

TO ORGANIZE A BOYS' CORN CLUB

TWO HUNDRED DOLLARS HAS BEEN APPROPRIATED TO BE DIVIDED INTO PRIZES FOR THE SUCCESSFUL CONTESTANTS.

County Superintendent Little will some time during this month organize a Boys' Corn Club in this county for the purpose of increasing the interest of the boys in farming.

The date for the organization of the club will be announced later, but in the mean time Mr. Little desires that the boys who contemplate joining the club, shall send their names to him.

Mr. Little secured an appropriation of a hundred dollars from the County Commissioners last Monday and a similar amount from the board of Aldermen Monday night, making a total of two hundred dollars. This fund will be increased by private subscriptions, and the amount will be divided into prizes to be distributed among a certain number of boys who raise this year the greatest number of bushels of corn on one acre of land. The state appropriates 50 for a district prize and the boys who join this club will also have a chance at this prize. Mr. Little desires that the farmer boys shall select their acre of land, and go to work now getting it in shape for the crop of corn.

As soon as the boys learn of the plans of this club and the handsome prizes that will be awarded to the successful contestants, there is going to be a great deal of interest taken in the organization of the corn club. Superintendent Little will announce the date and the boys in the country are expected to attend and take part in its organization.

RUCKER & SHEELY IN NEW QUARTERS

HELD OPENING LAST NIGHT IN THEIR NEW STORE IN THE KRAMER BUILDING. A GREAT CRUSH

Rucker and Sheely for the past three days have been engaged in moving their stock of merchandise from their old stand into the new store in the Kramer building. They completed the work of moving the stock yesterday afternoon and last night they held an opening to celebrate their installation into their new store.

The Opening a Crush This opening was one of the most tremendous crushes ever witnessed in a store in this town. Every woman in the city must have visited the store, and a majority of the men. The store was packed and standing room was at a premium. The great crowd came to see Rucker and Sheely in their new store, to see the beautiful stock of merchandise magnificently displayed by artistic hands. They saw Rucker and Sheely for these gentlemen were everywhere mingling with the great throng of their customers. They admired the pretty new store and voted it the prettiest store in town, and they look at the beautiful display of merchandise. All the time the band discoursed the sweetest music.

The Reception At the close of the opening last night, Messrs. Rucker and Sheely tendered to his efficient corps of popular and capable clerks, who have worked like beavers for the past week to install the stock a reception in which cream, cake and other refreshments were served. That Rucker and Sheely was going to tender the reception, was kept secret

in the clerks, and it came as a surprise to them.

WHITE GOOD SALE
This morning Messrs. Rucker and Sheely began their White Good Sale. This sale will be one of the biggest White Good Sales to be conducted in this city. There is in this store a great array of big bargains that await the shop going public.

TO MANAGE STORE

Miss Lucy Hooper has gone to Baltimore on business, connected with the Millinery establishment in Edenton.

She is employed by this company for this season as manager of the store.

VETERANS INVITED

The Ladies' Aid Society of the First Baptist church has extended to the Confederates Veterans an invitation to attend the Old Time War Supper given under the auspices of the society at the home of Mrs. I. M. Meekins on next day night, Feb 15th.

This entertainment was recently given at the home of Mrs. W. J. Broughton, and met with large patronage and was pronounced very successful.

KEEP THE KIDNEYS WELL

Health is Worth Saving and Some Elizabeth City People Know How to Save It.

Many Elizabeth City people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is an Elizabeth City citizen's recommendation:

Mrs. C. D. Bundy, 238 W. Fearing street, Elizabeth City, N. C. says: "I have no hesitation in recommending Doan's Kidney Pills to any one suffering from backache or weak kidneys. I endured great misery from backache and pains through my loins for a long time. I tried several remedies but was unsuccessful in finding relief until I procured a box of Doan's Kidney Pills at the Standard Pharmacy. Soon after I began using them, the backache and pain in my loins had disappeared and my kidneys were restored to a normal condition."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

"SUBMIT OR GO OUT OF BUSINESS", SAY THE ALDERMEN

A New Ordinance to be enacted Making it a Misdemeanor to Sell Milk From an Uninspected Cow in This City.

