We are pleased to acknowledge a call from Capt. J. C. Simpson and Wm. Beasley, prominent citizens of Wanchese, Dare County. Capt. Simpson, who has been at sea since the age of six years, is very entertaining on the subject of navigation. He enjoys the destination of having made the quickest trip from these parts to the West Indies. The trip was from Newberne to Martinique and the time employed was only thirty days, which is the best record ever made by sailing craft.

Washington Screens Removed.

Rev. R. C. Beaman, who was pastor of the Methodist church of this city and succeeded during his pastorate here in having an ordinance passed forcing the removal of screens and glazed glass from the barrooms, has succeeded in getting a duplicate of the Elizabeth City ordinance passed.

The Washington bar keepers retained counsel and fought the bill's passage and now they have formed a pool and will test the ordinance in the courts. The barkeepers maintain that the State that makes the general laws and receives the

larger promotion of the whiskey license money is the body to make laws governing their business and not an individual community. They look on it as an encroachment on their rights. Elizabeth City attorneys are of the same opinion as Washington legal talent and believe that the prohibitory ordinance would not stand a five minutes show in the courts.

Profitable Planting.

That farming will pay handsomely in this section even by the way has been demonstrated right at our doors by Mr. C. E. Anderson, of In February of this year Mr. Anderson sold out his mercantile business in this city and leased a small farm about one mile from the outskirts of the town. With one horse and the aid of a farm hand Mr. Anderson has made \$1,000.00 this year. That was his statement to a Tar Heel reporter yesterday morning.

Another Letter.

Yesterday the editor of the Tar Heel received another anti-Tuttle letter. It is from Rossel E. Mitchell and is accompanied by his request to publish same. Here it is:

Editor Tar Heel:

I have been criticised for apparently agreeing with Rev. Mr. Tuttle in his sensational abuse of certain parties Sunday before last when as a matter of fact, I knew Mr. Tuttle was laboring under a wrong impression when he stated that a few ladies deliberately received into their houses people of known bad character.

Unlike Mr. Tuttle I did not attend the fair and knew nothing of its character until I heard his sermon. I then agreed, as he asked, to do all in my power to prevent a re-appearance of more such shows in Elizabeth City. I deeply regret Mr. Tuttle's mistake in denouncing innocent women. For my part I have too great a respect for the sex to draw any such inferences as he threw at respectable women, in

his sermon, and because of the wrong impression he gave me I would not feel it my duty to clear myself in the eyes of my friends by this statement. I am, however, a subscriber of the Tar Heel.

Nov. 19, '02.

Next Sunday's series of revival meetings, to continue two weeks, will assist the Pastor, Rev. Weston Bruner, D. D., of Ball Bluff. The First Baptist Church begins tomorrow.

Mr. P. B. Wilkes, route agent for the Southern Express Company, complimented the efficiency of Mr. J. D. Sykes the agent at this point. Mr. Wilkes said that the business afforded his company by this city now justified the installment of a wagon and that he would have an up-to-date express wagon sent here at once. Said he "there is no truer barometer to a city's importance than the express office. The receipts of your office are commensurate with many towns of twice this size."

BEREA.
