Beer Signs In Dry Territory

Papst Beer signs hangs out in dry territory.

Now, what does this mean? We do not say that there is being sold Papst Beer or any other beer where these signs hangs, but it does look passing strange that a thing should be advertized when it is not sold.

It is just simply this. There is a nuisance in this community that the people can not cope with at the present. The law is defective and the people are powerless to handle the situation. Just whose this defect is, we are not in a position to say. The people will find out sooner or later and this person responsible will receive his reward.

However, there is relief ahead for the people by which they can rid themselves of Near Beer saloons, Nearer Beer saloons and the real thing, which no doubt exists in our midst. The people should see to it that the next legislature passes law that will drive these objectionable joints out this city. This will depend upon whom is sent to the legislature from this county. Shall we endure the situation which is bad enough as it is and which will grow worse if the situation is tolerated? Shall the class of people who operate and patronize Beer joints run the town or shall the good people of Elizabeth City run it? That is the question. It depends upon the next legislature. Have you thought about the representative?

YOU WILL GET TAR HEEL FREE

We have been delayed in getting repaired from the results of the recent fire. We expected to make the repairs in a week and be in good running order before now. We certainly expect to be in perfect order in two weeks more when we will improve the appearance of the Tar Heel.

But we want to do the right thing by our subscribers so we have decided to give away our subscription list until October the first. That is, we do not propose to charge for your subscription from the time that the fire damages until then. All of our subscribers who have paid in advance will have their subscription moved up to that date.

So the readers of this little sheets does not cost you one penny. This certainly ought to remove all cause for complaint.

By the first of October we expect to be ready to give the people of this district a paper such they deserve and ought to have.

In the mean time we shall strive to give you the news in the Tar Heel although we labor under disadvantages to do it.

WANTED in Elizabeth City colored person to manage Branch Office of National Newspaper Write Enterprise 1837-7th St. in Washington, D. C.

A CURE FOR ECZEMA.

Many people who have eczema and have tried repeatedly to be cured without obtaining the desired result will be interested in the following statement by Mrs. J. E. Blair of Boston, Mass.

"My daughter has suffered from birth, for twenty years, from eczema, and had tried many so-called cures and dozens of physicians' prescriptions with little or no relief until I was advised to have her try Bloodine and Bloodine Ointment, and I am thankful today to be able to inform you that she has been entirely cured after using six bottles of bloodine and four boxes of Bloodine Ointment."

What Mrs. Blair says is enough to convince the most skeptical that Bloodine and Bloodine Ointment used together will positively cure any case of eczema. Bloodine costs but fifty cents a bottle, six bottles for two dollars and a half. Bloodine Liver Pills cure Constipation. Mail orders filled by Bloodine Corporation, Boston Mass.

NORTH CAROLINA,

CAMDEN COUNTY.

In the Superior Court Before the Clerk
W. E. McCoy, Admr., of
Grandy Sawyer Sr., dec'd,
vs

NOSING AROUND

There is one thing that every true Democrat will resent. It is this. The pernicious nosing into the affairs of the party by Radical leaders. It is a noticeable fact that sticks out more clearly every day, the Radicals can not for the life of them, keep out of the party business.

We caution the Democrats to keep an eye on them for they mean no good to the party and Democrat politician who gets mixed up with these Radicals will suffer for it.

Subject to the action of the Democratic Primary. I announce myself a candidate for the office of County Commissioners of Pasquotank County.

IN MEMORIAM

At a meeting of Wm. F. Martin Camp, number 1590, U. C. V., held on the 11th. day of August 1910., the following resolution of respect were unanimously passed and ordered that they be spread upon our minutes:

Whereas, it has pleased Almighty God in his wisdom to removed from our rank, by death, comrade A. B. Seeley on the 9th., day of August, 1910., be it there fore:-

Resolved, That while we bow in humble submission to the will of God we desire to express our appreciation and our sense of loss at the untimely removal of this gallant and brave comrade.

We recall with pride his splendid record as a southern soldier on many battle fields, that the courage and gallantry that made such a brave soldier, mark his character as citizens and a man. He was true to his conviction, faithful to his duty and loyal to his friends,

"Peace be to his ashes"
We tender our heartfelt sympathy to every member of his family and that a copy of these resolutions be sent to them, and that they also be given to the Tar Heel for publication.

FARMERS MEET IN CURRITUCK

A Farmer Educational Meeting was held at Currituck Court House August 10th, 1910, and proved to be one of the most interesting and instructive ever held in Currituck County.

The speakers present were our ever popular Congressman John H. Small, Dr. Stinson of the N. C. Land and Lumber Company who spoke on the subject of education and agriculture; E. Gentry of the State of Georgia, on corn, cotton and seed selection; and L. E. Boykin, on good roads and drainage

At the opening of the meeting Dr. W. T. Griggs was made chairman and E. W. Ansell Secretary. Dr. Griggs in his own quiet way, introduced Congressman Small who made the opening Address, proving himself, as always a brilliant, versatile speaker. In his stirring speech he urged upon the people the importance of education in agricultural progress, and gave valuable information on subject of interest to the farmer.

Rev. Dr. Stinson, in his splendid talk on education and agriculture made a great impression upon his hearers, and ably seconded Mr. Small efforts at arousing more interest along this line, in the people of Currituck. L. E. Boykin on good roads and drainage, and E. Gentry on the raising of corn and cotton and seed selection, gave invaluable information to the tiller of the soil and fully merited the eulogy pronounced upon them as being among the most practical and eloquent of the instructors sent out by the Department of agriculture. The inestimable value of good drainage was dwelt upon and emphasized by all four of these men, who among others by study and experiment, are reducing farming to a science.

The meeting was fairly well attended and was greatly enjoyed by those present, but it is an incontrovertible fact and one much to be deplored that the farmers of this County do not turn out in full force at these meetings. Only a small percentage of those most greatly in need of the information to be gained ever attend. Why this should be so is one of the unanswerable problems ever to be met within this County of ours, where the men, who, if many are uneducated are certainly as intelligent as the average, and if for no other purpose, want to attend for the real pleasure there is in hearing able men speak on subject of such vital interest to all.

The next institute to be held here will be arranged for by a committee of five to be appointed by the chairman Motion was made to this effect.

Let us hope that every farmer, every teacher in Currituck will be in attendance. All thinking men and women should join together in every effort which can be made to lift the County to a higher standard of excellence in all things.

E. W. Ansell,
Secretary

M. W. Bateman of Columbia was a pleasant caller at the Tar Heel office this week.
