A WELCOME ACCESSION.

An Exclusive Shoe Store to be Opened Here.

Elizabeth City is nothing if not metropolitan. Her next accession is to be an exclusive shoe store. The only exclusive shoe store in the Albemarle section.

The Owen's Shoe Company has rented a fine store room in the new Flora building and will fill it with as complete a line of men's woman's and children's footwear as may be found in the State. The entire stock was made for the company by the finest products of the manufacturers art.

Mr. M. Owens, the head of the Owen's Shoe Company, is a native of Plymouth, this state, where he has always enjoyed an enviable reputation as a merchant and citizen. He will no doubt become equally popular here, as he deserves to be. He will confer a favor upon the city by adding to our establishments another up-to-date store and our people should appreciate his efforts.

ALLIGATOR PUNCTUREPROOF-SELFHEALING.

This tire we have had out for the past two years and after submitting same to the most extraordinary trials all this period we now feel satisfied it will stand the most severe tests. It can be punctured—so can the heavy and expensive government armor plate; but it overcomes completely the annoyance of the so-called "happening" small punctures, which make cycling so uncertain. Nails, tacks, glass and other numerous such common puncture-breeders have no effect on this tire. Ninety per cent, of all punctures are of this class, so that chance of an accident to this tire is only nominal.

We have on record many instances of these tires running six months without reinflating and twelve months without a puncture. We know everyone desires such a tire for road use and we cannot recommend this too highly. Backed by our reputation.

Price \$6 per pair, less 10 per cent cash.

They have other bicycle tires that they guarantee against punctures, so you see when you have a pair, you are all O. K., price \$10 less 5 per cent cash, they have other tires ranging in price from \$1.25 to \$2.50 each tire, price as to quality. M. & W. Inner Tubes No. 1, \$8 per doz. No. 2, \$7 per dozen. Rims, 15c to 25c each. Write to H. C. GODFREY & CO., for Low Prices and Good Goods.
