## HATTERAS.

Correspondence of the TAR HEEL.  
Hatteras, Feb. 3.—  
One of the most interesting events which we have been called upon to chronicle for some time was the recent marriage of Capt. Levin A. Quidley to Miss Laura Odin, daughter of Mr. and Mrs. Charles Odin, of this place. The wedding was a quiet home affair with only the friends and relatives of the contracting parties in attendance. The ceremony was performed by the Rev. L. E. Sawyer, at the home of the bride's parents. After the ceremony the young couple, with a few friends and relatives, went to their own home, where a delightful wedding supper was served. Capt. Quidley is the master of the schooner, Lorena, running from Hatteras to Elizabeth City. He has held this position for years, and is probably as well known at Elizabeth City as at Hatteras. He is a young man of fine business ability, and by his thrift and industry has built for himself one of the nicest homes at Hatteras. He is kind and obliging in his business, and has a host of friends wherever he is known. His bride is a young lady of exceptional qualities, of whom Hatteras feels justly proud. She has lived here all her life, and her kindly disposition, amiable manner and graceful charm of character have won for her a large circle of friends and admirers. The young couple start out in life with all that could be desired to make them happy, and their many friends join together in wishing that joy and happiness may attend them throughout.

Mr. F. G. Worth, Superintendent of the U. S. Fish Commission at Edenton, spent the day at Hatteras this week. Mr. Worth, with a party of gentlemen from Washington City, has been spending a week or more at Capt. Hatteras on a hunting trip. The party have had splendid success, having found plenty of game, including several deer which they will take home as trophies of their trip. Mr. Worth expressed himself as being charmed with our locality.

Messrs. Dozier & Stormont, of Virginia Beach, who are putting in a large fishery here, landed their supplies and material this week. They have built a large, substantial house on the beach near Hatteras, and will put in a large pond-net in time for the run of shad which comes next month. This is a new departure in our fishing industry, and it is the sincere wish of all that they may be abundantly successful in their undertaking.

Rev. S. B. Jones, of the M. E. Church South, has recently arrived and entered upon his work as pastor of our church here. Mr. Jones has already made a decidedly favorable impression upon our people. He is a young man of exceptional qualification, and in his work he is energetic and persevering. His sermons are forceful, eloquent and impressive, and our people consider themselves fortunate, indeed, in having such an interesting minister for the years work.

The project of the Elizabeth City Board of Trade with reference to getting steamboat service to Hatteras has been noted here with deep interest. Of all things Hatteras needs steam transportation the most. We have all the natural advantages in the way of fine climate, unlimited travel we could put our natural products on the market, thus building up lines of trade that are now not even touched.

## MASHOES.

Correspondence of the TAR HEEL.  
Mashoes, Feb. 3.—  
Our people are in general good health and are busy getting ready for the spring fishing. The sloop "Defender" has just arrived in our harbor with a large tow of shad boats en route for the lower sound, where the Twiford Brothers will do a large gill net fishing this season.

We are expecting to begin putting in our nets on the third day of February.

Mr. Henry Dillon and Joe Austin, of Manteo, with their families are residents on the John L. Hinton fishery.

The Weymouth ice house has been converted into a dance hall and the young people are having a large time.
