## All Dogs Wear Muzzles Now

**DOG CATCHER OUT WITH HIS NET AFTER THE MUZZELESS DOGS**

The dogs are wearing muzzles. You may bet your sweet life, they are. All kinds of muzzles. Iron muzzles, wood muzzles and leather muzzles. Some of the muzzles render the dogs helpless to bite, other muzzles are a dodge of the law for the dog can bite just as good with the muzzle on as he can with it off. But you may be sure that the police are watching and for the different styles of muzzles and if one of these useless "placebo" muzzles happen to come under their observation the owner of that dog and muzzle will hear from it. But the dogs are wearing muzzles and the people kind of feel safe, from canine molars. Yet some dogs have not got into the habit of wearing muzzles. Their masters have failed to purchase their head gear, and for this class of dogs the dog catcher is out with his net and sooner or later every last one of them will be landed into the dog pound, out of which the owner will experience considerable trouble in getting his dog.

The police say that this dog muzzling business is no bluff. That the ordinance means just what it says and that they are going to do just what the ordinance says. This means: "That all dogs have got to wear muzzle"

There will be no discrimination. The dogs of the rich and the poor alike must wear the muzzle and where the dog fails to do it, in the pound he goes, and if not redeemed or purchased by another, he will be shot.

## Get Ready For The Big Fair

**TO BE HELD HERE THIS FALL THIS IS GOING TO BE THE BIGGEST AND BEST FAIR EVER HELD IN THIS CO.**

The suggestion of a monument to Bill Nye has been widely approved. The Woman's National Daily says: Nye's wish it is said, was that his grave at Arden should remain unmarked, save by the great granite boulder, unadorned which rests above it. But it is regarded as appropriate that at Raleigh, the State capital, or somewhere else, a shaft should be reared as the tangible evidence of the esteem in which the State's illustrious adopted son was held. This seems just and fitting. Thousands of men and women in the United States would regard it a privilege to air such a movement.

The people of this district should bear in mind that Elizabeth City is going to have a fair this fall. It's going to be a fair too, in every sense of the word. All former efforts will be completely eclipsed.

There is going to be a big array of agricultural exhibits that will make it truly the greatest agricultural fair held in all this section. The agricultural exhibits alone are going to be worth the trip to the fair. The biggest and the best of every thing is going to be brought here for exhibition. Monstrous ears of corn, big potatoes, big pumpkins, fine apples and fruits of all kind. Such an array of the greatest in field products are going to be here. All the freaks in the vegetable kingdom.

Get ready, get into the push. Be an exhibitor. Let your name appear on many of the tags. Make an effort to grow the biggest and finest of some one thing and bring the best specimen of your efforts to the fair. Save the freaks and bring them too. They are interesting.

The stock exhibits are going to be fine. This section has got some fine live stock and it is going to be brought to the fair too. Do your best on that favorite calf or pig of yours. Make it a thing of beauty and bring it to the fair. Show the people what you can do, when it comes to stock raising. Try your hand on some fancy strain of chickens and do your very best and bring it to the fair to show your neighbors what you can do. The interest and enthusiasm that these efforts will create will be worth more than the cost of the trip. Besides there are going to be offered this fall some very fine premiums.

Besides the exhibits, there are going to be a lot of amusements. Real things, something that will interest you.

The racing is going to be a feature. It is going to be fine. The finest ever held here.

Begin to plan right now to come to the fair this fall. Bring something with you. It will make a pleasant outing for you and your family. Don't miss the fair but begin right now to prepare for it.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic, Cholera and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by All Dealers.

## EHRINGHAUS LEADS FOR SOLICITOR

Those best informed on the political situation declare that Ehringhaus's chances for nomination for Solicitor are exceedingly bright and they grow brighter each day. Every indication is that Ehringhaus will go into the judicial convention with a strength that will easily win the nomination. The people throughout the district realize more and more each day that he is the leading candidate for the office and that he will make an excellent solicitor.

Ehringhaus is going to win the nomination. His popularity throughout the district, his ability as a prosecuting attorney and his fitness for the position puts him in the lead and will keep him in the lead until he wins in the convention.

## RURAL CARRIERS CONVENTION TO MEET SATURDAY

**PROMISES TO BE INTERESTING AND WELL ATTENDED SESSION FEATURES.**

(Special Tar Heel Correspondent) Rocky Point, N. C. June 30.—The Rural Letter Carriers' seventh annual convention to be held at Raleigh, July 1st and 2nd promises to be the most interesting yet. There are a number of attractive features chief among them being the presence of Fourth Assistant Postmaster General DeGraw, who will visit the North Carolina session at Raleigh on the Fourth and the South Carolina convention at Newberry, on the 5th. Gen. DeGraw, is at the head of the Rural Free Delivery system and is loved and respected by all rural carriers. I know each one in our grand old state and would like to shake his hand. Postmaster Willis G. Briggs, who sign all our checks, will make us a talk. We'd all like to grasp his hand, too. Dr. Joseph Hyde Pratt has just written me that he will be there on the Fourth and make us an illustrated lecture. You know there is no class of citizens in North Carolina more interested in god roads than the rural carriers. Dr. Pratt is doing a great work for his State just now, possibly more than any other State official. Hon. John H. Small is expected on the 5th to tell us of his Rural Parcels Post, bill that was recently introduced in Congress. Clarence H. Poe, who by pen and speech is doing so much to elevate our own beloved State in a mental, moral, physical and financial way will make us a short talk on the 5th.

And the Raleigh boys are going to give us a smoker to, which quite a number of the editorial profession have been invited. And an old life spelling bee with Webster's elementary blueback as text book will be a feature of the occasion. Col. J. Robinson, of the Goldsboro Argus, and Mr. C. H. Poe will umpire the game and award prizes to him as sets down first and him that stands out the longest. The railroads will give reduced rates for the occasion from the second to the sixth of July. The Capital Inn will give \$1.00 per day rates which is about as cheap as you can stop at home; so brother carriers do not fail to go to Rolly. Remember as a body. We have a pull and a long pull, a strong pull and a pull altogether means much. And after hearing Dr. Pratt talk on good roads you will go home and enthuse your people on the subject, talk good roads, act good roads and spend a few dollars showing an example and thus get a little heaven and leave the whole state.

Faithfully yours,  
E. D. PEARSALL,

## OPERA DELIGHTS AUDIENCE AGAIN

**THE PERFORMERS UP TO THE STANDARD OF FIRST PRESENTATION.**

Jephthah and His Daughter was produced again at the High School auditorium by the local talent before a large and appreciative audience, and scored a decided hit. The solos were all rendered and Miss Ehringhaus as Iphigenia showed rare ability as an actress and lyric artist. Mrs. Griffin as Adah was all one could wish, she is endowed with a Soprano voice of rare quality and register and a wonderful stage presence.

Jephthah as portrayed by Mr. Albert Worth Jr. was well received his solos were in sympathy with the part and in the scene where he delivers the death blow to Iphigenia, the acting was realistic and held the audience to the last.

Mr. J. C. B. Ehringhaus as the prophet gave a pleasing version, he is gifted with a voice which is seldom heard on the amateur stage.

Mr. Bill C. Sawyer as a Jewish prince was up to the mark as he always is, and delivered his lines in a professional manner.

Miss Mary Worth and Mr. Winfield Worth in the death scene treated the audience to a clever bit of acting, their duet was beautifully executed their voices blended well and in perfect accord with the orchestra. All the minor parts were well acted, and especially worthy of mention.

If such productions as Jephthah and His Daughter and Under the Southern Cross are given in the future, the public need not leave our home city for theatrical diversion.
