ELIZABETH CITY, NORTH CAROLINA, FRIDAY, SEPTEMBER 23, 1910

NO. 5

## MR. SMALL DID NOT TICKLE THE RADICAS

They Did Not Think of His Speech, Bnt the Democrats Thought it Was Fine. Messrs Ehringhaus and Markham made Fine Speeches.

while the session of the court had adjourned for dinner Congressman John H. Small, J. C. B. Ehringhaus Democratic nominee for solicitor, and Thomas J. Markham, Democratic Nominee for the state legislature addressed a large gathering of voters of Pasquotank county on the political issues of the day.

Mr. Small took the National polities for his theme; and he discussed in a masterly manner the political abuses and extravagencies of the Republican administration in National affairs. His speech made a telling and influencing effect upon the crowd. Several Republican leaders who were present and recognized the detrimen tal effects of his speech upon their party, remarked afterwards that Small made his same old Clap Trap speech. This is sure thing that the speech was a strong one and bore down pretty heavy on the Radicals for they did not fancy it a bit.

If you want to get a Radical mad find out what he doesn't want to talk about, and talk about that all the

Last Monday during the noon hour that is why the Radicals were not pleased with his speech. Their uncom plimentary remarks is the best evidence that Mr. Smalls speech was a good one.

> Mr. Ehringhaus spoke on state politics and showed himself well versed with the political situation in this state. All who heard him were solicitor of this district.

Mr. Markham followed him with short speech, in which he announced that, at a later date he would make a canvass of the entire county and would speak on the political issues of the county.

Mr. Markham is no ring politician and is the candidate of no clique or faction. He is free from all political allfances and declares that, when he joins the legislative body, he will do all in his power to serve the interest of all the people.

Those who heard Mr. Markham believe inplicibly in him and they are certain that their interests will be ime. This is what Mr. Small did and taken care of in the next legislature.

Sunday night, Some one entered the

residence of C. C. Pappendick in

Main street, having entered through

#### IS IT HERE?

In our midst is malicious death. To body, even more than of old. But to charactor, to mind and the God given soul, he walks these streets an enemy bold. He seeks for the priceless to lay it low; and to strike at charactera demons blow; to take from life the Christ like glow; is the effort of him that you all know. Now let him walk these streets of yours, and sow his thoughts so base; and not only character, mind and soul but the body will take its place. For the demon death is weaving a wreathe of hell; to place upon the brow of this town: unless righteousness in its power arises and puts such things down.

I their persons. This causes them to

The following press dispatch states be shy of encumbering themselves that an appropriation has been made with such incriminating evidence. by the war department to erect a There was left no clue that will lead monument to the confederate dead to the identity of either of these that sleeps in the North.

In conformity with the recommendation made just before his death by General Oates, Federal commissioner for marking the graves of Confederate soldiers and sailors who died in Northern prisons during the Civil war the war department has awarded a contract for the construction of a monument costing \$20,000 in the Confederate cemetery at Fort Lookout, Maryland, where lie buried the bodies of 3,386 Confederates. Lack of identification prevented the erection of individual headstones.
