WILL CONDUCT FARM EXPERI- INTERESTING FACTS

#### MENTS

Messrs. G. W. Gannon and T. Frank Parker representatives of the North Carolina department have been herre this week in the interest of the movement to establish experimental stations in this county Friday evening as a climax of the The purpose of these stations is to season the English Grand Opera make experiments in the various kinds of seeds and fertilizers as well as in the manner of cultivating the crops. A number of the leading work will present picturesque scenic farmers became interested in the movement and several have agreed to conduct experiments on their farms for the benefit of their neighbor farmersr

C. W. Ives a prominent farmer who is located on Rum Road near the city will conduct experiments in fertilizers under cotton for the purpose of determining which brands of fertilizers are best suited for

S. G. Scott who operates farming on a large scale on his farm in Euclid Heights will conduct experiments in the various kinds of cotton for the purpose of determining the best variety of seed to cess of the Fair will be a thousand cagoni's arose a new school which plant and cultivate in Eastern North Carolina.

> F. B. Whitehurst located on the Road street Road will conduct experiments in the different varieties of corn and L. N. Cooper located on the main road will experiment with topping cotton at the various stages of its growth for the purpose of determining what effect it has upon the production of the cot-

W. H. Upton a prominent farmer cated on the Camden road will experiment with the various brands of fertilizers under cotton.

All of these experiments will be watched by the farmers of the county kith a great deal of interest as the farmers recognize the necessity for improved farming and they are alive to every step that the departnent is talking of this improvement The result of these experiments will be made public in the fall communities during the last twenty when the crops are gathered and the years results are determined.

## AYCOCKS TO COME

OUT FOR SENATOR

Former Governor Charles B. Aycock will in a short time decide definitely as to whether he will be a can didate for United States Senator.

Mr Aycock when seen at his office today by a times reporter talked freely of the matter. A year ago" said Mr. Aycock, "I did not think of being a candidate but I have received so many requests to enter that I have decided to give the matter more consideration."

Governor Aycock may have seem ed to be pursing a vacillating policy Ladies Quartette with violins-One in regard to the senatorship. For attend to his law practice in Raleigh and allow Messrs. Simmon Closing Ode, Benediction-REv. E and Kitchen to have the field Solicitations from friends far and near have been coming in for months, and the call may be too great to resist. Mr. Aycock made it clear however that he had not decided to enter the race, though he looks more favorably on the proposition now that he has in months past. -Raleigh Times.

#### IN FINANCE REPORT

Some very interesting information can be obtained from the Pasquotank County Finance report that has

been published in the Tar Heel.

The Road Fund which is levied to meet the monthly expenses and the bonded indebtedness with inter est for the year 1910 amounted to \$10,307.58. This amount paid all the expenses connected with the road. The entire report was publ-

ished n the issue of March 24th. The gross amount of the school funds collected by sheriff Reid amounts to \$13,552.90. Out of this amount is taken the building fund the superintendents salary and oth er small expenses. This reduced the amount to \$11,800. Out of this amount Elizabeth City township received \$5,900 and the county school \$5,900.00. The town also levies a special tax of \$14,000. Judge Sawyers court turns into the school fund for fines collected the amount of \$1,410.52.

The white children that attend school in town number 1,426; white children in the country 1,276; colored children town 1,367; -colored children in the country 1,476; making a total of 5,545 school child-

The general County Fund amounts to \$13,779.96. This fund is for all purposes except the road and school This report in full was published in the issue of April 14th.

#### DAUGHTERSS OF CONFEDERACY EXPRESS APPRECIATION

The Daughters of the Coonfedera cy wish to make public expression of their appreciation of the kindness shown them by the city authorities in permittinng them to use Pool St for the erection of their monument

the confederate dead. It was with great regret that we had to remove a shade tree on the street; but we believe that the street will be more beautiful with the monument than with the tree, and that those who thought otherwise will be pleas ed with the change. The board of Aldermen gave us permission to re move the tree if necessary and to them we express our thanks. In exsuming responsibility under that authority we have tried to use it for the beautification of the city and the patriotic sentiment. Our monument is now on the way and will will be allowed to vote in the Pri be placed in position within a few days. We hope that the ceremonies of the unveiling on the 10th of May will be largely attended and will be an occasion long to be remembered

D. H. HILL, Chapter Daughters of the Confederacy.

#### FLY CATECHISM

Why Should We Kill the Fly? Because He May Kill Us. -

1. Where is the fly born ? In manure and filth.

2. Where does the fly live? In every kind of filth.

3. Is any thing too filthy for the fly to eat? No.

he leaves the vault and the manure ond primary to be held on May 5, pile and the spittoon? Into the kit and no one but the two candidates chen and dining room. (b) What receiving the greatest number of does he do there? He walks on the votes in the first primary for the corporated towns and cities in North bread, fruit and vegetables; he wipes same office shall be allowed to run Carolina which enables the reader to his feet on the butter and bathes in the said primary in the butter milk.

> 5. Does the fly visit the patient sick with consumption typhoid fever andcholera-infantum? He does. and may call on you next.

6. Is the fly dangerous? He's man's worst pest and more dangerous than wild beasts or rattlesnakes.

7. What disease does he carry? He carries typhoid fever, tuberculosis and summer complaint. How? On his wings and hairy feet. What is his correct name? Typhoid fly.

8. Did he ever kill any one? He killed more American soldiers in the Spanish-American war than the bullets of the Spaniards.

9. Where are the greatest number of cases of typhoid fever, consumption and summer complaint? Where there are the most files.

10. Where are the most flies? Where there is there is the most

11. Why should we kill the fly? Because he may kill us.

12. How should we kill the fly? (a) Destroy all the filth about the house and yard; (b) pour lime into vault on the manure pile; (c) kill the fly with a wire screen paddle or sticky paper of kerosene.

13. Kill the fly in any way but kill the fly.

.14. If there is filth anywhere that you cannot remove, call the officer of the board of health and ask for relief before you are stricken with disease and perhaps death.

## NOTICE
