BOILER SAILS UP IN THE AIR

AT THREE O'CLOCK MONDAY MORNING, WHILE THE CITY SLEPT, THE BIG BOILER REARED UP AND WENT TEARING THROUGH THE MILL BUILDING. TWO NEGROES BADLY INJURED

Last Monday morning about three o'clock two of the boilers in Foreman Blades Saw Mill blew up with disastrous results to the buildings.

The explosion occurred in the quiet hours of the morning and the concussion was so great that it shook every house in the city sufficiently to awaken the sleeping inmates. Immediately after the shock the fire alarm was turned in and the fire department responded.

One of the boilers bodily raised itself from its bed, traversed the building splitting it open and travelled about two hundred yards before it struck the ground. The negro fireman stated that the boiler must have travelled at a height of forty or fifty feet above the ground. The second boiler turned over in its bed, but was not thrown out of it. A negro who was sleeping near the boiler was badly scalded. The fireman sustained a broken arm.

It is supposed that the accident occurred through neglect of the fireman to keep the boiler supplied with water, and when he discovered that the water had run low, he turned cold water into the boiler.

This makes the second accident to occur at this mill this year. In the spring the drykilns were destroyed by fire burning nearly a million feet of lumber.

The mill will likely remain idle for some time while the damages are being repaired, which will cause a number of employees to be idle.

HARMON IS THE CHOICE

Ex-Governor R. B. Glenn Picks the Ohio Man for Next Democratic Presidential Nominee

Richmond, Va. Dec. 2—Former Governor Glenn, of North Carolina, made two addresses here today in behalf of the Home Mission work of the Southern Presbyterian Church, and of the Laymen's Missionary Movement. In an interview he said with regard to the political situation: Judson Harmon, Governor of Ohio will be the next Presidential nominee of the Democratic party, in my judgment. Everywhere I have been in my tour of the country, I have found Harmon as the leading candidate in public and party opinion.

I am of the opinion that the South should demand that the next Vice-Presidential candidate of the Democratic party be a Southern man. We do the voting and, and we ought to be represented on the ticket.

The war is over, and the people of the North, I believe, will support a Southern man as readily as any other.

DEATH CLAIMS THIRD BRIDE

MRS. SAM AMBROSE ONE OF ELIZABETH CITY'S FAIR BRIDES DEAD. HER REMAINS BROUGHT HERE SUNDAY FOR INTERMENT

The funeral services were conducted over the remains of Mrs. Sam Ambrose from the First Baptist church last Monday morning by the pastor, Rev. E. W. Stone and the interment followed in Hollywood Cemetery.

The following were the pall bearers: R. H. Raper, E. F. Spencer, George A. Twiddy, W. H. Britt and Joe White and George J. Spence.

A large crowd of sympathizing friends of the family attended the funeral and interment.

Mrs. Ambrose was formerly Miss Nan Reid, daughter of Sheriff and Mrs. Charles Reid, of this city. She became a bride just seven months ago, from the date of the interment, and left her home in this city under happiest auspices to live in Jacksonville, N. C., with her husband. She has visited her home in this city once since her marriage. A telegram last Friday summoned her mother to Jacksonville to attend to her bed side as she was desperately ill and another telegram to Sheriff Reid early Saturday morning announced that she had died.

The news was a great shock to the entire city, where she was reared and was well known. She was one of the most popular young ladies in this city and was a leader and moving spirit in a large circle of intimate friends. She was an excellent young woman, universally loved and admired.

A great host of friends of the family join in sorrowing for the untimely death of the beautiful young bride.

THANKS FOR SUCCESS OF Y M C A MOVEMENT

As we realize that the great purpose for which we have long hoped and labored, the completion of the Y. M. C. A. building is now assured, and the feeling that it is right, just and proper, that we, the Board of Directors of the Y. M. C. A. should express our profound gratitude to all those who have assisted in this great movement, and thus brought about this blessing to our community, and removed from our city the stigma of disgrace which threatened to envelop it. Therefore be it resolved by the Board of Directors of the Y. M. C. A. of Elizabeth City, North Carolina, in regular meeting held:

First—That we express our gratitude to our Heavenly Father who put in the heart of men and women the desire to save this building for the young men of the future, and the hope of our city.

