Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat

Make the Stomach Sweet. Bottles only. Regular size \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DEWITT & CO., Chicago, Ill.

For sale by Dr. H. T. Pope & Co.

The Onion.

Properly manipulated during its preparation and followed by ordinary toilet expedients to avoid taint, the odor of the onion—its only objection—may be easily overcome, leaving the scarlet lips of youth and beauty quite as kissable, possibly more so than before.

As a beautifier the onion stands first among vegetables, clearing the complexion, brightening the eyes, smoothing out tired nerves that bring the wrinkles and wooing refreshing sleep without leaving the injurious after-effects of drugs.

Italian, French, Spanish and German vocalists are partial to onions and garlic in their diet, believing that their free use tends to clear the tone and preserve the vocal organs.

For whooping cough a syrup that the children like is made by slicing onions fine, sprinkling plentifully with with brown sugar, then allowing the onion to stand between hot plates under a heavy weight until all the juice is extracted. As a cure for insomnia the onion is excellent sliced raw and eaten just before retiring, while as a blood purifier it surpasses most of the so-called "skin cures."

Much of the prejudice against onions is due to the ignorance of the one who prepares them. If those who think they cannot eat onions will try this method of treatment they will find that they are not nearly so difficult of digestions they supposed.

Select Bermudas, Spanish or young home-grown onions. Peel, slice, cover with hot water and let them stand covered for half an hour. Turn off the water and pour on as much more cold and leave another half to crisp. Drain, dress with salt and vinegar or a French dressing with oil and serve. It must be borne in mind that there is a great difference in onions. Old ones are naturally much stronger than new and red ones than the white. Both the Spanish and Bermuda onions are more delicate than the home-grown ones, and therefore preferable for eating raw.

While the ordinary fried onions are a delusion and a snare, onions cooked in the Kenilworth Ranch way will be found firm and thoroughly delicious. Cut in slices, soak in milk ten minutes, dip in flour and immerse in boiling fat

hot enough to crisp them instantly. Haste is necessary, as you cannot keep the slices whole after they have cooked a x minutes. Take out with a skimmer and put on brown paper long enough to absorb the least suspicion of grease and serve at once.

And the Boy Blew it in

"A contemporary tells of a man who worked and slaved during half a century to lay up money. He denied himself practically all the pleasure and comforts of life during these fifty years and died a rich man. All his wealth went to a son who ran through with the whole of it in one year. If there is any moral to this story it is that the man who makes the money had better enjoy some of it as he passes along, for he'll take none with him and can't tell how it will go after he is dead." The foregoing is from an unremembered contemporary the Montgomery Advertiser, we think. There is a lot of worthy wisdom in it. "Surely every man walketh in a vain show," said David the psalmist. Surely they are disquieted in vain; he heapeth up riches, and knoweth not who shall gather them. It were wiser of the heaper-up if he got some pleasure of them himself. Charlotte Observer.