The Aldermen and the dairymen are having lots of trouble over the ordinance requiring the inspection of dairy cows. The dairymen have refused to submit to the inspection for fear that they may lose a cow or two; and the Aldermen are determined that they shall submit, even if they do lose a cow or two, or they shall go out of the dairy business altogether.

It was announced that on the beginning of the year that Dr. Christman, the state veterinarian would come to this city for the purpose of making the inspection. The dairymen refused to agree to inspection, the trip was abandoned and 30 days the matter rested at that. But the Aldermen do not propose to give up the fight for pure milk, and the absolute knowledge that it is pure, so easily, so they planned how they should circumvent the head-headedness of the dairymen.

At the meeting of the board last Monday night, a committee composed of D. B. Bradford, N. R. Parker, W. L. Cohoon, the city attorney, Dr. C. B. Williams, the health officer and Dr. Zenas Fearing, the mayor to draft an ordinance making it a misdemeanor to sell milk from an uninspected cow in this city. This committee will prepare the ordinance in the near future and it will become a law. There is a state law which empowers the municipal authorities to make such laws as are necessary for the protection of the public health, and the Aldermen are proceeding under this law to enact these ordinance which compel the inspection. As soon as this new ordinance becomes effective the dairymen will either have to comply with the ordinance in regard to the inspection or go out of the dairy business or incur repeated penalties for selling milk from an uninspected cow. The first of these alternatives is the most practical, the second one will do, if the dairymen still refuse to submit, but the third one will be found exceedingly expensive.

The Tar Heel stands for the protection of the public health, although this protection is secured by the sacrifice of a few old consumptive cows, which send into the homes of the rich and poor indiscriminately death of the most terrible type. We have no fight with our dairy friends, and we gladly number them as our best friends, but we stand with the Aldermen in their efforts to protect the public against diseased milk and meats.

The public should be thankful to the Aldermen for these efforts and should stand squarely with them in the fight to secure the inspection.

CIVIC LEAGUE DEPARTMENT

SUPPOSE

Suppose our streets were not lettered with paper, fruit skins, rubbish etc.*

Suppose our eyes were not confronted with those unsightly billboards.

Suppose the side of buildings and fences were not used for glaring and sometimes insulting advertisements.

Suppose the side walks and pavements were all swept nicely every morning.

Suppose every yard, front and back, was nicely cleaned each week,

and contained at least, a few flowers. Suppose no one would ever be guilty of spitting upon the sidewalk. Suppose every useless, rotten, unsightly fence or building was torn down and the rubbish cleared away. Suppose every vacant lot was cleared of rubbish and weeds, and kept so. Suppose every building and fence was either painted or white-washed frequently enough to show its colors.

Suppose every street, throughout its whole length, had welcome shade from the hot summer sun.

Suppose the muck and mire were cleared out of the canals thus preventing, perhaps, a great deal of sickness, but if not preventing, at least, their offensiveness.

Suppose every man, woman and child took an interest in our town and tried to help, even a little, in its betterment and showed a willingness to all work together.

Suppose there were NONE who misunderstood the motives, hopes and aims of the Civic League.

Suppose every man and woman was in favor of making our town an ideal place in which to live, and had joined the Civic League and paid the small sum of 25 cents a year.

Suppose all these SUPPOSITIONS were REALITIES, don't you think, yes, don't you KNOW that Elizabeth City, N. C., would be the nicest, the cleanest, happiest, most beautiful and most enterprising place to live on earth?

Wouldn't we have more respect for ourselves, wouldn't other have more respect for us, wouldn't strangers, seeing or hearing of such a community, wish to come and cast in their lot with ours, and wouldn't YOU think they were wise?