Second—To Mr. E. F. Aydtlett, who gave to this movement inspiration—when the clouds hung lowest, and the future was darkest, help when it was most needed, wisdom when only wisdom could pierce the gloom and prevent the loss of this building; encouragement, when hope had almost fled, we express and extend our profoundest thanks.

Third—To Messrs W. T. Old, Rev. C. F. Smith, members of executive and each captain and member of the team, who gave to this work, their time, energy, influence and help, we realize the great work accomplished by them, and without this, we could not have succeeded, and to each and every one we acknowledge our debt, and extend our heartfelt gratitude.

Fourth—To every person who has or may contribute to this cause we feel indebted and are grateful for their help.

Fifth—To the noble women of this City, they who make this world fit to dwell in, God's representatives up in the earth. How can we thank them by day and night, through sunshine and shadow they have toiled on, by words of encouragement and prayer have made possible the progress we have made, and for their untiring energy, their unbounded faith, their unshrinking courage, their unyielding loyalty, we pray God's richest blessing upon them.

And in the completion, dedication and occupancy of this building, may we each receive such pleasure and see much good being accomplished, that we shall always remember with pride the part we had in this noble work.

SHEEP, Pres. Y. M. C. A. G. R. LITTLE, Secy.

THE RECORD IN THE VAULT BUILDING CASE

In order that the public may have a true record of the building of the fire proof vaults in our county court house, we have taken the trouble to get certificates from the clerk of the Board of Commissioners bearing up on the subject showing the facts as set forth below.

NORTH CAROLINA, PASQUOTANK COUNTY.

Office Board County Commissioners I. J. C. Spence, Register of Deeds and ex-officio Clerk of the Board of County Commissioners of Pasquotank County, North Carolina, do hereby certify that on the 20th day of April 1905 at a special meeting of said Board of County Commissioners in their office in the Court house in Elizabeth City, N. C., the said Board received sealed bids for enlarging the vaults of the Court House of said county and installing metal furniture therein as follows, to-wit:

From B. F. Smith, representing B. F. Smith Fire Proof Construction Company \$5,500.00
From H. W. Lombard, representing Art Metal Construction Co. \$5,300.00
From W. A. Schenck, representing National Prison and Vault Engineering Company \$6,335.00
As shown by the Minutes of the said Board of County Commissioners of April 20th, 1905, in Minute Book No. 4, page 520, and by the original bids on file in the aforesaid office.

Nov. Term, 1904, Superior Court.

We have examined the Clerk of the Superior Court's Office and the Register of Deeds' Office, and find them well kept, and the records in both of these offices are entitled to special mention for being neatly kept. We recommend that the County Commissioners inquire into the feasibility of enlarging the vaults in the Clerk's and Register's Offices.

March Term, 1905, Superior Court.

We have examined the Clerk of the Superior Court's Office and the Register of Deeds' Office and find them well kept and the records in both of these offices are in fine condition.

We have examined the Court house and find that all of the lower floors need repairing. We also recommend that the vault in the Register of Deeds Office be enlarged as the present vault seems to be entirely too small.

Sept. Term, 1905, Superior Court.

We have examined the new vaults recently built in the Court house and are highly pleased with them. We believe them to be a very important and valuable additions to the Court house for protecting the records of the County against loss by fire.

Witness my hand and the seal of said County, this, the 27th day of November, 1909.

J. C. SPENCE, Register of Deeds and ex-officio, Clerk Board County Commissioners. From the above it appears that the three grand juries each composed of eighteen men urged the necessity of the vaults it further appears that the grand juries urged the building of them for three successive years before they were built.

These fifty-four men, composing three grand juries, coming from all parts of the county, say the need of the vaults to protect the records of the county and the Board of Commissioners as representative of the people not only had the right, but it was their duty to provide them.

It further appears that the grand jury at September Term, 1905 or our court approved the action of the Board of Commissioners and said they were 'highly pleased' with them. The record shows that the vaults were let to the lowest bidder as attested by the following certificates.
