distributed every year, for three years, over 250,000 sample Bottles by Druggists in all parts of the United States. No other Manufacturer of Medicines ever gave their preparations such a test as this. Go to your Druggist Dr. J. B. Clifton Louisburg, N. C., also H. S. Furman Franklin, N. C., and get a bottle for 75 cents and try it.—Two doses will relieve you. Sample Bottles 10 cents each.

Mr. Moses Amos, Agt., for that live wide awake Democratic paper the Raleigh News, arrived in town on Monday. We hope he met with that success, which the excellent Journal for which he is acting, deserves.

"Madam," said a doctor to a patient recently, "when anything is cured it's ended."

"I can tell you something that ain't ended when it's cured," said the little boy who happened to hear the remark.

"What is it?" asked the doctor smilingly. "A ham," and he "scud" out of the room.

The examination of the report of Messrs. Yarboro and Spencer relative to the over pay made, and the extravagant bills paid to the Register of Deeds, by the Board of Commissioners, was taken up on Monday the 4th inst., but was not finished, further consideration of the matter was postponed until another meeting. We cannot say what will be done. We believe it was admitted by the board that the \$244.80 extra charge on the tax list, was not in accordance with the law, and that the \$255, extravagant charge was only a difference in judgment by the committee and the Board as to the value of services rendered. We cannot tell what will be done with the matter.

THE BAND CONCERT.—To say that the Concert by the Louisburg Cornet Band, given last Tuesday evening was a success, but feebly expresses the opinion of all who were present; we must confess that it far surpassed what any of us had reason to expect. The stage was tastily ornamented with wreaths, flowers, flags &c. The word 'Neave' and the initials. 'L. C. B.' together with a number of pictures adorned the walls, while too beautiful vases containing large bouquets of choice flowers, stood upon the Piano, evincing both refinement and taste in all the preparatory arrangements, and increasing the pleasure of the evening by delighting the eye and at the same time, rejoicing the ear.

The performance of the Band was exceedingly good, and not only reflected credit upon the skill of their teacher, Prof. Neave, but upon the rapid progress of the members. We cannot particularize on all the pieces, because each one deserves individual praise. Though expecting a great deal from Prof. Neave, we were by no means disappointed. His performances on the slide Trombone and Cornet, were really astonishing and delightful. The instrumental quartette by the Misses Crenshaw, Prof. Neave and Mr. H. M. Barrow; and the vocal solo—"Think of me," by Miss Carrie W. Brodie, with Piano, Flute and Cornet accompaniments by Mrs. Barrow, Prof. Neave and Mr. J. A. White, were considered by all as the gems of the evening. Taking all together we doubt much if a concert with higher musical talent and finer execution has ever before been rendered in Louisburg.

THE SPEAKING ON TUESDAY.—The ball was put in motion by I. J. Young the republican candidate for Congress from this District against Hon. J. J. Davis. He spoke his full time and it was the same old same, nothing new, it was the Great National republican party, which had done so much for the country and particularly the dear colored man. He was met at every point by Capt. Davis who handled him and the corrupt party he represents without mercy, showing up their acts of venality and extravagance, in so plain a manner and backed up by such incontestable proofs that none could fail to see it.

Mr. F. H. Busbee, the Democratic elector for this District spoke for one hour, on the same day, to a very large audience. His speech was delivered with earnestness and power, and his argument convincing.

Gen. W. R. Cox, our able and most efficient chairman of the Democratic Executive Committee for the state, made an able and elegant speech for reform, retrenchment and civil liberty. Franklin will send up a good report in November next, and we expect to hear the glad notes of rejoicing, ringing all over the land of ours in November. That the country is saved the country is saved.

SPEAKING AT SANDY CREEK

Notice having been given a week in advance that Hon. Jos. J. Davis, and Col. I. J. Young, rival Candidates for Congress in this District, would address their fellow citizens at the above named place on Thursday the 7th inst., a crowd of men of about two hundred were assembled to hear them. Hon. J. J. Davis being absent at Warren Court, was ably represented by Col. W. F. Green, an eloquent and soul stirring speaker who last year triumphed victoriously over the radicals, and was honored by the honest citizens and white men of Franklin County by being elected to the constitutional convention.

When we arrived Col. Green had been speaking a few minutes and the crowd was listening with breathless attention to his recital of radical misrule, corruption, and thievery. He explained how the county had been robbed of thousands of dollars either by the radical county officials, or through their negligence, with so much plainness and simplicity, that the most ignorant negro within the hearing of his voice could understand, and it will be to their shame if they fail to break up so much corruption in the coming election by voting for the same men, which the radical party now put forth. We have not time to tell all he said, but the blows fell thick on the radical party and on Isaac's devoted head.

We looked around for Ikey. He was not hard to find. Sitting in a chair leaning back against the speakers stand, an expression of perfect serenity and confidence pervaded his countenance. He was smoking a cigar and as the smoke curled out of his mouth, and was wafted away, it reminded us of the feeble chances of his election, which was daily and hourly sliding away from him.

We felt a peculiar sensation come over us standing there watching that self confident countenance, so full of brazen impudence, who reckoned on easy victory and success already won. We tried for a moment to imagine that man in Congress, but the idea seemed so novel, strange, impossible and ridiculous, that we laughed out right at Ikey: how much pleasure we will take in screwing the lid on his coffin the 7th day of November next.

Ikey's speech was altogether devoid of argument composed of appeals to the passions of the negroes, and mistated facts. Having the last reply he endeavored to use every unfair means which lay in his power, by telling what was not so, knowing that he could not be answered.—Never before in his life did Ikey stand more squarely and firmly to the advice he gave his party, than on that occasion, "to lie like hell and stick to it." Assets, \$250,716.39

(\$10,000 United States Bonds deposited with Treasurer of the State for the benefit of Policy Holders.) The undersigned takes great pleasure in calling the attention of the insuring public of North Carolina to the following brief statement of the progress and health by increase of the FARMVILLE INSURANCE AND BANKING COMPANY:

Table with 2 columns: Date (1st January, 1873-1876) and Assets (\$109,096 15 to \$250,716 39)

Such a steady growth shows the prudence and ability by which the management of this Company has been characterized, and this, too, in spite of the fearful business depression of the past two years. The assets are all invested in the very best securities, as is evidenced by the fact that the "Farmville" is now doing business in many States whose Insurance Laws demand the most rigid examination into the character of a company's assets, before admitting a company to do business within their borders.

With such a record as the "Farmville" has made, by its liberality to its policy-holders, it can hardly fail to receive from an appreciative public a hearty and cordial support in the future.