A Safeguard to Children

Our two children of six and eight years have been since infancy subject to colds and croup. About three years ago I started to use Foley's Honey and Tar, and it has never failed to prevent and cure these troubles. It is the only medicine I can get the children to take without a row. The above from W. C. Ornstein Green Bay, Wis., duplicates the experience of thousands of other users of Foley's Honey and Tar. Brown's Pharmacy.

BARACA MEET

The Baraca and Philathea Union will hold their regular meeting on Friday evening in the Blackwell Memorial church. A special program has been prepared.

MRS. LOFTIN BREAKS ARM

Mrs. I. N. Loftin met with an accident last Saturday evening in which she sustained a broken arm. Rev. and Mrs. Loftin were riding in a buggy near the city, when the horse took fright and turned the buggy around in the road. In turning the buggy was upset and Mrs. Loftin was thrown into a ditch. Mr. Loftin escaped without injuries and when he assisted Mrs. Loftin out of the ditch it was found that her arm was broken. She was hurriedly brought to her home in this city and Dr. O. McMullan set the arm. Mrs. Loftin has done very nicely with the broken arm and is rapidly recovering from the effects of the injury.

More people are taking Foley's Kidney Remedy every day. It is considered the most effective remedy for all kidney and bladder troubles that medical science can devise. Foley's Kidney Remedy corrects, regulates, builds up the system, and restores lost vitality. Brown's Pharmacy.

Mr. E. A. Kelley, Belvidere, Ill., writes us: "I am an ex-engineer with 22 years active service to my credit. About three years ago my kidneys were affected so that I had to give up my engine. First I was troubled with severe aching pain over the hips. Then followed inflammation of the bladder, and specks appeared before my eyes. A sample of Foley's Pills that I tried, so benefited me that I bought more. I continued to take them until now I can safely testify they have made me a sound and well man. Brown's Pharmacy."

ANNOUNCEMENT

I have accepted a position with the M. P. Gallop Company on Water street and I desire to say to my friends and the public that they will find me there ready to serve them. Your patronage is solicited at my new place of business. Very respectfully, LOUIS TWIFORD

BROWNS CASE TO BE TRIED HERE

JUDGE CONNOR SEND THE CASE TO ELIZABETH CITY, AND IT WILL BE TRIED IN APRIL TERM OF FEDERAL COURT.

Mr. Aydtlett scored a victory in this case last week. It will be remembered Brown brought this suit at Raleigh in the U. S. court, which is the same as he brought in New York and the same he had set up in his counter claim in Pasquotank court in the suit Mr. Aydtlett brought against him.

On motion of Mr. Aydtlett last week Judge Connor removed the case from Raleigh to E. City for trial in April. It looks like the case will soon be heard, unless Mr. Brown does as he did in Pasquotank case, withdraws it, when the suit is pressed for trial. Brown seems to be a good bluffer, but when Mr. Aydtlett forces a trial he plays the baby and withdraws his case. This is not the way people who have a just cause act.

Mr. Aydtlett said when this suit was instituted against him Brown had no just cause against him and all he wanted was a trial, when he would show the suit was only torment and annoy and totally void of justice, and Brown has no just complaint against him.

ARRIVED IN PORT SAFE AND SOUND

The report became general here the first of the week that Captain Scott Quiddle and son John Quiddle had been drowned in Pamlico while engaged in carrying net stakes in a small vessel from Wysockin, Hyde County, Mann's Harbor.

The schooner left Wysockin last Saturday, a week ago, and the run was only about three hours. The vessel failed to arrive at her destination and apparently disappeared from the face of the waters. Sailors coming here the latter part of last week reported the missing vessel and that an overturned craft had been found in the route of Captain Quiddle vessel. These reports caused a great deal of uneasiness to Captain Twiddy's family who reside here. They had become convinced that they had been drowned, when Wednesday morning the captain and his son came sailing into port in perfect health.
