MET WITH ACCIDENT

Hatteras, N. C., Sept. 13th 1909—Mr. H. B. Stowe, one of our most popular townsmen, suffered a very serious accident this morning in which his left leg was broken between the knee and the ankle. Mr. Stowe was engaged in assisting in the transfer of a boiler from the schooper Susie Muir to the factory of Mr. Wm. F. Nye at the time of the accident. The boiler was being rolled along the wharf from the end of the dock to the factory and Mr. Stowe was inside the boiler passing the rollers forward as the boiler was being moved along. By some means the boiler got under control of the men that were pushing it along and started to roll off the dock. Mr. Stowe seeing this jumped from the inside and in jumping struck his leg against the edge of the iron and broke his leg. The frontal bone was broken in two and was pushed clear through the flesh to the outside, making in addition to the broken leg, a very bad flesh wound. A gas boat was immediately dispatched for Dr. Davis, of Buxton, who arrived in about three hours after the accident and set the break and made Mr. Stowe as comfortable as possible. The doctor advised, owing to the serious nature of the case, that Mr. Stowe be taken at once to the hospital at Washington, N. C., which was done, a gas boat leaving with him for that point this afternoon. Mr. Stowe's many friends hope that his accident will not prove to be very serious and that he will soon be back with his family and his friends in his usual health.

Mr. R. M. Gaskins, formerly of Hatteras, now of Beaufort, came up this week and spent several days with relatives here, returning home on Sunday.

Mr. Theodore O'Neal, the musical genius of the Banks section came up Saturday and spent a few days with friends here. Mr. O'Neal can whistle like a mocking bird, sing like a nightingale and can imitate almost any musical instrument. In addition to Mr. O'Neal's musical abilities, he is a fine story teller and his way of relating some of his trips and adventures is highly amusing and interesting. Mr. O'Neal has many friends at Hatteras, all of whom are always glad to see him.

Mr. Bateman Miller, of Avon came down Saturday and spent Sunday with relatives at Hatteras, returning home on Monday morning.

Mr. J. W. Meekins, who has been away on a short business trip to Norfolk, returned home this week.

The Southern Methodist church building that is to be erected in the place of the old church building that was torn down some time ago, was started this week and good progress is being made with the work. The new building will be larger and more commodious than the old building, and will be built on modern and improved plans.

Mrs. W. E. Trotman, who has been visiting relatives at Norfolk for several weeks, returned home this week.

Mr. Billy Stowe, of the Diamond Shoals light ship, came home this week and will spend a short leave of absence with his family here.

SCHOOL OPENS NEXT MONDAY

SUPERINTENDENT SHEEPRE QUESTS THAT PUPILS ENTER AT THE BEGINNING OF THE SESSION

The fall term of the Graded school opens next Monday morning and it is earnestly requested that all students enter on the first day in order that the grading may be done as soon as possible and the actual work begun.

It is advantageous to have all the students then because a few weeks delay means that the pupil will have to be assigned to a lower grade than if they had entered the first day and then the general rules and regulations are given within the first few days and it is desirable that all the students should become familiar with these at the earliest opportunity. After your children have started to school see that they attend regularly if you expect them to make progress.

If you have any complaints to make, come and see the superintendent or the teacher in charge and in almost every case you will leave with an understanding of the situation that you did not have before going, and will be satisfied that the best thing is being done for your child, or if a mistake has been made on the part of the teacher or superintendent, it will be gladly corrected.

By permission of the Board of Trustees, the time in which all students shall be vaccinated has been extended to November 1st. At this date all students who have not been vaccinated or had Smallpox will be suspended until the rule is complied with. Of course this does not apply to those students who showed vaccination marks last spring of whom there is a record in the superintendent's office.

All the High School and Grammar School students will report at the new building on Road street, also the A division of the third grade. All primary pupils will report to the building on Harney street.

All parents are cordially invited to visit the school at any time and you will be especially welcome at the opening exercises in the High school building at 9:30 o'clock on next Monday morning. Short addresses will be made by members of the School Board and others.

Pupils are requested not to come to the school grounds before 9 o'clock on Monday morning and thereafter not before 8:30 as the buildings will not be open before the hours mentioned.

Respectfully yours,
S. L. SHEEP,
Supt. of City Schools.
