Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour raising a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Peach Tree Top Pruning

The top pruning should be done as soon as the tree is planted, says Bulletin No. 62 of the Delaware Station. There is a great difference of opinion as to the height at which a peach tree should be headed, but the height advocated here is 18 inches from the ground.

This is lower than most trees are headed in the East and is too low for the man who will not prune intelligently every year. It is better to prune the limbs to short spurs with two or three buds than to cut them close up to the trunk.

There are two reasons for this: First, when the limbs are cut to spurs, there is no drying out of the trunk, as there is when the entire limbs are taken off, and secondly, the foliage on the spurs shades the trunk and helps to increase its size and strength.

The more foliage distributed along the trunk, the better should be its growth. It is well to examine the tree occasionally during the season and pinch back the shoots wherever necessary to maintain a symmetrical form.

Judge Parker's Ouster

The news of Judge Parker's nomination, was brought to his mother by a representative of the Associated Press. Tears welled to her eyes and for the moment she could not speak. Then she said:

"I had hoped if his nomination was the best thing for the party that he would be named, and now if his election is the best thing for the country, I sincerely hope he will be elected."

She said Judge Parker was a personal friend of President Roosevelt and within a year or two, had made him a visit at his Oyster Bay home.

Mrs. Parker is 80 years old and lives with her daughter, Mrs. Hall.

Roosevelt and War.

Ex-Governor Black in his speech nominating Roosevelt exclaimed: "The fate of nations is still decided by their wars. Peace will come here to abide only when the dreams of children are the accepted charts to guide the destinies of men." In other words: "Prepare for war by making Mr. Roosevelt president. If you want war, you want Roosevelt. If you want Roosevelt, you want war." Well, isn't that about it?—Durham Sun.

What We Breathe.

In the morning when a broad beam of sunshine pours through the window of your sleeping apartment you see countless tiny particles floating along the path of the sunlight; but the air of the remainder of the room seems entirely clear and pure. Is it? Not at all. There is just as much dust in the air outside that stream of light as there is in it, but it is not visible. So the disease germs in the form of impalpable dust are floating about us as often when we are unconscious of their presence. Our vitality may be strong enough to render them innocuous, or it may not. If it is not we retain our health. If it is not we are attacked with typhoid or diphtheria, or some other malady communicated in that way.—Rochester Democrat.

Two Husbands There.

Mrs. Iza Wesley, celebrated the twelfth anniversary of her first marriage in her home in Utica township, near Jeffersonville, Ky., this week. She is only 27 years old, but has been married three times. Two of her husbands, the first and the third, were present.

The first husband was Sterling Norman, of Boston, who, when he married Miss Tatum, was traveling salesman for a Cincinnati bicycle house. He wished to locate in Cincinnati, but his child wife refused to leave her parents, Mr. and Mrs. Irvin Tatum, of Utica. He left her and a divorce followed.

Meanwhile Mrs. Norman married Robert Stewart, who died in Havana. In due time Mrs. Stewart became the wife of John Wesley. The appearance of the first husband in Utica a few days ago had no effect on the relations of Mr. and Mrs. Wesley, and Mr. Norman was a welcome visitor to their home.

A woman is seldom as strict with her children as she is with her husband.

Lost Pig, Girl and Diamond.

Mrs. Peter Kessler of Belleville, Ill., is anxious as to the whereabouts of a pig, a diamond ring, and a hired girl. She had had the pig and the ring for some time, but the girl was new. The family dined on shelled peas and to be sociable with the new girl Mrs. Kessler went to the kitchen and helped shell them. When she went to her room the ring was missing. She asked the girl if she had seen it, but that functionary had not. It was then taken for granted that the ring had come off into the pea pods and had been fed to the pig. Arrangements were made for a sacrifice, but during the night both the hired girl and the pig disappeared. The matter was reported to the police.
