# Movement Takes On New Life Are You Getting Ready For the Fair?

A BIG RALLY AT THE FIRST METHODIST CHURCH LAST SUNDAY AFTERNOON SAVES THE NEW BUILDING TO THE LOCAL Y. M. C. A. ORGANIZATION.

The friends of the local Y. M. C. A. are greatly elated at the turn of the affairs of the Y. M. C. A. in this city.

For several months the organization in this city, to all appearances was doomed to failure, in which there would not exist in this town an active Y. M. C. A. organization. The new uncompleted building was advertised about a month ago to be sold to satisfy a debt of several thousand dollars placed on the building to secure funds to construct it to its present incompleteness. The sale was to have taken place last Monday and had the sale taken place, the Y. M. C. A. as a local organization would have been doomed for the next quarter century. As a last chance a number of public spirited citizens called a Mass Meeting at the First Methodist church last Sunday afternoon. The meeting was largely attended and from the very beginning considerable enthusiasm was apparent.

Rev. C. F. Smith presided over the meeting, and a number of addresses were made in behalf of the organization in which appeals were made to the citizens of Elizabeth City to save the magnificent building to the Y. M. C. A. work.

Senator R. W. Turner one of the trustees made a speech in which he outlined the work of the trustees, that as far as he could see every effort had been put forth to raise the funds and complete the building. And now they were at the end and almost hopeless; that as far as he could see the last effort had been made, but that the committee would make one more effort, provided Mr. E. F. Aydtlett would give his aid and influence in the work, with his assistance there was a glimmer of hope. Then he made the motion that Mr. Aydtlett be made chairman of the committee to finance the Y. M. C. A. to success.

Mr. Aydtlett was called upon for a speech and responded.

Mr. Aydtlett in his speech said he had not taken an active part in the Y. M. C. A. work; that he had only contributed in a small way, as he had been more interested in the orphanage work and still felt the same way. He said the Y. M. C. A. was in his opinion not a necessity if the church would do their work, but if they would not then there was a place for the Y. M. C. A. He said that Elizabeth City could not afford to allow the building to be sold, that the people ought to come forward and save it, both for the credit of the town and for the good of the young men.

These speeches were the key for the wave of enthusiasm which had been growing since the rally gathered to find expression in hearty pledges of scores that had already pledged to double their subscription to save the building, to have it finished for Y. M. C. A. The despairing friends of the institution were greatly revived and felt greatly cheered at such a propitious change in a hitherto hopeless movement. New life was suddenly injected into the movement and those who have struggled so long against such odds to build the Y. M. C. A. home raised the banner again firmly, believing that their hopes will be

## ANNIVERSARY AGAIN SUNDAY

PASTOR LOFTIN OF THE BLACKWELL CHURCH WILL HOLD EXERCISES, COMMEMORATING THE COSE OF HIS THIRD YEAR'S WORK.

Pastor I. N. Loftin, of the Blackwell Memorial church will hold his third anniversary services next Sunday. The anniversary will embrace both the morning and evening services.

Special efforts have been made to have the entire membership present at these services, and large congregations are expected to be in attendance upon these services.

Pastor Loftin's pastorate at the Blackwell Memorial has been an eminently successful one. The membership has continued to grow during the past three years until the church has one of the largest and active memberships of any church in this section. The congregations at this church during the past year have been very large.

The Sunday school and the various societies of the church have greatly grown in number and working efficiency and are now in a most flourishing condition.

Pastor Loftin will enter upon his fourth year's work as pastor of Blackwell Memorial church under the most auspicious circumstances; and every indication point to greater achievement during this year.

Pastor Loftin has during his pastorate greatly endeared himself to the people of Elizabeth City regardless of denominations. He is very popular with the entire people of the city. He is a hard worker and a most efficient pastor and the church is bound to go on to the accomplishment of greater things in the future.

realized at last.

A Ways and Means committee composed of Hon. E. F. Aydtlett, chairman and W. T. Old and Rev. C. F. Smith was appointed to take up the work of fashioning out plans to secure the completion of the building. This committee will meet within three weeks.

The sale of the building was postponed indefinitely and now every friend of the Y. M. C. A. is determined that the building shall never be advertised again; but that it shall be built, paid for and saved to the Young men of the city as a Y. M. C. A. home, a lasting monument of the progressiveness of Elizabeth City's people.

