Come to the Agricultural Fair next week. This will be a great gathering, in which people from every part of the district will meet.

The social features of the fair are well worth the cost of attending it. Here you will meet acquaintances and old friends. Indeed, you may meet some old friend whom you have not seen for years. It will be delightful to spend three days in a great social gathering where everybody knows everybody else. Besides the fair will be a good place to transact business. Many a man can come to the fair and transact items of business that possibly he will have to travel miles to transact.

The Agricultural Fair will be a great thing for the wife and mother, the sons and daughters. Come to the fair, October 26, 27 and 28th. Only three days.

Foley's Honey and Tar clears the air passages, stops the irritation in the throat, soothes the inflamed membranes and the most obstinate cough disappears. Sore and inflamed lungs are healed and strengthened, and the cold is expelled from the system. Refuse any but the genuine in the yellow package. Brown's Pharmacy.

The farmers have had a busy week of getting their work 'done up,' so they can come to the fair next week.

There will be ample accommodations for all who come to the fair next week, October 26, 27 and 28th. The grounds are ample and are well suited for an agricultural fair. The exhibition buildings and the grand stands are quite capable of accommodating the big crowds that will be in attendance. The management of the fair will see to it that everything is done for the comfort and convenience of the visitors.

The steambot lines and the railroad will give reduced rates from all points in this district on the days of the fair to Elizabeth City. Convenient schedules will be maintained and everything will be done by the transportation companies for the comfort and convenience of the visitors in getting to the city. The hotels of the city are ample to take care of large crowds. Elizabeth City is famed for its good eating and the hotels ably sustain this reputation. You will not want for comforts while in the city.

The fair management has secured arrangements by which the visitors will be transported to the fair grounds for a very small sum. Come to the fair. That is the invitation that Elizabeth City and the management of the fair extends to the people of this district. The fair begins Tuesday October 26th and last three days.

The Agriculture Fair will open next Tuesday morning at the Albemarle Park near this city.

There has been done much planing for the fair to make it the greatest that has ever been held here and it has taken an endless amount of work to execute these plans.

The management of the fair has had a busy time of it for the past month fashioning out the details. The greater part of this work has fallen to the lot of Secretary N. R. Parker. He has labored faithfully and has done his work well.

The arrangements and plans have been perfected and now everything is in readiness for the opening day.

The exhibition halls are all ready to receive the exhibits, and the officers of the fair awaits the arrival of the exhibits. The premium list were sent out several weeks ago to give the people an idea how to prepare for the fair. The people throughout the district have taken kindly to the idea and have shown great interest in the fair. The exhibits are expected to begin to arrive right away and they will be installed immediately upon their arrival.

This last appeal is made to the farmers, fishermen, manufacturers and to everybody in the district to fail not in bringing the exhibits to the fair. The success of the fair depends upon the exhibits and the management of the fair wants a big array of exhibits from all over the district.

The farmer is requested to bring or send some choice product of the farm some agricultural product, or some live stock or fowl. The housewife is urged to bring or send to the fair some product of the pantry, kitchen or household to participate in the fair for a premium. This appeal is now for the department of exhibits at the fair, lest our farmer friends should get careless and neglect to bring or send the exhibits.

Let the exhibits come with a rush that will make the fair go with a rush.
