Concord Register: The dwelling house of Mr. Alexander White, near Coddle Creek Church, Cabarrus county, was totally destroyed by fire, about two weeks ago. The origin of the fire was a defective chimney. Mr. White's loss was heavy.

The dwelling house, and kitchen of Mr. Martin Propst of Township No. 5, Cabarrus county, was burned last Tuesday morning. Mr. Propst lost all his kitchen fixtures, and much of his household goods. It is supposed that the origin of the fire was accidental.

One hundred and fifty thousand trout were caught within a mile and a half of Jacksonville, Onslow county, in one day during the present week. They were easily caught on account of being benumbed with the cold. So says an informant of the Wilmington Star.

CREMATION, as thus far dealt with, shows that a woman's jaw-bone holds out against fire the longest.

It is mean to snicker in your sleeve when a woman slips down and then rush to her assistance with tears in your eyes, and tell her how sorry you feel.

He took a sudden seat, he did. In all his gorgeous foppery; Such mournful spectacles we see, When sidewalkers are so sloppery.

And she, poor girl, went down with him In all her pull-back frippery; Such tragic incidents take place When sidewalkers are so slipperly."

A copy of Shakespeare free to every reader of the New York Family Story Paper. A large lively interesting and instructive weekly, published by Norman L. Munro, & Co., 74 Beekman St., New York. The snow storm has done considerable damage in the East end of the county. We have heard of a number of roofs being crushed in &c. So far no human lives have been reported as lost. Mr. Eph Reinhardt lost some valuable stock. The damage to J. W. Derr's furnace was considerable &c., &c.

Personal.—We are glad to see in town our old time friend Mr. R. K. Warring of Baltimore Md. Mr. Warring though comparatively a young man, has been travelling South for a great many years. For the last ten years he has been connected with that sterling firm John Merryman & Co. of Baltimore Md.

A Negro Man Killed—Three Other Negroes Implicated. Yesterday W. N. Alexander, Coroner of the county, arrived in the city with three negro men, named Richard Walker, Fletcher Walker and Mose McMillian, charged with the murder of one Sam Ross, also colored. It seems that on Tuesday night there was some sort of a gathering of colored people on the premises of Mr. W. N. Alexander, who lives about six miles from town. A difficulty occurred between Ross and the parties mentioned above. From our report of the matter, all three of the men were beating Ross, when one of the number, Richard Walker, drew a knife and cut Ross in a terrible manner, so that he died almost immediately.

Coroner Alexander arrested all three of the men, and before noon yesterday they were committed to jail to await trial before the Magistrates, which will take place this morning.—Charlotte Observer.

PERRY BOYD, the young man who was committed to the county jail in default of bail several weeks ago for an assault with intent to murder, is in a very bad condition, mentally. We were present yesterday morning while Doctors J. A. Reedy and Sumner McBee were examining Mr. Boyd, and if he is not crazy he knows well how to act the lunatic to perfection. Sheriff Robinson informs us that the prisoner is extremely unruly, it is almost impossible to keep clothing on him. He imagines that the Masons are seeking his life, is continually watching for "signs" and will closely imitate every movement of any ones limbs that may be within his

vision. He is violent at times and tries to do bodily harm to any one that he can get hold of. He has assaulted the sheriff on several occasions. We do not know what the result of the doctors consultation will be, but suppose they will decide that he is really insane.

We received a communication last week, over the Nom de plume "Prohibition." While deploring as deeply as Prohibition, the growing evil of Intemperance in our midst, and being willing, as journalists, to help all we can to stop the fearful inroads it is making upon "the social body." We are not willing to admit anything into these columns of a personal character. We will gladly publish any thing that will tend to the advancement of Temperance and its many-fold blessing, and Prohibition, may with perfect impunity, "pitch into"—the real offender—the dram drinker—with all the cutting irony and bitterness of his finest and truly eloquent pen. But as many of "the prominent members of our churches" and influential "business men" voted for the "license law" we think it would be better to withhold such violent essays, for the present at least. Let Prohibition first convince the good people of this town that the existing law is a "league with hell and an agreement with death" and we will assure him, that they will in their might, arise and put this thing from among us.

