Forced To Leave Home.
Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. Kings New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., when all else failed and I gained 47 pounds in weight. Its surely the King of all cough and lung cures. Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, LaGrippe, Asthma, Croup—all Throat and Lung troubles 50c and \$1.00 Trail bottle free at the Standard Pharmacy.

The earlier you can get your winter wheat ground plowed the better. Wheat is a plant that delights in a firm seed bed and that cannot be obtained if the ground is plowed a few days before seeding. If it is plowed early, however, and is thoroughly disked and harrowed at intervals, it will be comparatively firm, yet loose enough on top when it is time to sow the wheat.

There are practically no diseases to which ducks are subject. They can be sickened and killed through ignorance and carelessness by compelling them to submit to improper food or conditions.

Avoid watering the garden if possible. Use the hose more frequently but if protracted drouth renders the use of hose or watering can a necessity, do the work thoroughly. A little surface water simply entices the roots upward, where they are more readily affected by dry weather.

The great American Harvesting Co will have a magnificent exhibition here next week at the fair. This will really be one of the most valuable educational exhibits that will be on the grounds. It is an opportune exhibit too. The farmers are discarding the old fashioned A-6 plow and such farming implement and are giving in for the most improved machinery that will save labor. This is your opportunity to learn of the machinery of the great harvesting Company which is recognized as the leading manufacturing concern of all kinds of harvesting implements.

There will also be a grand display of agricultural implement by the local dealers. Here you can learn much about the machinery that you already have and do not exactly understand how to operate; and, also much about the new machinery for farming purposes that you intend to buy.

Come here and take the advantage of your neighbor and brother farmers' experience in farming implements and farm supplies and profit by their knowledge.

The great agricultural fair next week will be your opportunity. Will you miss it by staying home? That's up to you. The trip will not cost much, but it will be worth many dollars to you. Get live and come with a rush and in a hurry and get all there is in the fair out of it.

BLACKWELL MEMORIAL RAISES \$3,600

The congregation of Blackwell Memorial Church made a great stride forward last Sunday morning. After the pastor had delivered his sermon Mr. E. F. Aydtlett proposed to raise the debt of \$3,600 on the church and in less than fifteen minutes the amount was subscribed. The enthusiasm seemed to flame in the audience and in a moment Mr. M. N. Sawyer was on his feet saying that the church should make another step by raising the salary of the pastor who has served so faithfully, his motion was carried unanimously by a rising vote. A thrill of joy swept the audience as it realized that for the first time in the history of the church, which has made such a wonderful growth that debt was all wiped out and that the church was just coming into its place and power as an agent of righteousness and missionary activities. It was a great day for the preacher and the people and happiness was on the face of every worker and lover of the church.
