

## WEEKSVILLE.

Correspondence of the Tar Heel. Weeksville, N. C., Mar. 2.—

There will be a box supper at Salem Saturday night March, 14th, for the purpose of furnishing a library for the Sunday school. We have one of the finest schools in the country, and it needs books for the children.

We have one of the best school teachers in the public category. She is up to date in every particular, and loved by all her pupils. It looks as though the present session will continue ten months.

The free delivery of mail is now in effect in our community, though but few mail boxes have been put up as yet. This is a great improvement, and is duly appreciated.

Many potatoes have been planted here and there would be more truck of every kind, but for the miserable transportation. Our water way is the only way in which to ship our produce. What we need is capital to dredge out the base of Newbegun creek, or an electric railway line to other points. This locality is beyond a doubt an excellent section for such transportation.

Our fishermen are now getting their seines ready for herrings. Several established firms are making ready for the season.

Harveys Point yet stands at the head in potato planting. Davis and Berry are the largest in our section. Harveys Point is one of the finest farms for truck which we have. George Davis dropped, by hand, fourteen barrels of potatoes, in one day.

Rev J. B. Ferbee will preach on the sinfulness of the church at his next appointment. His text will be "The Lord is my Shepherd, I shall not want." The public are invited.

A number of the farmers around here are going to try tobacco culture this year. If the test proves successful a great deal will be planted next year.

Mr. George Palmer of Kehukee is quite ill with lagrip.

Our superintendent Mr. C. C. Sawyer gave a very interesting address to the Sunday-school Sunday morning.

Public school teacher Miss Sobrey Hutson gives her bible class a very interesting lecture every Sunday. She is an excellent teacher and thoroughly in love with her work.

Mr. Allie Coppersmith and wife spent Saturday with Edna Corbitts near Woodville.

Post Office and store. Mr. E. Conery, Sr. and Mr. J. J. Isler are at Buffalo City fixing the mill with the intention of starting up soon.

The tug McIntyre was forced to go to E. City to have her boiler fixed.

A sad occurrence happened at Mashoes Feb. 26th., the little four year old daughter of Mr. Monroe Midggets, while her mother went out secured a loaded gun and by some means it fired and blew the top of the child's head off. When its mother heard the shot and went in the child was dead.

Shad fishing is very dull at the present but the indications are for a good fishing yet.

The Richmond Cedar Works is having a large lot of timber watered at Lake Landing. They have two skidders, a lokie, and a small saw mill there, and they are building up a little town at that place. Mr. E. Ludford the general manager at the works is making lots of improvements.

## AYDLETT.

Correspondence of the Tar Heel. Aydlett, N. C., Mar. 2.—

Mr. Ackes and his best girl who were out driving yesterday had an unlucky and somewhat dangerous episode. The horse in passing through a puddle of mud turned the buggy over and threw them into the slush. Mr. Ackes suffered a sprained hand, though the lady was practically uninjured.

Mr. James Sanders passed through our little town yesterday with his handsome pair of horses; the quickest pair of animals in the county.

## PORTSMOUTH.

Correspondence of the Tar Heel. Portsmouth, N. C., Mar. 2.—

Mr. David Salter is about to finish his new fish house on the Carter rock, his wharf extends off into the main channel at the depth

of about nine feet of water. The steamer Newberne will stop at this wharf, it will not only be a fish house but also a freight house which will make it very convenient for the merchants of this place; also the fishermen. We wish Mr. Salter much success and hope to see him patronized by every one as he is not only trying to do something for himself but also his fellow fishermen. This seems to be our greatest trouble in the past; no transportation. All the freight which came by the way of Elizabeth City had to be stopped at Ocracoke which is five miles away. This also means aid to Elizabeth City as the merchants can make better bargains than in Washington so let us all hope for Mr. Salter's success.

The fishermen seem to be getting down hearted as they are not catching many fish. That is due to so much westerly weather.

Miss Gertie Midgett is the guest of her sister Mrs. Dixon.

On the evening of February 25, at eight o'clock, Moyock M. E. Church was the scene of a quiet but very pretty wedding, the contracting parties being Miss Alice Robert Poyner and Mr. William Hilary Creekmore, both of this place.

To the strains of the Lohengrin wedding march the couple approached the altar, the bride attended by Miss Bettie Burgess; of Shawboro as maid of Honor, and the groom by Mr. Mark Hathaway as best man. After Rev. J. Y. Old had pronounced them man and wife. Mr. and Mrs. Creekmore left the church to the strains of the organ, and the whole party proceeded to the residence of the brides mother, Mrs. Poyner.

Miss Una Reese presided at the organ in her usual accomplished manner.
