WANCHESE.

Saged Thoughts of the Old and New Year—Christmas Entertainments Were Good—Young People Return.

Correspondence of the TAR HEEL.

Wanchese, Jan. 13.—

Christmas is over. The old year is in the past with all its joys, its sorrows, its bright days and its dark days, all of its temptations, disappointments, trials and cares are but a memory. The new year is here untried and what it has in store for us, we can't tell. One thing we do know, to those who live to its close will come many opportunities for deeds of richness and words of cheer, let us use every opportunity for good, no matter how small. Suppose we take this little verse along with us.

Help some body whenever we can,
Man forever needs aid from man;
Let not one day die in the west
That we have not comforted some sad breast.

Miss Dora Tillett has been very sick but is rapidly recuperating. We are sorry to say the health of Mr. E. M. Riggs does not improve.

The Christmas entertainments at Wanchese were both good, and which one was the better we are not competent of judging. We were very pleasantly entertained at both the Church and Academy.

Misses Hattie and Emily, daughters of Rev. C. R. Taylor, spent their vacation at Wanchese with their parents. We wish their stay could have been longer, they are excellent girls and could not be otherwise with such good parents.

SCHOONER ASHORE.

Discovered by Sportsmen—Rescued by Kinnekeet Crew.

Avon, Dare Co. N. C. Jan 15.—Ed. TAR HEEL.—Dear Sir—I desire to report through the columns of your valuable paper the following: On December 31st, the three mast schooner, Charles T. Strawn, of Bethel Del., from Elizabeth City, bound to Cape Charles, ran ashore on the north side of the channel and lay there about four hours. The reporter being out shooting brant and geese, happened to be near by and went to their rescue. We found on board: Dr. Blades and Mr. Oliver Gilbert, of Elizabeth City, N. C. and other northern sportsmen who seemed very anxious for shooting. Signal of distress was as once hoisted, and in a few minutes the keeper and crew of the big Kinnekeet life saving station was on the scene for action and in a short time the vessel was floated and taken out in deep water and given up to the captain. This is another instance showing the need of a light house at the Cape Charles. The TAR HEEL would do those who sail the waters of North Carolina a deed of kindness to take up the matter and hurry it along. We especially ask that a copy of the paper concerning this report be sent to Hon. John Small, of this district, at Washington.

Yours Truly,
C. H. GRAY.