We have received the January number of LEISURE HOURS, a handsome mammoth 16 page (64 columns) family paper, filled with the choicest literature—serial and short stories, sketches, poetry, wit, humor, &c., &c. It is entertaining, amusing and instructive, and is one of the cheapest papers—the amount and quality of matter considered—that we have seen. The price is \$1.20 per year, including as premium a genuine fine-line steel engraving, called "The Mitherless Bairn," printed on 22x28 plate paper, which the publishers claim is superior in point of merit and attractiveness to any premium ever offered by any other paper in this country, and is alone worth the money asked for both. The publishers, J. L. Patten & Co., 102 William st., New York, authorize us to say, that in order to introduce the paper in this vicinity they make a special offer to every one of our readers to send them the paper—a "trial trip" of four months, post-paid, commencing with the January number—for 25 cents.

Our readers who avail themselves of this offer will, we feel certain, thank us for having called their attention to it. The publishers of LEISURE HOURS would like to employ some one in every place to canvass for this paper.

COUNTY GOVERNMENT. Letter From Lincoln County. To the Editor of the Raleigh News:

Sir: In your issue of the 18th of December I find a communication from W. H. Oliver, of Newbern, in relation to a change in county government. So far as we of the western counties are concerned or interested in the matter of county government, we can get along very well under the present law of electing county officers, but in order to relieve our eastern brethren of some of the burdens they are forced to bear under the present system of county government, we ought to yield to some plan of amendment. And while I cannot fully concur with Mr. Oliver in his plan, I doubt not that his would be a marked improvement over the present. I think, however, the better plan would be for the General Assembly to appoint the magistrates, on the recommendation of the citizens of their respective counties, taking care at the same time to see that none are appointed or commissioned who are unworthy, say two or more in each township, if the people desire it. Let the magistrates elect the county commissioners annually at the court house, say on the 1st Monday in January, or at some other time to be specified by law. The duty of the county commissioners to be the same that it now is, and all other county officers be elected by the popular vote of the county. Then restore to the magistrates the jurisdiction to which they are entitled under the constitution, and of which they have been deprived by an unwarrantable assumption of power by the Legislature. And a large amount of business will be disposed of in the magistrate's courts instead of expensive investigations in the court house. And, just here, I will offer my dissent to Mr. Oliver's plan of an inferior court. If we have to have an additional court give us an inferior judge in each county, to be elected by the magistrates, annually or otherwise, as the General Assembly shall prescribe, though I would prefer the magistrates electing the inferior judge. This plan, as suggested, though not very radical in change, would to a very great extent relieve our eastern brethren and would by no means prove injurious to the west or central part of the State.

Lincoln, Co., N. C., Dec. 30, 1876.

Wonderful Success. It is reported that BISHOP'S GERMAN SYRUP has, since its introduction in the United States, reached the immense sale of 40,000 dozen per year. Over 6,000 Druggists have ordered this medicine direct from the Factory, at Woodbury, N. J., and not one has reported a single failure, but every letter speaks of its astonishing success in curing severe Coughs, Colds settled on the Breast, Consumption, or any disease of the Throat and Lungs. We advise any person that has any predisposition to weak Lungs, to go to their Druggists W. M. Reedy, & Co., and get this Medicine, or inquire about it. Regular size, 75 cents; Sample Bottle, 10 cents. Two doses will relieve any case. Don't neglect your cough.

The appointment of Dr. W. G. Curtis as quarantine physician of the port of Wilmington gives great satisfaction.

"Old Reliable." There are many reputed remedies for that very prevalent disease, Chronic Nasal Catarrh, but none which have given general satisfaction and become acknowledged standard preparations, except Dr. Sage's Catarrh Remedy. It continues to enjoy an unprecedented popularity. This reputation has been earned through the permanent cures which it has wrought having proved itself a specific in the worst forms of the disease. Pierce's Pocket Memorandum Books are given away at drug-stores.
