A FIRE FRIGHT.

The Alarm Gave Citizens a Jar.

I was about nine o'clock Thursday night that an alarm of fire was turned in from the seventh ward. The clamorous clang of the fire gong, sounding a call to the firemen, was heard for the first time in weeks, Both departments responded.

The engine room of Commanders mill was in a light blaze; but the diminutiveness of the structure offered but little purchase for the flames and the colored hook and ladder company were quick in getting the blaze under control and a moments work of the Albemarle boys extinguished the flames.

The loss amounted to but a few dollars and was covered by insurance.

At 2:30 o'clock Friday afternoon another alarm was sounded. This time it was the culinary department of Mrs. Fearings boarding house, corner of Road and Fearings Sts. It was only a slight blaze, originating from a defective flue, and was easily conquered with the timely application of a few buckets of water.

SOME RUMORS.

Robinsons Circus Coming and Fast Trains on N. & S.

Two interesting rumors are afloat. One is to the effect that Robinson big circus is coming next month and the other is: that the Norfolk and Southern Rail Road will run a fast train between Edenton and Norfolk; stopping only at Hertford, Elizabeth City and Moyock.

This rumored fast train is to replace the morning and evening passenger trains. And it is said will leave this city at 8 a. m., going north, and arrive here at 7 p. m., going south. This will enable those, who have business in Norfolk, more time to spend in the city. It is thought that this is a move upon the part of the Chamber of Commerce of Norfolk; to offer Eastern North Carolinians better inducements to trade in that city.

Apology for Nonpublication.

We have to hand, two very interesting communications which we are forced to reject for lack of space. One is from Mr. Jobe Sawyer of this city, who is seeking health and pleasure at Seven Springs, N. C. The other is from Rev. C. W. Duke and is descriptive of his trip to Currituck beach. While very entertaining their length does not permit us to use them.

"Brevity is the soul of wit," Let your communications be the soul of brevity.