## THE YOUNG MEN APPEAL FOR Y. M. C. A.

MORE THAN 200 HAVE SIGNIFIED INTENTION OF BECOMING MEMBERS. A MEMBERSHIP OF 500 CAN BE SECURED.

A most hopeful sign of the success of the new movement to complete the Y. M. C. A. building is the active interest that the young men of the city are taking in the movement. More than two hundred young men, the best and brightest young men of the city, have signified their intention of becoming members of the Y. M. C. A. organization and they have petitioned to the business men in an appeal to save the new building to the local organization.

A gentleman closely identified with the local Y. M. C. A. work stated this morning that he was confident that a membership of five hundred young men can be easily secured to the Y. M. C. A. To the thoughtful citizen an active Y. M. C. A. organization in this city with a membership of 500 young men means much, and furnishes much food for real down right thinking on the part of every citizen who is on the declining side of life and must soon yield his place in municipal affairs to one of these young men.

The aimless wanderings of the young men on the street corners at night at eight o'clock is the strongest appeal to the older men of this city to provide them with a place of recreation and entertainment.

The Y. M. C. A. building must be built and will be built although it means great sacrifice on the part of its friends and supporters.

The men behind the movement know not what it means to FAIL.

ALL THE ARRANGEMENTS ARE BEING PERFECTED FOR THE BIGGEST FAIR EVER HELD IN THIS SECTION, OCTOBER 26, 27 AND 28TH.

The greatest interested is being centered in the Agricultural fair, which will be held here in October 26, 27, and 28th.

The officers of the Fair have been working for the past month with might and main to get ready for it. Much work has already been accomplished but much remains yet to be done. An enormous amount of advertising matter has already been distributed throughout the district, and there is a large amount of it yet to go out.

Secretary Parker stated today that the Fair was progressing very rapidly and very satisfactory too. He stated that the advertising matter was reaching the people now in every section of the district and the people were taking the liveliest interest.

'We are going to have the biggest Fair that we have ever had' said Mr. Parker this morning. 'The people are now busy arranging and planning for the exhibits; they are coming to the fair and they will bring an elaborate array of exhibits.'

Very interesting inducements have been made this year in the way of liberal premiums and prizes. The premium list has already been published and it contains many very valuable prizes. The management of the fair expects that these inducements will cause the people to bring a big lot of exhibits.

The racing is expected to be especially fine this year. The total of this purse is more than \$1,500. The highest single purse is \$300. There is some pretty good racing stock in this section and the size of the purses will bring many of the fastest horses in other sections to this city to race at the Fair. The lover of fast racing will be treated to some of the best horse racing ever seen in this section.

The racing will be worth a trip to the fair, to see it, and the people in this section who miss it, will miss the treat of their lives. Secretary Parker, says: 'Be sure to see the racing, it's going to be fine.'

The Park grounds are now being put in the finest order, and everything will be in readiness for the Fair long before the appointed time. The grounds are especially suitable for a fair. They are ample and conveniently arranged. Everything is being done for the comfort and convenience of the people who attend.

The people of Elizabeth City are alive to the interest of the Fair. They are anxious that the fair shall be a very successful one.

The business men of the city want a large crowd here. 'More the Merrier.' Let everybody in the entire district turn out and come to the fair. It will please the management of the Fair and it will please the people of Elizabeth City. The farmers and fishermen, business men and everybody in the district are entitled to a 'day off', so to speak, and now is the time for everybody to take a day off, get ready and come to the fair. The cost of the trip will be but little, and the benefits that you will derive from attending the fair will be great. The benefits will amply pay you, so come. All in Elizabeth City says, 'Come to the Fair.'

## BOY TESTIFIES AGAINST FATHER

Hinesville, Ga., Sept.—His own 11 year old son was the first witness put on the stand by the prosecution today in the trial of C. A. Gordon for the murder of W. N. Faulling. Faulling, whose widow, Mrs. Helen Faulling, is also on trial as an accessory.

Troy Gordon said that his father had sent him on the day of the killing to borrow shotgun shells of the calibre used by the slayer of Mr. Faulling.

Walter Faulling, son of the slain man told of incidents going to show improper relations between his step-mother and Gordon.

Sensational testimony was given by a Mr. Smith, whose home formerly was close to that of the Faullings and Gordon, when they lived in Florida. Saying that he had suspected Gordon and Mrs. Faulling of being intimate, he warned Gordon. He said that Gordon told him he would get rid of Faulling.
